

1988

THE
FOUR WINNS
STORY

Last year, as one of America's fastest growing independent boat builders, we made a commitment to continuous improvement in our boats, in customer service and in dealer support and training. We said, "good enough isn't good enough anymore", and we applied it to *everything* we did.

The philosophy is working! Outboard Marine Corporation thought enough of our ability to build and market quality boats that they offered to purchase Four Winns. We thought enough of OMC, the world's leading producer of marine propulsion systems, to accept.

It is a marriage of great convenience, opportunity and promise for both companies. Ultimately, the real benefactors will be boaters, as we continue to develop complete marine packages that include a tough, reliable, color matched Four Winns trailer and factory pre-rigged OMC stern drive or outboard power system matched for optimum performance, efficiency and value to a quality-engineered, feature-packed Four Winns boat. Then we back the entire package with boating's best protection plan...the Four Winns exclusive *Winning Edge 3-Year Owner Protection Plan*.*

Boating has always been fun. We're working hard to make it more convenient, satisfying and hassle-free. 

BUILDING BOATS AS IF OUR FUTURE DEPENDS ON IT.

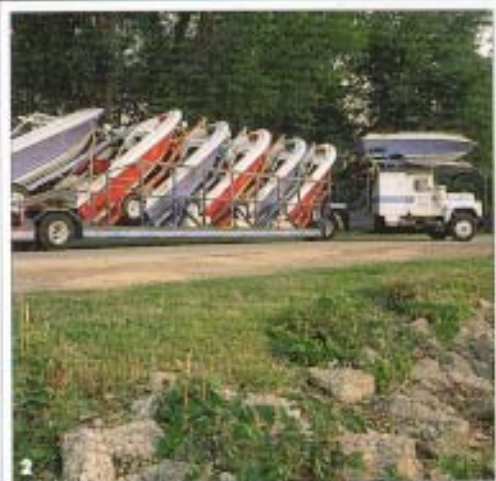

*The Four Winns exclusive Winning Edge 3-year Owner Protection Plan provides a one year limited warranty, followed by two years of extended protection on Four Winns boats and major boat systems, factory installed stern drive power plants and systems, factory pre-rigged Johnson® or

Evinrude® outboard engines and systems, and Four Winns manufactured trailers. It's still boating's best protection plan and its standard on every 1988 Four Winns boat. See your Four Winns Dealer for complete details.

Four Winns is one of the world's leading manufacturers of fiberglass powerboats from 16' to 31'. (photo left) 

1. Technologically advanced OMC Cobra® and OMC King Cobra™ stern drives are available for all Four Winns boats.
2. Boat/motor/trailer packages are expanded for 1988.
3. Four Winns marine products and service are available across the country.
4. Four Winns manufactured, custom, color-matched trailers will be available for many boats.

We broke a few rules to bring you the elegant new 315 and 285 wide-body Vista Cruisers represented on pages 30 through 33 of this catalog.

For decades, fiberglass boats have been engineered one way – build a plug ...strike a mold...lay up deck and hull...then design an interior to fit inside. It's a system that's *not good enough* for Four Winns boats.

Instead, before plugs and molds were completed, full scale mockups of the 315 and 285, called "bucks", were created in plywood on our engineering department floor. Cockpits, cabin areas and engine compartments were defined...seating, cabinetry, instrumentation, engine controls and other dimensional components were constructed lifesize and positioned in the bucks to determine optimum space, comfort, convenience and aesthetics. Once interior norms were established, hull and deck dimensions were adjusted to comply.

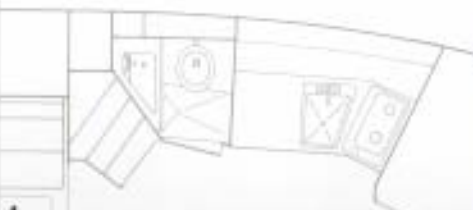

Full scale modeling is just one of several new disciplines we're employing to add value and utility to Four Winns boats. We're deeply committed to parts interchangeability as a way of assuring higher quality components without higher cost. Ergonomic engineering is helping us add precious inches in cockpit areas and eke out more headroom under the deck.

The way we see it, if we don't continue to provide better boats, you're going to look for a better boat builder. ■

MAKING WAVES IN A NO WAKE ZONE.

In our engineering department in Cadillac, MI, innovation is the norm. (photo right) ■

1. Round hatches are a new design concept on our 285 and 315 Vistas.
2. Full scale modeling helped define the 285 and 315 Vista interior dimensions.
3. By assuring that a boat is buildable in the design stage, quality goes up and prices become more competitive.
4. Interior layout is carefully defined before tooling is begun.
5. The Four Winns fleet.

160 FREEDOM

ONE OF A CLASS

The sporty Freedom continues as the price leader of the Four Winns line. It packs more of the out front thinking that has made it a one-of-a-class favorite of first timers and seasoned boaters alike. Entry level boaters will appreciate the Freedom package approach that takes the hassle out of boating. Everything you need to get on the water is there, including a 130 HP OMC Cobra® stern drive, and a custom trailer, color matched to Freedom's lively White/Red or Grey/Mariner gel coat exterior. Freedom, Johnson or Evinrude outboard engine and trailer

packages are also available. Experienced boaters will like the Freedom's chop flattening, easy handling deep-vee hull, generous freeboard and impressive array of standards including an AM/FM stereo cassette, ski eye, underfloor ski storage, portable insulated cooler, adjustable helm seat, convertible top, half teak swim platform and a fully carpeted tri-tone interior with loads of storage space and comfortable seating for up to seven. Best of all, the smartly styled, easily trailered, full-featured Freedom package sports one of the lowest list prices in boating. 

