

1 9 9 6 F O U R W I N N S

*Buying a boat is not just about lamination
schedules or beam width or degrees of deadrise...*

*Buying a boat is about you. Your wants.
Your needs. Your expectations. After all, it's your
weekend. Your fun. And that's why we build
our boats the way we do.*

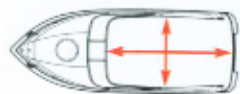

*Sometimes boat manufacturers tend to get so caught up in what they're doing, they forget to tell you why. This year, we set out with one objective. Wherever we show a **FEATURE** (the "what") we also explain its **BENEFIT** (the "why.") In doing so, we hope to emphasize what buying and owning a boat is really all about: It's about style. It's about comfort. It's about convenience. It's about fun. And most importantly...*

It's about you.

A Tradition of Innovation

Moving the helm forward and making the beam wider adds valuable space to cockpit.

FEATURE

Helm forward, broader beam design.

BENEFIT

New Horizon™ and Sundowner™ models (200/205 IOs and up) are more spacious. You get more room where you need it most... without sacrificing bow or cabin space.

FEATURE

Volvo Penta® stern drive power.

BENEFIT

With Volvo's SX Cobra and DuoProp drive come new standards for speed, dependability, handling, durability, performance and a smooth, quiet ride.

FEATURE

Quad-style seats.

BENEFIT

These seats do it all...swivel like buckets...lay down like lounges. More versatility means more value.

Back-to-back

Center facing

Folded down

In the above demonstration, foam cups simulate how clutch cones engage, applying pressure to drive gears.

FEATURE

Cone clutch.

BENEFIT

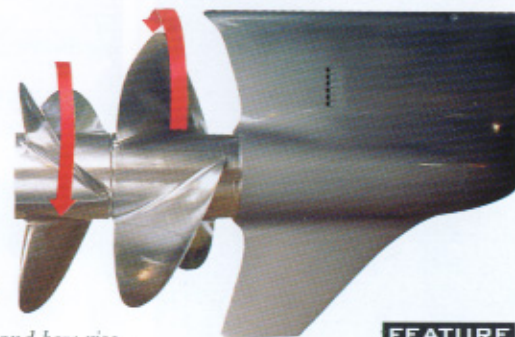

The Volvo Penta-designed cone clutch power delivery eliminates the need for a shift interrupter and intermediate cable. The result is precise shifting and smooth, quiet operation.

FEATURE

DuoProp™ stern drive.

BENEFIT

Reduces planing time and bow rise... maximizes cruising speeds...makes handling more precise...increases fuel efficiency.

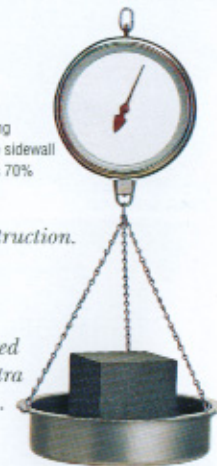

FEATURE

Composite sidewall construction.

BENEFIT

Ultra-strong material offers superb aesthetics and durability...integrated glove box provides an extra measure of convenience...the integrated armrests, additional comfort.

Ultra-strong composite sidewall material is 70% lighter.

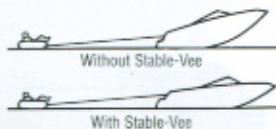

FEATURE

Integrated fender storage.

BENEFIT

Keeps fenders out of the way, yet close-by for quick access at docks.

FEATURE
Patented Stable-Vee® hull.

BENEFIT
Planes more quickly, stays on plane at lower speeds, corners more predictably, improves fuel economy while running and stability while running or at rest.

FEATURE
Automotive-style instruments.

BENEFIT
Instrument module is arrayed for ease of reading and is housed in a glare-reducing dash. Fewer power connections make service/installations easy.

FEATURE
Stereo/cassette with opt. CD player.

BENEFIT
Your music collection (tapes or CDs) are travel with you...each stereo features a vibration absorption system and UV-stabilized speakers...removable single or ten-disc CD player is optional.

FEATURE
Snap-in fanny pack.

BENEFIT
Keeps your keys, wallet, sunglasses and other items handy...and provides a convenient carrying case when you leave your boat.

Exclusive Stable-Vee® hull...often imitated, never duplicated...

It's been three years since we introduced our Stable-Vee hull. Since then, there have been a lot of look- and sound-alikes, but nothing has come close to the performance of Stable-Vee. Stable-Vee gives you more running surface when you need it - when coming up on plane or when towing skiers, for instance. Then, when operating at higher speeds, the stepped design permits the extra running surface to run dry, out of the water, eliminating drag. The bottom line? A boat that planes quickly, corners flat and predictably, and provides great stability while running or at rest.