Specifications:

LOA:	16'
Beam:	7'2"
Boat Weight w/128-HP I/O:	1930 lbs.
Fuel:	(I/O) 19 gal. / (O/B) 18 gal.
Power (HP):	(I/O) 128; (O/B) 70, 90, 120 (Johnson or Evinrude)
Passengers:	7 (I/O) / 6 (O/B)

Freedom is a one-of-a-class sportboat with features and performance to appeal to new and seasoned boaters alike. (photo left) 

1. Freedom's half teak swim platform is convenient for water sports.
2. Access the bow via walk-through windshield.
3. Sporty wheel and full instrumentation.
4. Johnson or Evinrude outboard packages also available.
5. Freedom's portable insulated cooler

Cockpit Design Features: ergonomically engineered seating, new coaming boards, integrated instrument housing. 

Standard Seating

180 HORIZON

A GREAT NEW SHAPE IN SPORTBOATING

We knew that any replacement for the highly regarded 170 Horizon ("Best Value", *Powerboat Magazine*, 1986) would have to be better than good. Enter the "better than good" Four Winns 180 Horizon offering innovation everywhere...in the unique design of the integrated swim platform...in the graceful sweep of the sheer line...in the smartly sloping bow with integrated anchor locker...and in the subtle curve of the bent glass windshield. Inside is the roomiest, most functional and stylish sportboat cockpit we've ever engineered.

Fit and trim is exquisite...storage is phenomenal...standard features abound, including a ski eye, ski storage, AM/FM stereo cassette with weatherband, built-in insulated cooler, even a color-coordinated custom bunk trailer. And like all Four Winns boats, the new 180 Horizon is covered by boating's best protection plan...the *Winning Edge 3-Year Owner Protection Plan** covering the deep-vee hull and deck, factory pre-rigged propulsion system and Four Winns trailer. It all comes together to make the 180 one of America's finest runabouts, and one of boating's smartest values. ■

Specifications:

L.O.A.:	18'6" (17'1" transom to bow)
Beam:	7'3"
Boat Weight with 175 HP I/O:	2380 lbs.
Fuel:	27 gal.
Power (HP):	(I/O) 130, 175, 205, (OB) 90, 120, 150 (Johnson or Evinrude)
Passengers:	8
Keel to Windshield Height:	57"
Freeboard:	30"

Major Std Features

- Anchor locker, bow
- Adjustable driver's seat
- Full instrumentation
- Soft-feel sports wheel
- Integrated fiberglass swim platform w/ladder
- AM/FM antenna w/noise suppressor
- AM/FM stereo cassette w/weatherband
- Stainless ski eye (I/O)
- Stainless bow and stern rails
- New colors/graphics
- New carpeting, tri-tone interior trim
- Teak ski storage lid
- Insulated cooler
- Glove box
- Power steering (I/O 175 HP and up)
- Power trim and tilt
- VRO™ oil injection (OB)
- Insulated engine box (I/O)

The 180 Horizon's responsive, quick planing deep-vee hull is propelled by up to 205-HP in stern drive configuration. (photo left) ■

1. The swim platform is stylish and practical.
2. Integrated anchor locker in the bow.
3. Recessed gauge instrumentation and soft-grip sports steering wheel.
4. OB models feature factory pre-rigged Johnson or Evinrude engine to 150 HP.
5. Optional premium sound system.

Cockpit Design Features: ergonomically engineered seating, new coaming board design, integrated instrument housing, increased dimensions sidewall to sidewall, bow to stern. ■

Standard Seating**Brougham Seating**

200 HORIZON

A GREAT NEW SHAPE IN SPORTBOATING

All the plusses we attributed to the 180 Horizon apply to the all new 200 Horizon, as well. It is a great new shape in sportboating, designed to handle like a 19-footer, while providing room and ride comparable to many larger boats. Paying close attention to human engineering principles allowed us to engineer more utility and value into the cockpit. There's a half a foot more space between the sidewalls than in last year's 190 Horizon. Bow to stern dimensions are greater too. Seating has been completely redesigned to provide more support for thighs

and backs. Instrumentation features large gauges positioned for read-at-a-glance convenience. A walk-through bent glass windshield provides access to bow seating that converts to a sundeck with optional fill-in cushions. Inside the bow anchor locker, there's a molded well to hold the anchor, recesses in the lid allow anchor line to be let out even when closed. The 200 Horizon features performance and style to match its intelligent design. With up to 260 HP OMC Cobra® stern drive power, it can run and ski with some of the hottest boats on the water. ■

Specifications:

LCA:	20'9" (19'4" transom to bow)
Beam:	7'8"
Boat Weight w/ 205 HP I/O:	2560 lbs.
Fuel:	44 gal.
Power(HP):	(I/O) 175, 200, 205, 230, 260, 270 ¹ (OB) 120, 150, 175 (Johnson or Evinrude)
Passengers:	10
Keel to Windshield Height:	64"
Freeboard:	33"

¹Only with Brougham Package

Major Std Features

- Anchor locker bow
- Adjustable driver's seat
- Full instrumentation
- Soft-feel sports steering wheel
- Integrated fiberglass swim platform w/ladder
- AM/FM antenna w/noise suppressor
- AM/FM stereo cassette w/weatherband
- Stainless ski eye
- Stainless bow and stern rails
- New colors/graphics
- New carpeting, tri-tone interior trim
- Teak ski storage lid
- Insulated cooler
- Glove box
- Power steering (I/O)
- Power trim and tilt
- VRO²™ oil injection (OB)
- Insulated engine box (I/O)
- Canvas convertible top
- Windshield, bent glass tinted/tempered, walk-through
- Winning Edge 3-Year Owner Protection Plan*

Major Options

- Through hull exhaust w/muffler (V-8 only)¹
- Depth sounder
- Swim platform teak insert
- Fiberglass cockpit liner
- Brougham package (I/O): sun deck, bucket seats; stern couch
- SLX option: tri-tone gel; AM/FM stereo upgrade; courtesy lights; chrome vents; color-matched canvas; chart light/fighter

For a complete list of standard and optional features ask your dealer for the 200 Horizon Feature Flyer

* Ask your Four Winns Dealer for full warranty details, or write: Four Winns Boats, 925 Frable Street, Cadillac, MI 49601

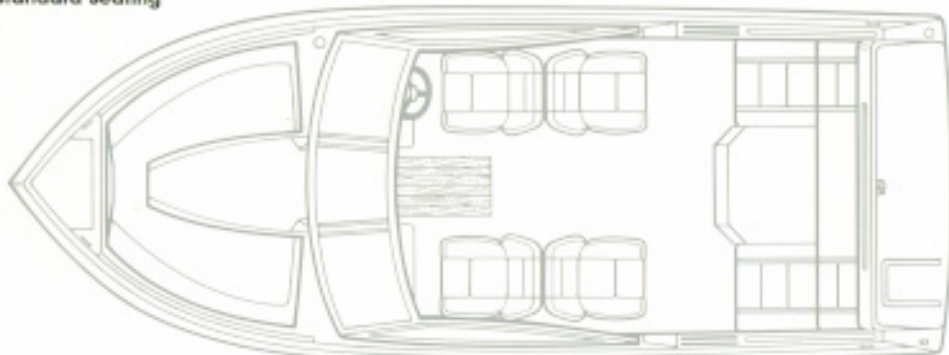

Intelligent innovation like a smart bent glass windshield, and a bow anchor locker with molded anchor well, set the 200 Horizon apart from other open bow sportboats. (photo left) ■

1. Handsome Brougham option offers wide sundeck.
2. Ski locker in the floor has a teak lid.
3. 200 Horizon instrumentation.
4. OB models feature factory pre-rigged Johnson or Evinrude engines to 175 HP.
5. Thoughtful oversize beverage holders in the cockpit.

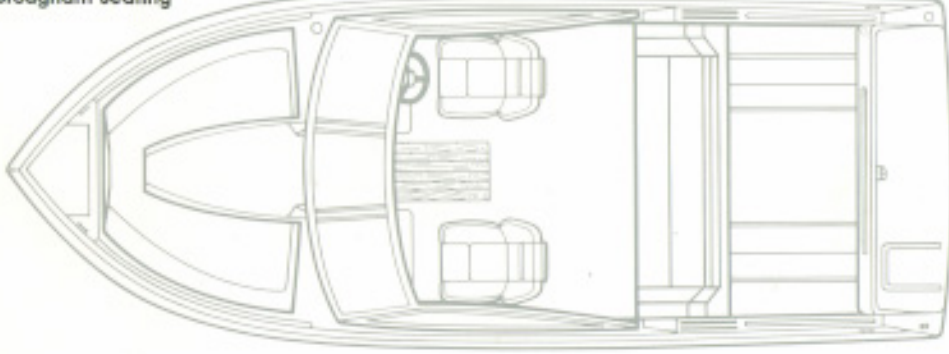

Cockpit Design Features: ergonomically engineered seating, new coaming board design, integrated instrument housing, increased dimensions sidewall to sidewall, bow to stern. ■

Standard Seating

Brougham Seating

210 HORIZON

A GREAT NEW SHAPE IN SPORTBOATING

The best word to describe Four Winns' big, beamy 210 Horizon runabout is "generous". It applies to the smartly styled seating for up to 10. It defines the storage capacity available under the bow seats, in the sidewalls and in the teak covered floor ski locker. And it aptly describes the 210's already lengthy standard content roster which has been expanded to include a digital read depth sounder with light and shallow alarm and an AM/FM stereo cassette with weatherband. Keep the word "generous" and add "forgiving" and you get a pretty graphic picture

of the way the 210's deep-vee hull handles rough water. But perhaps "generous" best describes the terms of the standard *Winning Edge* 3-Year Owner Protection Plan* that covers the hull and deck, engine, stern drive, electrical system, fuel system, power steering, power trim and tilt, and all other major boat and engine systems and components. It's boating's best protection plan, and it's included on the 210 Horizon and every Four Winns boat at no extra cost. When you build boats as if your future depends on it, it's easy to be generous. **■**

Specifications:

LOA:	21'
Beam:	8'
Boat Weight w/260-HP I/O:	2991 lbs.
Fuel:	44 gal.
Power (HP):	(I/O) 175, 200, 205, 230, 260, 270 ¹ , 340 ¹
Passengers:	10
Keel to Windshield Height:	68"
Freeboard:	33"

¹Only with Brougham Package**Major Std Features**

Cockpit Design Features: ergonomically engineered seating, new coaming board design, integrated instrument housing

Standard Seating**Brougham Seating**

This is as good as sport boating gets...the 210 Horizon with its quick planing deep-vee hull, up to 340 stern drive horsepower and space in the cockpit for up to 10. (photo left)

1. Brougham option features large aft sundeck, buckets and stern couch.
2. Full teak swim platform is standard.
3. Soft-feel sports steering wheel frames new instrumentation.
4. Color-matched canvas and tri-tone gel coat are part of the SLX option package.
5. Standard depth sounder.