The world's most advanced stern drives...In January 1995, two great names in marine propulsion, OMC and Volvo Penta joined forces, combining their considerable strengths to create the world's most advanced stern drives. The result is a new breed of SX Cobra™ and DuoProp™ drives - creating new standards for speed, dependability, handling, durability, performance and smooth, quiet operation.

DuoProp and Stable-Vee, they go together so well...Reduced planing time. Increased cruising speeds. Precise handling. Reduced bow rise. Many of the benefits of our revolutionary Stable-Vee hull are also benefits of DuoProp (a stern drive with counter-rotating props). Together, they're simply the best thing going.

EFI...reliable from the very start...You're probably already familiar with the dependability of electronic fuel injection when it comes to starting a vehicle. EFI provides many other advantages including smoother idling and

shifting, reduced emissions, simplified service, smoother and faster acceleration, and improved fuel economy. Four Winns, the company that led the way in bringing you EFI technology, has more EFI choices than ever this year.

Dependable cone clutch power delivery...There hasn't been a non-synchronized manual shift transmission in the automobile industry for nearly 40 years, yet you'll still find this outmoded technology in some competitive stern drives. Every Four Winns stern drive-powered boat features the superior, smooth shifting offered by cone clutch technology.

Now there's even more to love about the Horizon™ and Sundowner™ series...Step aboard the latest versions of our 20' (and larger) sportboats and cuddys, and you'll think you've stepped onto a much larger boat. That's because we've moved the helms forward and made the beams of these models significantly wider. The result is an incredibly spacious and open cockpit, and more boat for your boat-buying dollar.

New windshield gives us a new edge...The rounded frame looks and feels so enticing that you might think we made the change for aesthetic reasons alone. Actually, the new rounded windshield edge added strength, too - making it a beautiful addition to the newly redesigned Horizon and Sundowner models.

Sidewall to sidewall improvements...We are continually looking for ways to upgrade the processes and materials used in the manufacture of our boats. Today, for example, we specify an ultra-strong, lightweight composite material in the sidewalls and engine boxes of select models.

This material reduces weight without compromising strength, durability or rigidity. The aesthetics offered by this material are superb, and its use gives us the freedom to integrate the glove box, arm rests and speaker grilles for the ultimate in form, fit and function.

More seating choices than ever...We make it easy to outfit your boat with a seating plan that suits your boating lifestyle. If you're having a hard time deciding between bucket seats or loungers, consider our new quad seating option (available on select models). These innovative seats can face fore, aft or toward the center for socializing. They can even be arranged back-to-back and reclined, like loungers.

Sensible solutions to the question of where to put the head...The solution may vary, but the result is the same: In every Four Winns boat where it's offered, we make sure that the portable head can be stored out of sight, out of the way - yet in a place that's convenient and practical to use.

Automotive-style helm with printed circuitry instrumentation...In today's Four Winns boats, in place of individually wired instruments, you'll find a full array of analog instruments integrated on a printed circuit board for improved reliability and serviceability. The instrument panel is housed in a smart, glare-reducing dash contoured for ease of use and driver comfort.

Not all features and options are available on all models.

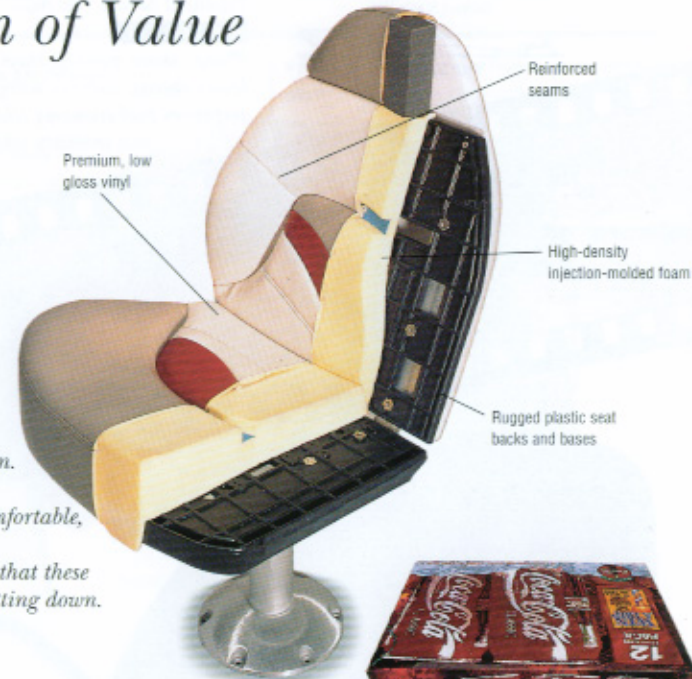

A Tradition of Value

FEATURE

Sumbrella canvas.

BENEFIT

Easy to use, adds to your boat's utility, enhances value.

FEATURE

Duraframe seat construction.