180 CANDIA

A GREAT NEW SHAPE IN DECKBOATING

The stunning new 180 Candia represents a new approach to deckboating...one that ranks spaciousness, comfort and utility on the same level as style and performance. The wide and deep interior has comfortable, smartly tailored seating for ten...the product of a step pad hull that permits generous freeboard. The conversation pit in the bow includes storage under the seats. Optional fill-in cushions convert the area for sunbathing. An optional Brougham package provides a larger aft sundeck, full-width stern couch and a passenger swivel bucket

seat. Plenty of standards are in position to help boaters enjoy their time on the water. Like a passenger console with built-in cooler... or an AM/FM stereo cassette with weatherband, 4 speakers and an ingenious radio antenna that suppresses engine and motor noise. An optional SLX package adds tri-tone gelcoat colors, a premium stereo upgrade, a depth sounder, color-matched canvas, and more. With the 180's lively color combinations and accents, and spirited stern drive or outboard engine choices, America's inland lakes and waterways are in for another transfusion of beauty and power. ■

Specifications:

LOA:	19'8"
	(18'3" transom to bow)

The 180 Candia... few 18-foot deckboats can offer as much comfort and convenience for up to 10 passengers. (photo left) 

1. Power choices range up to 230 HP.
2. Fill-in cushions convert the bow for sunbathing.
3. Gauges and switches are positioned for easy access by hand and eye.
4. Standard jump seats convert to sundeck. (I/O)
5. Stainless ski eye is standard. (I/O)

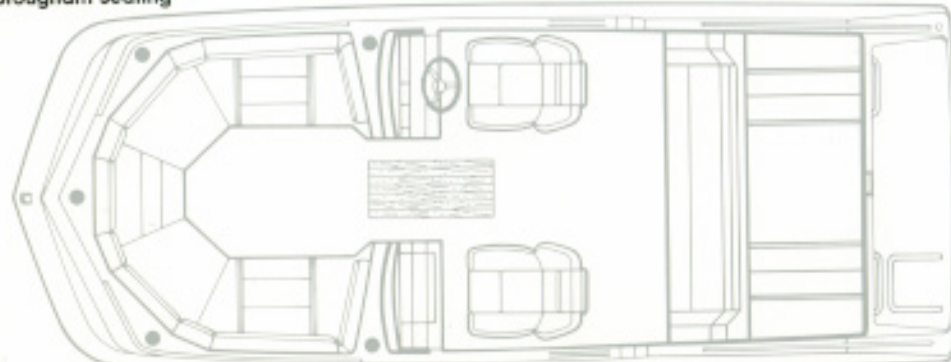

Cockpit Design Features: ergonomically engineered seating, new coaming board design, integrated instrument housing, matching passenger console, increased dimensions sidewall to sidewall, bow to stern. 

Standard Seating

Brougham Seating

200 CANDIA

A GREAT NEW SHAPE IN DECKBOATING

The other half of deckboating's dynamic duo is the popular Four Winns 200 Candia. An all new entry last year, it earned a solid reputation as one of America's premier party boats. Small wonder...with its standard ski tow and V-6 or V-8 power it can pull two skiers, even with a full compliment of 13 adults on board. But don't get the idea we are re-introducing last year's boat. We never leave *good enough* alone. The 200's interior is all new, and includes new design bucket seats built on sturdy molded shells with integrated headrests. Thick side bolsters give

better support to the thighs and lower back. Colors, fabrics and carpets are all new too. New design gauge instrumentation is set off by a soft-feel sports steering wheel. And a standard AM/FM stereo cassette sound system with weatherband and 4 speakers is enclosed in a protective box with a smoked acrylic lid. Storage is outstanding under the bow seats, below the aft sundeck, in the sidewalls, and beneath the floor in the teak lidded ski locker. As with all Four Winns boats, the *Winning Edge 3-Year Owner Protection Plan** is standard. Comforting. 

Specifications:

LOA:	21'7"
	(20' transom to bow)
Beam:	8'
Boat Weight w/205-HP I/O:	3105 lbs.
Fuel:	27 gal.
Power (HP):	175, 200, 205, 230, 260
Passengers:	13
Freeboard:	30"

Brougham Seating

205 SUNDOWNER

AFFORDABLE FAMILY CRUISING

For those of you who want to step out of the runabout class, Four Winns has created an ideal next boat...the all new 205 Sundowner. The stylish integrated swim platform, sporty bent glass windshield, and graceful lines overall reflect a personality inclined towards action and performance. You'll find few cuddys of comparable size at any price as complete and accommodating as the 205 Sundowner. The important amenities are standard...AM/FM stereo cassette sound system (including weatherband), depth sounder, stainless ski eye, full

gauge instrumentation, soft feel sports steering wheel, a passenger console that houses a glove box and a built-in insulated cooler. Handsome plexiglass center entryway doors open on below deck vee-berths that are 7½" longer and 5" wider than in the 195 Sundowner last year. Unique canted seating in the cabin gains 3" of headroom. A wide range of options and availability in stern drive or outboard configuration makes the 205 Sundowner one of the most versatile cuddys you can own...the standard *Winning Edge 3-Year Owner Protection Plan** makes it one the wisest.

Brougham Seating

The all new 205 Sundowner cuddy is a logical step-up for boaters who need a little more practicality than open bow runabouts can provide. (photo left) ■

1. Brougham interior is available.
2. Roomy cabin sleeps plus six-footers.
3. New instrumentation and soft-feel sports steering wheel.
4. OB models feature factory pre-rigged Johnson or Evinrude engine to 175 HP.
5. Plexiglass center entryway to cabin.

215 SUNDOWNER

AFFORDABLE FAMILY CRUISING

In many boaters minds, the 215 Sundowner is ideally sized...big enough to handle coastal waterways...not too big for inland lakes. Like all Four Winns boats the 215 is built tough to provide years of enjoyment and service. Hand lay-up woven roving fiberglass assures a lightweight deep-vee hull of great integrity. Beneath the floor is a fiberglass encapsulated solid wood five stringer foundation. Rigid cell foam flotation fills all the floor cavities. Strong and light balsa core laminated in fiberglass reinforces the deck. Full width and depth fiberglass encapsulated

plywood fills the transom, with extra wood inserted where the engine meets the outdrive. Where the hull and deck are joined, and where stainless steel hardware is attached, wood backing assures that stainless steel fasteners cinch securely. A welded aluminum fuel cell is mounted in the floor and accessible through a removeable panel. These are added value features of the 215 Sundowner and other Four Winns boats that make it possible for us to back them with the exclusive *Winning Edge 3-Year Owner Protection Plan**...boating's best protection plan. **■**

2. Roomy cabin features storage below berths.
3. New sports steering wheel and read-at-a-glance instrumentation.
4. Re-designed standard seating provides more support for thighs and back.
5. Upgrade sound system adds seek and scan, LED clock, 45-W graphic equalizer.

225 SUNDOWNER

AFFORDABLE FAMILY CRUISING

The Four Winns 225 Sundowner has a deckline that gives it the appearance of a small cruiser. And that's just the way many 225 owners use this sporty cuddy. At 22½' with an 8' beam she's a fine big water boat. A 70-gallon fuel capacity provides plenty of range for port or island hopping. A roomy cabin with generous vee-berths and an enclosed head means you don't have to call ahead for room reservations. Deck it out with optional camper canvas, and the cockpit becomes an extra room. The neatly sloping deck has a cabin hatch, a non-slip walk-around

and an integrated bow anchor locker. Of course, when the 225 isn't serving you as a stylish, comfortable home away from home, it does just fine as a big, fast, easy handling family boat for skiing, fishing or other water sports. To help you get maximum enjoyment out of your time on the water we've added some thoughtful standards...like a stainless ski eye, an AM/FM stereo cassette with weatherband, and a digital depth sounder. So in addition to sure handling, outstanding accommodations and great versatility, the 225 packs great value. ■

Specifications:

LOA:	22' 5"
Beam:	8'
Boat Weight w/230-HP I/O:	3529 lbs.
Fuel:	70 gal.
Power (HP):	200, 205, 230, 260
Passengers:	10
Keel to Windshield Height:	82 1/2"
Freeboard:	45"

Major Std Features

- Anchor locker, bow
- Adjustable driver's seat
- Full instrumentation
- Depth sounder
- Soft-feel sports wheel
- Full teak swim platform
- AM/FM antenna w/whistle suppressor
- AM/FM stereo cassette w/weatherband
- Stainless ski eye
- Stainless bow rails
- Deck hatch
- Enclosed portable head

- Trim tabs, hydraulic

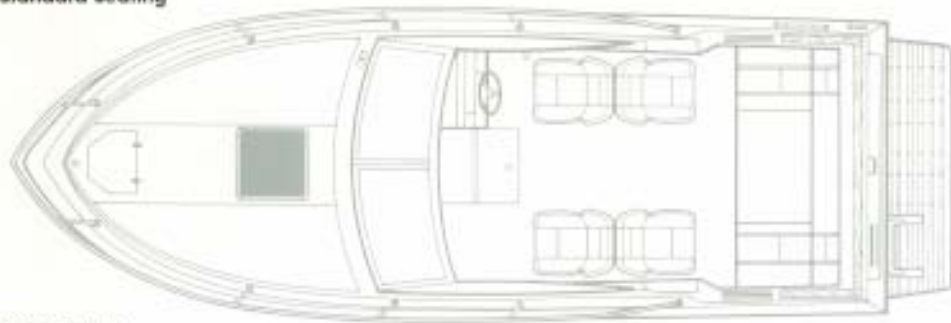

For a complete list of standard and optional features ask your dealer for the 225 Sundowner Feature Flyer.

* Ask your Four Winns Dealer for full warranty details, or write: Four Winns Boats, 925 Friable Street, Cadillac, MI 49601

Cockpit/Cabin Design Features: ergonomically engineered seating, new coaming board design, integrated instrument housing.

Standard Seating

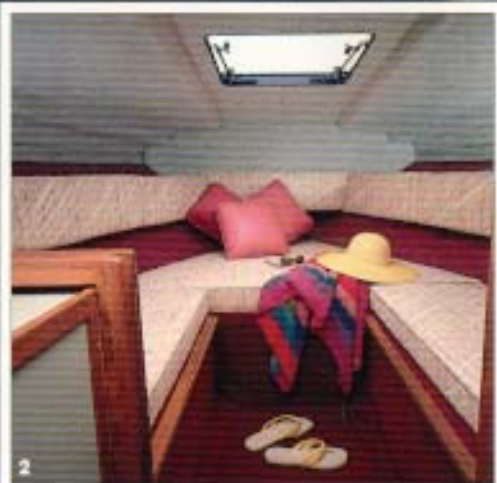

Cabin Interior

An SLX option on the 225 Sundowner includes smart tri-tone gelcoat color combinations, chrome vents and additional cockpit appointments. (photo left)

1. Deep-vee hull and generous freeboard make the 225 an excellent big water boat.
2. Roomy cabin includes an enclosed head.
3. New gauge instrumentation and sports steering wheel.
4. Bow anchor locker has overboard drain.
5. Interior trim features soft vinyls and rich fabrics in subtle combinations.