BENEFIT

The dense foam is extra comfortable, the plastic frames are extra durable...the bottom line is that these seats stand up to a lot of sitting down.

FEATURE

Premium vinyl.

BENEFIT

"Memory" helps prevent bunching or stretching out of shape; leather-like feel ensures comfort; fade, stain- and mildew-resistance provide lasting good looks with minimal care.

FEATURE

Cavernous cooler.

BENEFIT

48 cans...plus ice! That's how big our built-in, self-draining cooler is...so you can keep a day's supply of drinks on board for a very thirsty crowd.

FEATURE

Premium Olefin carpeting.

BENEFIT

Resists stains...fights fading...vacuums back to a fresh, like-new appearance.

Multi-level sidewall storage

Anchor locker

Passenger convenience center

In-floor ski/kneeboard storage

Concealed top storage

Recessed storage ledge in bow

FEATURE

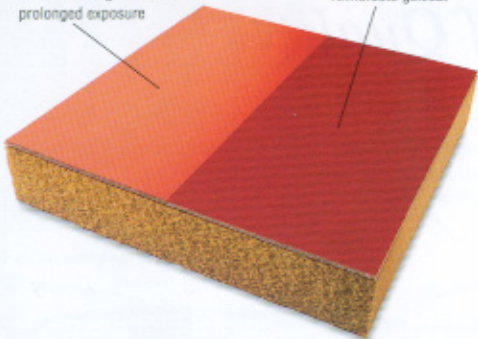

Legendary storage.

BENEFIT

Storage is abundant...access to it is easy...which means everyone can bring what they need for an enjoyable day on the water.

Conventional gelcoat after prolonged exposure

Resin-rich Armorcote gelcoat

FEATURE

Armorcote gelcoat.

BENEFIT

Resin-rich finish protects your investment by retaining more of its original gloss.

FEATURE

Deep-reaching, hidden ladder.

BENEFIT

Ladder extends further into the water to make boarding easy...the hinged hatch makes swim platform fully functional whether ladder is deployed or not.

FEATURE

Underfloor wiring harness routing.

BENEFIT

Wiring is protected...out of sight...out of mind...but when you need to access it...you (or your service technician) will know exactly where to find it.

FEATURE

Custom Sure Load™ trailer.

BENEFIT

Features a low profile for efficient trailering and ease of loading/unloading...is color-matched to your

boat to make a good-looking tow package...is custom-built by us for years of reliable service.

FEATURE

Four Winns video catalog.

BENEFIT

Get a closer look at the boat of your dreams...ask your Four Winns dealer for the video of your boat-to-be.

The Four Winns ladder...the best keeps getting better...The Four Winns swim ladder has long been the standard by which other swim ladders are judged. This year, the standard was raised when we developed an even deeper-reaching ladder, adding a tough, white nylon coating. The new ladder is recessed into the swim platform, where a hinged hatch makes the entire swim platform fully functional whether ladder is deployed or not.

Large capacity coolers hold a day's supply of drinks for a crowd...A built-in cooler that drains overboard...it was such a great idea that now virtually every boat has one. On Four Winns boats, you'll find that the cooler concept has been greatly expanded with coolers on some models now capable of holding at least 48 12-ounce cans - plus ice!

Seats made with plastic frames and denser, injection-molded foam filling...Four Winns bucket seats, lounges and new quad-style seats are made from injection molded foam. Fewer pieces mean fewer opportunities for breakdown...denser foam means greater comfort...and plastic seat frames mean that our seats will stand up to all your sitting down.

Good news for boaters...the Four Winns fanny pack...Once in a while, an idea comes along that's so simple, yet so brilliant, you wonder why someone didn't think of it long ago. In this case, the idea was a soft-sided storage pack you can take with you when you need a place to tote keys, sunglasses, wallet and other essentials.

Fade-fighting, easy-care Armorcote™ finish...Armorcote, the brand of gelcoat we use, is specifically formulated to resist the effects of exposure so that, with minimal care, you can expect your boat's good looks to last for years to come. Few other manufacturers use this premium product, still fewer use it on both hull and deck.

Vinyl that remembers...The vinyl on Four Winns seats and sidewalls not only looks smart, it is smart. It has "memory" which keeps it from bunching, gathering or stretching out of shape. It's also fade, stain- and mildew-resistant. It looks and feels like leather, but wipes clean with soap and water.

Carpet that forgives and forgets...Our handsome, stone-colored 22-ounce carpeting has a very forgiving nature. We specified a carpet that could deal with reality. That meant lots of traffic, and yes, an occasional spill. The carpeting we chose has stain-fighting Olefin fibers plus fade-fighting UV-protection. Its cut pile style can be trampled... then vacuumed...and it looks like new.

Color-coordinated, custom-sewn, UV-stable Sunbrella canvas...

You're out on your boat. You reach for the canvas. It's right there, in its designated storage area. The snaps snap. The zippers zip. It goes together in seconds. It fits like a glove. It looks darn good. Sounds simple? It should be. And with Four Winns canvas systems, it is. Sunbrella is the breathable, durable brand of canvas we've chosen to protect your investment and add function and value. Patterns are custom fit and sewn at our factory. A number of different canvas tops are available to suit your way of boating. See page 53.

Factory-prepped for depth sounder/ fish finder...Four Winns makes it easy to install depth sounder or fish finder by premounting a transducer in the hull of most models - flush with the bottom, where it belongs - in case you want to add these features.

Maxxima marine stereo systems...We understand the strong appeal of sound waves on the water, so we are happy to offer a variety of marine grade stereo systems by Maxxima Marine. Base stereo includes an AM/FM receiver and cassette. CD player options are available on most models, including the 10-play changer with slide-out sleeve and remote (available on Vista models). Each stereo features an anodized chassis, vibration absorption system, and UV-stabilized, flush-mounted speakers.

Storage...a bonus you'll appreciate every time you use your boat...Four Winns' reputation for storage is legendary. Multi-level sidewall storage runs the length of the cockpit, gobbling up gear along the way...a cavernous storage compartment, accessible through a wide lid in the middle of the cockpit floor is convenient, yet completely out of the way...in the bow area, there's a recessed storage ledge as well as dry storage compartments beneath the seats...the anchor locker features an anchor cradle and plenty of space for line...storage behind the engine compartment keeps the canvas close at hand...in some models, there are large dry storage compartments and optional, integrated fender storage areas in the port and starboard consoles.

Not all features and options are available on all models.

A Tradition of Quality

Hinged ski and kneeboard locker
Stain-shrugging carpeting with Olefin fibers

Hidden speakers
Multi-level sidewall storage
Composite sidewall construction

Adjustable folding lounge seats with high strength plastic frames and high density molded foam
Stain, fade- and mildew-resistant vinyl

Self-draining cooler
Glove box
Assist handle

Wrap-around safety glass windshield with walk-through

Stainless steel fasteners
Storage under bow seats
Through-bolted, aluminum-backed hardware
Welded stainless steel rails