235 SUNDOWNER

AFFORDABLE FAMILY CRUISING

Our biggest Sundowner is a sure handling performer on all kinds of water. With an 8½' beam on a deep-vee hull that's nearly 24' long, the 235 is able and stable in big water fishing situations. Order an optional fiberglass liner, a helm swivel bucket seat on an insulated fishwell and teak rod storage in the sidewalls and you're set for serious angling. Without the fishing trappings, the 235 Sundowner does just fine as a comfortable family cruising machine. In the cabin there's a work station with sink and ice box, an enclosed head, cabin lights

and a mirror. The roomy cockpit has new seating engineered for greater comfort and support. A special antenna provides clear AM and FM band fidelity for the standard stereo cassette system with weatherband. As in all Four Winns stern drive boats, engine access is quick and easy with a flip-up hatch on the engine box. There's also concealed storage for the canvas convertible top. Other standards you'll appreciate: depth sounder, ski eye, full teak swim platform, insulated cooler, and the exclusive *Winning Edge 3-Year Owner Protection Plan*.* 

Specifications:

LOA:	23'8"
Beam:	8'6"
Boat Weight w/260-HP I/O:	4018 lbs.
Fuel:	100 gal.
Water:	15 gal.
Power (I-HP):	Single 230, 260, 340 Twin 130, 175, 200, 205
Passengers:	10
Keel to Windshield Height:	78½"
Freeboard:	38"

Major Std Features

- Anchor locker, bow
- Adjustable driver's seat
- Full instrumentation
- Depth sounder
- Soft-feel sports wheel
- Full teak swim platform
- AM/FM antenna, whistle suppressor
- AM/FM stereo cassette w/weatherband
- Stainless ski eye
- Stainless bow rails
- New colors/graphics
- New carpeting, tri-tone interior trim
- Insulated cooler
- Power steering
- Power trim and lift
- Insulated engine box
- Canvas convertible top
- Windshield, tinted/tempered, with vented wings
- Winning Edge 3-Year Owner Protection Plan*

Major Options

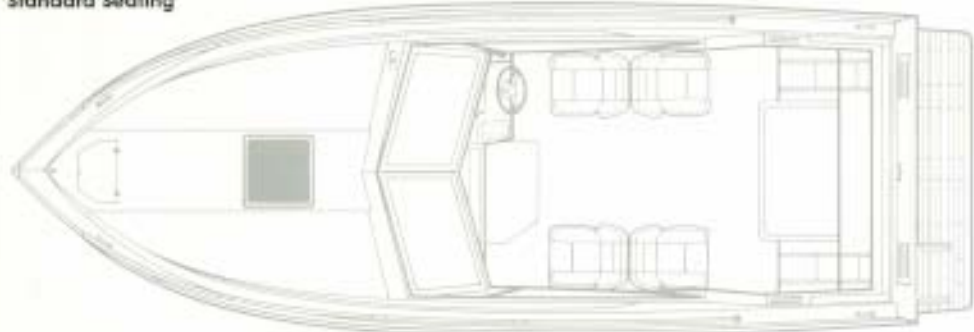

- SX option: tri-tone gel, stereo upgrade, courtesy lights, chrome vents, color-matched canvas, chart light/lighter
- Fiberglass cockpit liner
- Bucket seat; insulated fishwell; teak rod storage
- Trim tabs, hydraulic

Cockpit/Cabin Design
Features ergonomically engineered seating, new coaming board design, integrated instrument housing.

Standard Seating**Cabin Interior**

The 235 Sundowner with an 8½' beam is designed for big water cruising, yet it remains eminently trailerable. (photo left)

1. Sundowner with fiberglass cockpit liner, driver bucket, fishwell, and teak rod storage.
2. Cabin includes a galley with sink and ice box, enclosed head.
3. Wrap-around multi-level helm.
4. Color co-ordinated camper canvas and tri-tone gel are available in the SX-3 option package.
5. Standard digital depth sounder has light and audio alarm.

245 VISTA

AFFORDABLE FAMILY CRUISING

Welcome to one of Four Winns most impressive success stories...Maybe boaters like the 245 Vista's smart tri-tone gel coat styling. Maybe it's the 245's convenient trailerable dimensions. Maybe people feel pampered in a cabin that includes a galley, full head, comfortable V-berths and a spacious aft-cabin. Perhaps boaters appreciate the cockpit layout that includes courtesy lights, a new design driver bucket seat with integrated headrest, self-bailing fiberglass liner, and a larger L-shaped passenger lounge with an optional rotating

mechanism to swivel fore or aft. Maybe its popularity stems from the availability of twin 205 OMC Cobra® V-6's with counter rotating props...or the standard hydraulic trim tabs, hour meter(s) and digital depth sounder. It could be the fact that the 245 Vista, engine(s), sterndrive(s) and all major boat systems and components are backed by the exclusive *Winning Edge 3-Year Owner Protection Plan*.* More likely it's not one of these benefits, but all of them, that caused Four Winns to increase 245 Vista production more than 100% in model year 1987. ■

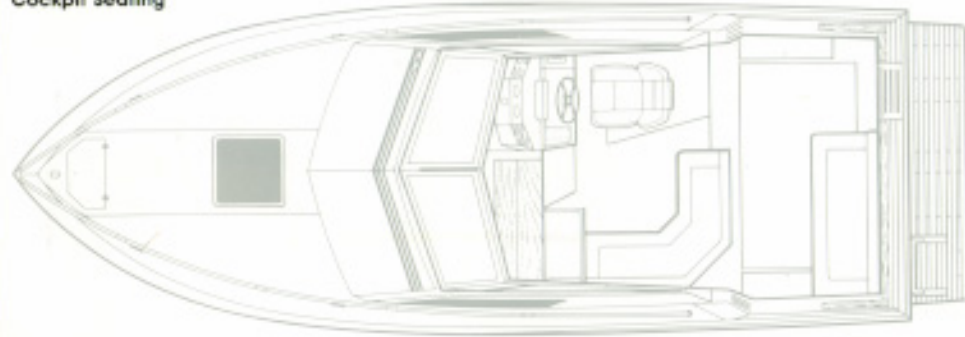

Specifications:

LOA:	23'8"
Beam:	8'6"
Boat Weight w/260-HP IO:	4994 lbs.