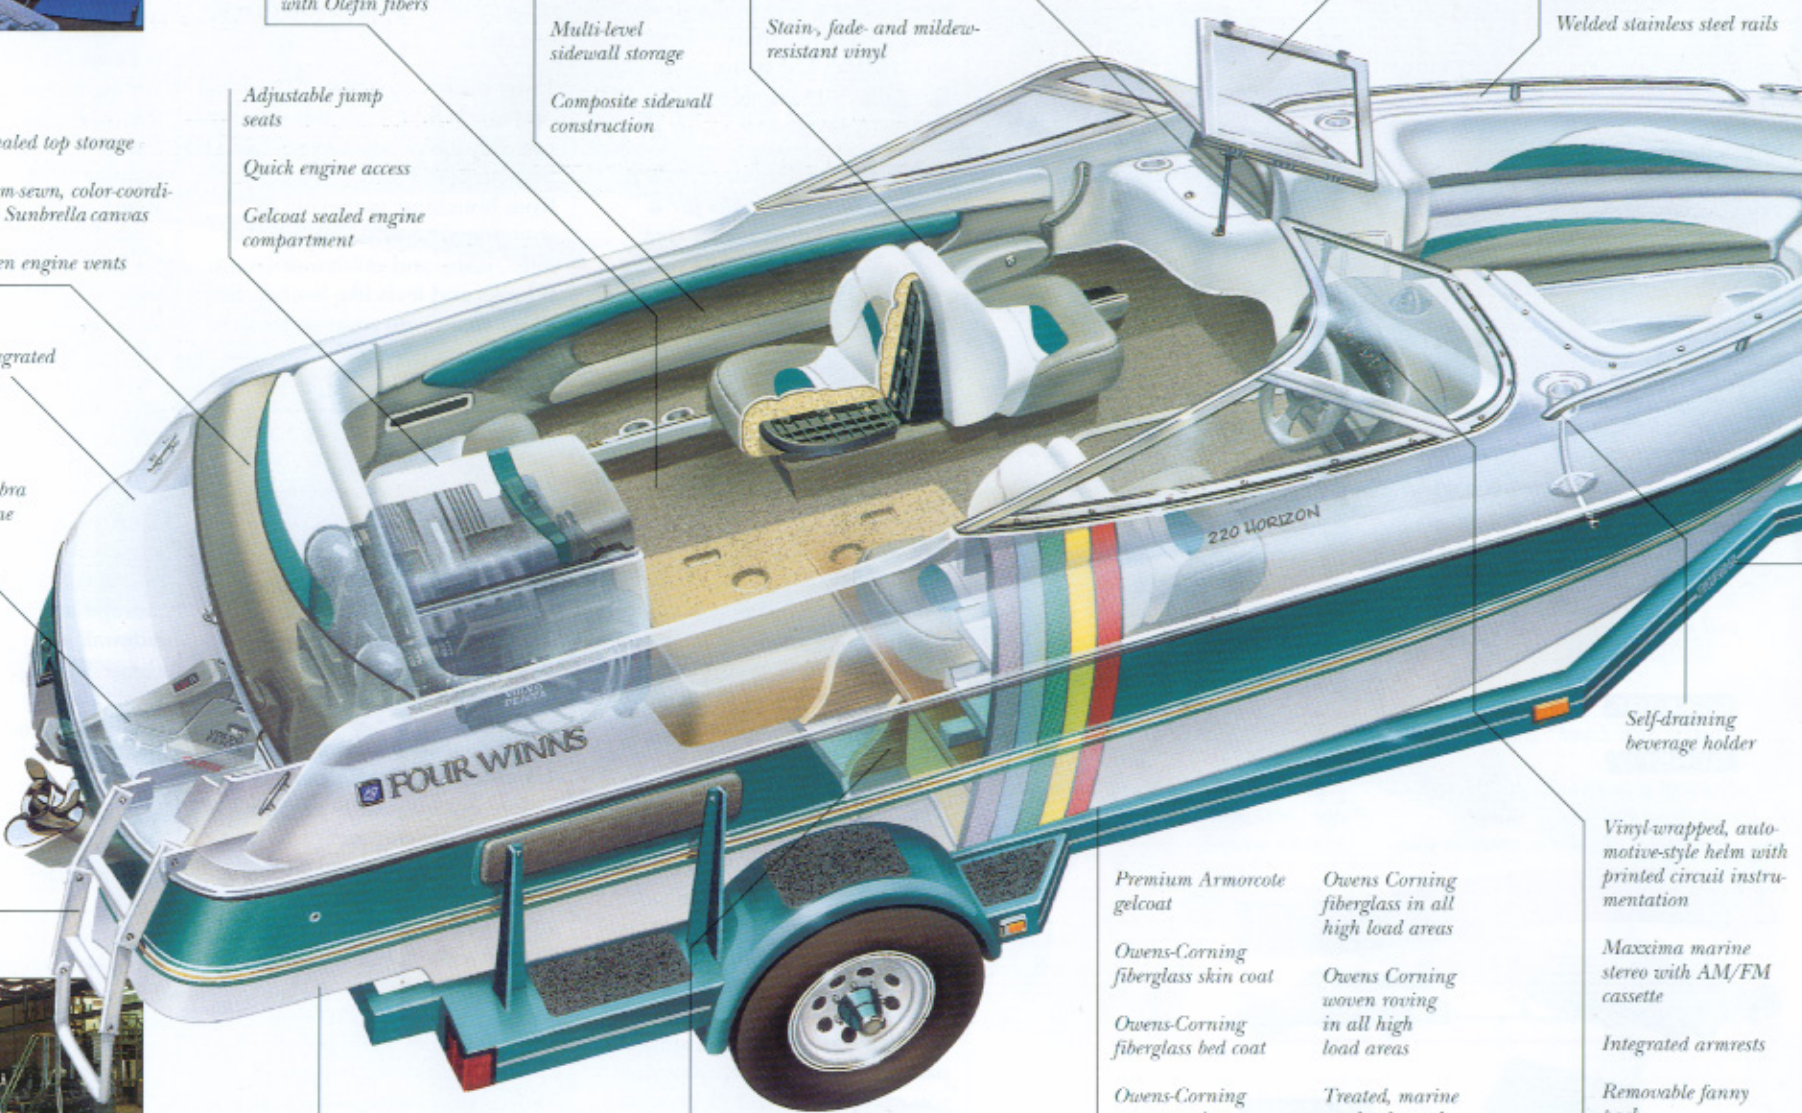

Adjustable jump seats
Quick engine access
Gelcoat sealed engine compartment

Concealed top storage
Custom-sewn, color-coordinated Sunbrella canvas
Hidden engine vents

Full width integrated swim platform with ski eye

Volvo Penta SX Cobra stern drive with cone clutch and EFI

Nylon-coated deep reaching ladder with hatch

Patented Stable-Vee® hull
Transducer mounted in hull simplifies installation of depth sounder, fish finder

Owner Protection Plan on
stern drive models (ask
your dealer for details)

Four Winns-manufactured, custom
Sure Load® trailer with heavy-duty
steel frame and rugged, 3-step finish

All boat systems including
the stern drive or turbine
power are tank-tested prior
to shipment

2-year stern drive owner
protection

Four Winns' reputation for quality
has made it one of the most sought-
after brands in the world. Our concern
for quality extends beyond the
construction of our boats and
beyond the sale of our boats...

Four Winns dedication to quality
extends all the way to you, our customer,
and is exemplified by our full parts
and accessories inventory...rapid parts
turnaround...owners manual for every
boat...and extensive training programs
for dealer service personnel.

Photos (clockwise from top left):
A designer reviews the CAD drawing
of a Four Winns hull; another Four
Winns boat under construction at our
Cadillac, Michigan production facility;
boats are shrink-wrapped for protection
during delivery to a Four Winns dealer;
Four Winns Sure Load trailers are
custom-built on factory premises.

Quality from the outside in...As
you may know, fiberglass boats
are built from the outside in. To
build quality boats, you must
begin with quality molds, such as
ours, which are artfully crafted
and meticulously maintained.
From there, we use quality materials
and processes – many of which
are detailed in the photo illustration
at left.

**Four Winns hulls and
decks...sea-solid construction for
a long and carefree life...**Four
Winns boats are built to last.
Quality construction is a difference
you'll value as long as you own
your boat. And, if you should
ever decide to trade-in or up,
you'll find resale values high and
demand for our products strong.

**Our stainless steel...a shining
example of extra value...**The
stainless we use meets the stringent
demands of the European marine
markets, where saline contents are
higher. Cleats, ski eyes, bow rails
and other hardware pieces are bolted
to metal washers for strength and
durability.

Tidy wiring harness routing...
Among the significant improvements
we've made in recent years is the
routing of wiring harnesses under
the floor, utilizing a conduit, where
it is out of sight and out of harm's
way. Best of all, all the wires are
readily accessible and their location
is known, making electrical items
easier to add.

**Design, engineering and testing...
the origins of Four Winns quality...**
Four Winns maintains separate
facilities for the design, engineering
and testing of our products. It is
at these facilities that the best of
our ideas come to

life. Real life. This is where we
marry the creativity of a crew of
engineering boaters, the wizardry
of CAD imaging, and the reality
of on-the-water testing. So that by
the time the product gets to you it
looks, and works, the way you
want it to.

**Boats are shipped ready for you
to enjoy on day one...**We
maintain test tanks where boats are
thoroughly checked prior to
shipment. Once all systems have
been inspected and the engine has
been run, your boat is shrink-
wrapped for protection during
transport to your Four Winns
dealer.

**Four Winns quality is within
reach...**As you move up to the
larger Horizon and Sundowner
models, you'll notice the features
and options lists getting significantly
longer, too. Similarly, we're offering
the smallest boats in these series
with all of the quality of a Four
Winns yet in a package designed
to be affordable to all boat buyers.

**Don't underestimate the value
of our color-coordinated, custom-
built Sure Load™ trailer...**
Please don't take our word for it.
Go to any busy boat launch. Watch
the Four Winns boats go in and
out. Quickly. Effortlessly. And note
how other boaters struggle and
strain. Then remember: When you
buy a Four Winns boat, you are
also buying a Sure Load trailer.
It is unequivocally the best trailer
you can buy. And it comes
standard with all Four Winns
boats except Vista models, where
it is a highly recommended,
often requested option.

**Low-profile for easy on/off and
better fuel economy...**The reason
a Sure Load trailer is so easy to
load is that it is literally designed
for the hull it carries. Its low profile
minimizes wind resistance and
makes it easy to float or drive the
boat off and on at ramps.

**To anyone who says they have a
better trailer, we say "bunk"...**
Carpeted "bunks," not rollers,
gently guide the boat into the
right position and cradle the hull
at its strongest points, beneath its
stringers. You can easily glide or
drive the boat nearly all the way
on the trailer, leaving just a few
inches of "winch work." The winch
strap is strong and flat, like a
seatbelt, so it won't bind up. There's
an easy-to-manuever jack mounted
near the tongue that flips up when
the trailer is attached, and readily
flips down to support the boat when
stored. Frames are constructed from
heavy-duty, tubular steel, protected
by a zinc chromate primer and two
coats of color-matched polyurethane
paint.

**A feature so smart, it leaves the
competition tongue-tied...**Besides
being easy to use, Sure Load trailers
are easy to live with. The tongue
of the trailer can be removed,
reducing its length to less than the
boat – important if you have a small
garage or parking space. This
unique feature offers an added
measure of security and safety, too.

*Not all features and options are
available on all models.*

FLING

*Wide open throttle...
crank the wheel...this is the closest you
can come to being a wave.*

Compare Fling™ to other jet-powered craft and you'll find that it's considered by many to be the best

value and all-around performer in its class. How does Fling give you more fun for your money? Awesome acceleration that pulls a skier up quick-

ly...nimble handling...confident cornering that puts drivers and passengers at ease...and options, such as

fishing seats, a ski pylon and bow fill-in cushion.