- Self-bailing fiberglass cockpit liner
- L-shaped passenger lounge
- Walk-through transom
- Winning Edge 3-Year Owner Protection Plan*

The beamy deep-vee hull and generous freeboard in the 245 Vista Cruiser provide a stable platform for rough water and off-shore cruising. (photo left)

1. Complete cabin is a very nice place to spend a few hours . . . or days.
2. Double berth aft cabin w/screened window.
3. Functional helm.
4. Optional rotating L-shaped lounge.
5. Private head includes vanity, sink, & shower

267 QUEST

THE SERIOUS SPORTFISHERMAN

You don't have to look at the 267 Quest's standard features roster for very long to realize it's one serious fishing machine. The flat and open stern (a 260 H.P. OMC Cobra® stands ready beneath the floor) is surrounded by wide stern rails ready to accept downrigger mounts. Teak brackets for rod storage are mounted in the sidewalls. The fiberglass cockpit liner is self bailing and includes a washdown system. Operator and passenger swivel bucket seats with integrated headrests and bolsters for side support sit atop fishwells. Another fishwell is

located in the transom. Sophisticated instrumentation includes a digital depth sounder with night light and audio alarm. A non-slip walk-around deck accesses a teak bow pulpit surrounded by welded stainless steel bow rails. The full width fiberglass swim platform is standard...a full width teak platform is available. Below deck you wouldn't be quite so sure the 267 was all fish and no play. A handsome galley with alcohol stove, sink, ice box, work counter and storage is portside, opposite the enclosed head. Roomy vee-berths occupy the bow, and there's a single berth mid-ship. **■**

Specifications:

LOA:	26'
Beam:	8'
Boat Weight w/260-HP I/O:	5054 lbs.

Cockpit/Cabin Design Features: ergonomically engineered seating, wide teak stern rails, integrated instrument housing.

Cockpit Seating

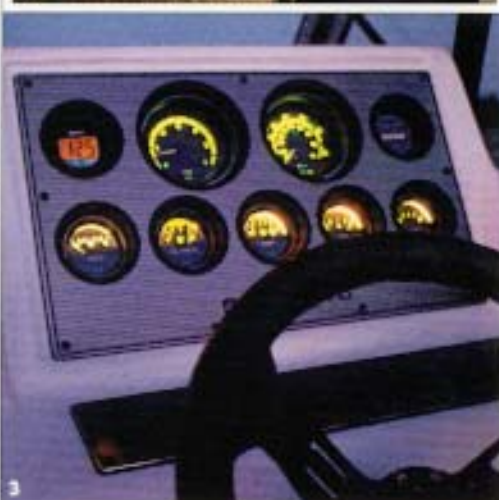

Cabin Interior

Yes, Four Winns builds a big-water light cruiser for serious sportfishermen, and it's aptly called the 267 Quest. (photo left)

1. Self bailing fiberglass liner includes a washdown system.
2. Quest's roomy, comfortable, complete cabin sleeps 3.
3. Instrumentation is complete and easy to access.
4. Standard teak bow pulpit.
5. Standard digital depth sounder.

285 VISTA

A WHOLE NEW VISTA IN WIDE BODY CRUISING

For our first venture into the wide body world we had no intention of introducing "me too" cruisers. So we packed a lot of innovation into the new Four Winns 285 Vista 10' wide by 28'11" platform. Consider the stylish swim and boarding platform, and its uniquely designed swim ladder that doubles as an assist handle. Consider cockpit seating which includes a full width stern lounge, an L-shaped passenger lounge that pivots fore or aft, and an adjustable helmsman's bucket with integrated headrest and side bolsters. Consider a helm arrangement

that groups all the major navigational and engine telemetry in an attractive housing within easy glance, while positioning gauges less frequently monitored separately in a sidewall module. Consider a luxuriously appointed cabin artfully laid out to sleep 6 in fore, mid and aft berths, with accommodating on-board living requirements including a large mirrored wardrobe, a full galley with optional microwave, and a head with stand up shower, mirrored lavatory and vac-u-flush toilet. The 285 Vista is a design calculated to have other cruisers saying "me too"...next year. 🍷

Specifications:

LOA:	28' 11"
	27'5" transom to bow
Beam:	10'
Boat Weight w/in 175-HP I/O's:	9470 lbs.

The sleek, tri-tone 285 Vista with optional radar arch is one of a new generation of quick, agile, wide-body cruisers from Four Winns. (photo left) ■

1. Roomy cockpit has fiberglass liner and transom entry.
2. Aft cabin double berth w/privacy curtain (converts to seating).
3. Very complete head includes linen cabinets.
4. Convenient pass-through window on the bulkhead facilitates contact between cabin and cockpit.
5. Stylish round hatches set off the non-slip deck.

315 VISTA

A WHOLE NEW VISTA IN WIDE BODY CRUISING

Four Winns has an elegant new flagship...the impressive 315 Vista cruiser. It has been engineered differently than other cruisers. The 315 is the product of a measured plan to bring optimum space, comfort, convenience, luxury, utility, efficiency, performance and value to the wide body cruiser class. The results of that ambitious objective will be confirmed when 315 Vista owners have an opportunity to evaluate its design and features and provide vital feedback. We who have built the boat...defined it, designed it, refined it, tested it and described

it...are confident that it will be recognized as a significant marine introduction to modern boating. It is a cruiser of unusual balance, grace and power, moved smartly by twin OMC Cobra® or OMC King Cobra™ V8's with counter rotating props. It is a cruiser with an impressive silhouette set off by smart tri-tone gel coat and graphic accents, a graceful curved windshield and stylish round hatches. It's a cruiser backed by boating's best protection plan...the exclusive *Winning Edge 3-Year Owner Protection Plan*.* It's a cruiser you should consider before any purchase decision is finalized. **■**

Cockpit Seating

Cabin Interior

Innovation is the norm for the elegant new 315 Vista cruiser with berths for six and surprising performance from standard twin counter-rotating stern drives. (photo left) ■

1. Complete galley with optional microwave.
2. Roomy double berth in the fore cabin.
3. Aft cabin with facing lounges (converts to double berth).
4. Unique L-shaped passenger lounge may be pivoted to stern for socializing.
5. 315 Vista instrumentation.