115-hp Turbojet power pulls a skier with ease.

Helm with optional stereo.

Major features

- Award-winning Stable-Vee® hull
- Custom Sure Load® trailer
- Fade, stain- and mildew-resistant vinyl
- Fade-fighting Armorcote finish
- Roto cast seat construction

- Integrated swim platform w/ladder
- Passenger assist handles
- Portable cooler
- Auto. bilge pump
- Beverage holders
- Stainless steel cleats (4), ski eye
- Transferable Winning Edge™ Owner Protection Plan*
- Self-bailing fiberglass cockpit

- Storage: engine compartment; under bow seat; in front of helm

Major options

- AM/FM stereo w/cassette
- Fishing chairs
- Floor storage locker
- Bow fill-in cushion
- Ski pylon

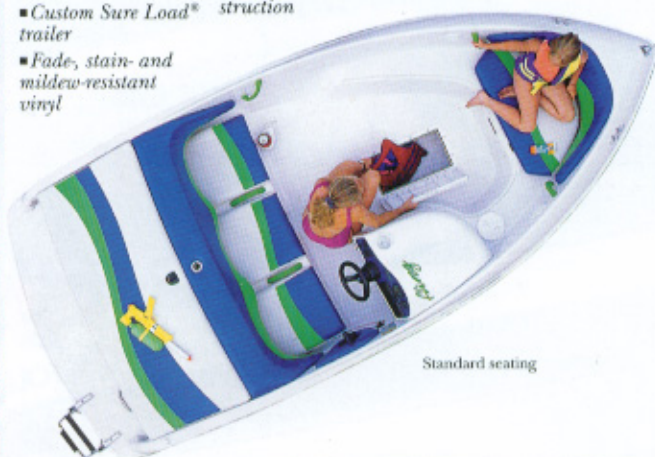

For a complete list of standard and optional features please see matrix inside back cover.

Optional removable fishing chairs.

Integrated storage compartment.

Standard seating

Optional Bimini top and bow fill-in cushion.

Optional in-floor storage locker.

Drive-Away Package

Fling tows easily behind an average car. For details about the Sure Load trailer, see page 51.

OMC JOHNSON & EVINRUDE OUTBOARDS

The Four Winns fleet of outboard-powered models have a fabulous feature you won't find on any com-

petitive brand: the exclusive and outstanding performance of a Stable-Vee® hull. Choose from six outstanding open bow or cuddy

models powered by Evinrude® or Johnson®, the best-known names in outboard power. Teleflex hydraulic steering is standard on outboards

130-hp and above and is available on outboards 115-hp and less.

Full width stern couch is standard on all outboard models.

Center section removes, leaving wing seats.

170 Horizon outboard with optional Fish & Ski package.

Storage and battery access beneath stern seat.

- AM/FM stereo w/cassette
- In-floor kneeboard/ski locker
- Integrated swim platform
- Deep access ladder
- Multi-level sidewall storage
- Sunbrella canvas convertible top w/concealed storage
- Passenger assist handles
- Passenger convenience center w/cooler
- Auto. bilge pump
- Beverage holders
- Stainless steel cleats (4), ski eye
- Transferable Winning Edge™ Owner Protection Plan**
- Walk-through windshield
- Stainless steel bow rails

Major features

- Award-winning

- Fade-fighting Armorcote finish

Removable fishing chair.

Removable trolling motor is included with optional Fish & Ski package.

Major options

- Teak ski/kneeboard locker lid

FISH & SKIS

*Water's smoothest along
the eastern shore...fish are biting in the
shadows to the south.*

Four Winns makes it easy to enjoy the popular pastimes of fishing and waterskiing (or tubing). The Stable-

Vee® hull is matched with reliable Johnson® or Evinrude® outboard or Volvo Penta power. In outboard-powered models, the couch at the stern

removes easily, improving fishability, and the ski pylon mounts ahead of the motor, improving skiability. Side

windows remove when you need to retrieve skis or land a fish.

Available stern drive-powered 190 Fish & Ski with optional graphics package.

Side windshield panels can be removed.

- Duraframe seat construction
- AM/FM stereo w/cassette
- In-floor kneeboard/ski locker
- Integrated swim platform
- Deep access ladder
- Multi-level sidewall storage
- Sunbrella canvas convertible top w/concealed storage
- Passenger assist handles
- Auto. bilge pump
- Beverage holders
- Stainless steel cleats (4), ski eye
- Transferable Winning Edge™ Owner Protection Plan*
- Built-in cooler
- Walk-through windshield

Removable fishing chair and trolling motor.

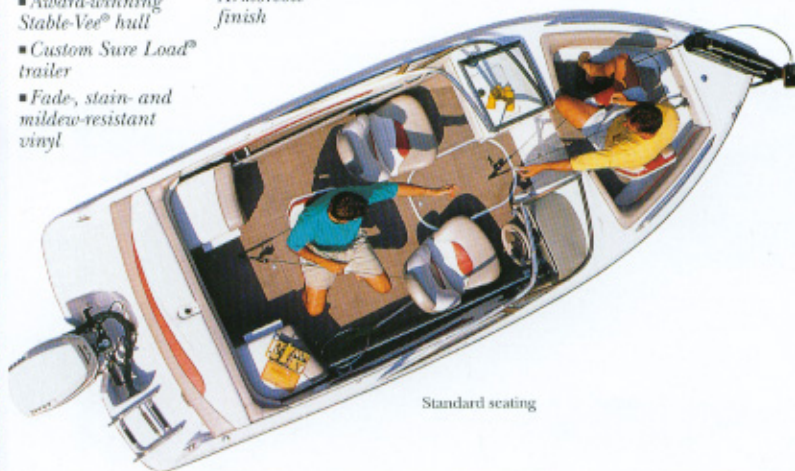

Fishing chair storage underneath removable stern couch (OBs).

Major features

- Award-winning Stable-Vee® hull
- Custom Sure Load® trailer
- Fade, stain- and mildew-resistant vinyl

- Fade-fighting Armorcote finish

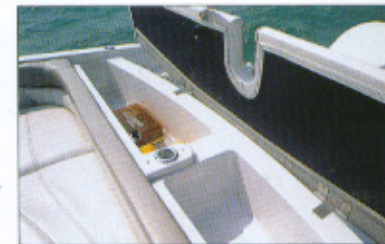

Standard seating

Major options

- Graphics package
- DL package (170)
- DLX package
- Fish finder, Lowrance
- Fiberglass floor liner (190)

- Bow carpeting
- Cockpit table (190)
- Walk-thru door (190)
- Teak ski/kneeboard locker lid

For a complete list of standard and optional features please see matrix inside back cover.

Integrated dry storage compartments.

203 COAST RUNNER

*Trolling along...
waiting for a downrigger to release, telling us
that our secret weapon has worked again.*

The 203 Coast Runner™ (shown at left with two-tone gelcoat) is a full-featured fishing boat that provides

big water performance and family-friendly versatility. Designed to meet the wide ranging needs of boaters who frequent big coastal waters, the

Coast Runner comes loaded with a full complement of fishing features and can be outfitted with a variety of

optional equipment to suit your fishing needs.

Coast Runner is powered by a 130- to 200-hp Johnson or Evinrude outboard engine designed for offshore use.

Helm includes space for optional depth sounder, fish finder, compass.

- AM/FM stereo w/cassette
- Anchor locker w/anchor cradle
- Integrated swim platform
- Deep access, nylon-coated ladder
- Automotive-style instrumentation
- Courtesy lights
- Passenger assist handles

- Passenger convenience center w/cooler
- Auto. bilge pump
- Beverage holders
- Stainless steel cleats (4), ski eye
- Welded stainless steel bow rails
- Transducer built-in for opt. depth sounder/fish finder

Convenience center (glove box, cooler, cutting board) and dry storage compartment.

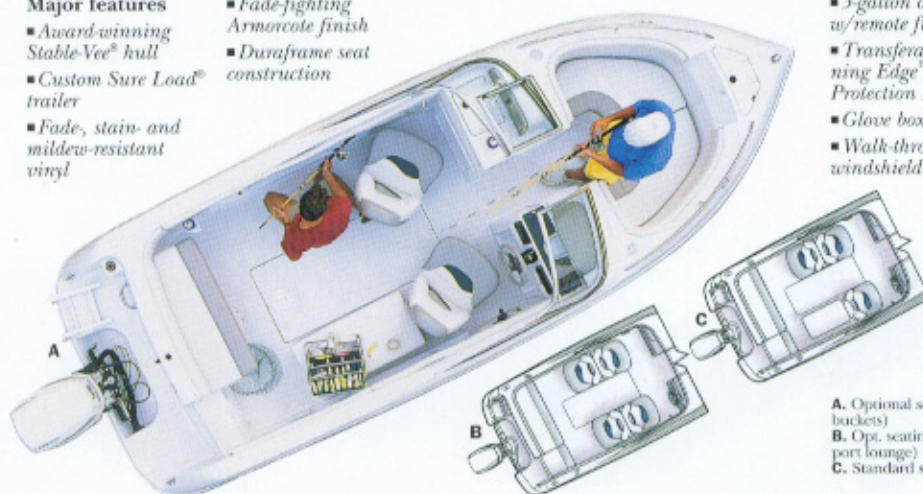

Stern couch removes for unencumbered fishing.

Major features

- Award-winning Stable-