201 LIBERATOR

HIGH PERFORMANCE AND PRACTICALITY CAN COEXIST

As you can see by the sleek lines, and smart tri-tone gelcoat exterior, the new Four Winns 201 Liberator's attitude is definitely hot. But if all it could do is look racy and go fast, it wouldn't be worthy of the name Liberator. The 201 is, in reality, an ideal blend of performance and practicality. On the performance side, burbling through transom exhausts with mufflers say the 201 has arrived. A spirited V-8 that kicks out 270 horsepower will show most other boats on the water a good view of the smart new integrated swim platform. The cockpit fits the

performance image too...sporty swivel buckets with integrated headrests and side bolsters, generous sundeck, bent glass windshield, and a contoured couch. On the practical side, there's remarkable storage under the cabin seats, in the sidewalls and beneath the sundeck. Plus, there's a very useable cabin below entered via plexiglass center entryway, and a thoughtful bow anchor locker can be accessed through the large deck hatch. A premium AM/FM stereo cassette sound system and depth sounder are standard...as is the *Winning Edge 3-Year Owner Protection Plan**. ■

Specifications:

LDA:	20'9"
	19'4" transom to bow
Beam:	7'8"
Boat Weight w/270-HP V-8:	2886 lbs.

Cabin Interior

211 LIBERATOR

HIGH PERFORMANCE AND PRACTICALITY CAN COEXIST

Beyond the 201 Liberator there's plenty of action from Four Winns starting with the rakish 211 below...21-feet of deep-vee sophistication and V-8 action. A stainless prop on the outdrive helps this Liberator jump on plane and stay comfortably ahead of the crowd. Through hull exhaust hints of the power that rests beneath the hydraulically assisted sundeck/engine hatch. This year we muzzled the beast with a standard muffler to cooperate with local noise ordinances. The 211 is one performance boat your friends won't have to wait at the dock for their turn

to ride. Standard Brougham interior seats 6 in the cockpit, with plenty of room for two more in the spacious well appointed cabin. This year, standard content has been upgraded to include a depth sounder and premium sound system with cassette player, weatherband, seek and scan, 45-watt graphic equalizer, LED digital clock and 4 speakers. Tri-tone gelcoat and special graphics are standard. And how many other performance boats have you seen that come with coverage like the exclusive Four Winns *Winning Edge 3-Year Owner Protection Plan**? 

Specifications:	
LOA:	21'
Beam:	8'
Boat Weight w/270-HP VDI:	3021 lbs.
Fuel:	44 gal.

Standard Seating

Cabin Interior

The 211 Liberator looks fast standing still. A stern drive propulsion system with up to 340-horsepower fulfills the promise. *(photo left)* 

1. Liberator is the performance boat for more than 2 people.
2. Below the deck is a very useable cabin.
3. Liberator instrumentation provides all the right stuff.
4. The stern couch is newly designed.
5. Premium sound system has weatherband, seek and scan and more.

241 LIBERATOR

HIGH PERFORMANCE AND PRACTICALITY CAN COEXIST

Liberator is a very unique family of performance boats. The kicks and thrills you expect from V-8 power is at your call. Surprisingly, so is the comfort and convenience you might expect in a cuddy or small cruiser. Nobody blends performance and practicality the way Four Winns does in the Liberator. And no "Lib" expresses it better than the 241. With a single OMC King Cobra™ 460 or twin 350's this one can hold its own with most anything on the lake. With its 8½' beam, deep-vee hull and optional trim tabs (standard with twin engines) it's rigged

to produce great ride and handling on nearly any water surface. The broad beam also contributes to the 241 Liberator's wide, deep and comfortable cockpit, and spacious cabin with many amenities: portable head, indirect lighting, premium sound system, wet bar with ice box, dinette table, decor pillows, and mirror. The 241 Liberator and all the other Libs differ from other performance boats in at least one other major area...the Libs are the one's covered by the Four Winns exclusive *Winning Edge 3-Year Owner Protection Plan**...boating's best coverage at no extra cost. ■

4. Standard bucket seat has integrated headrest and side bolsters.

5. Stainless ski eye is standard.

261 LIBERATOR

HIGH PERFORMANCE AND PRACTICALITY CAN COEXIST

The Four Winns 261 Liberator is the stuff legends are made of. It's the one you know is coming even before you see it...even with standard mufflers the throaty rumble of its Twin V-8's is *that* distinctive. When it comes into view, it's the one you can't take your eyes off of...it's long, lean tri-tone fuselage is *that* compelling. And when you drop into your Four Winns dealer just to "look around", the 261 is the Lib you can't keep your hands off of... it's *that* enticing. If you have the opportunity and privilege to take the helm of a 261 Liberator, don't

waste it. Settle confidently into optional convertible bolster seats that are power operated...turn the key and light a fire under more than 600 horses...snap on the premium audio system, touch the scan and lock in to your kind of sound...cast off, nudge the throttles, and burble your way through the no wake zone. When you're clear...when the lake looms long, silent and empty in front of you...kick in Liberator's awesome power and experience the adventure of your life...it's that exhilarating! The 261 Liberator...it's essence is performance. ■
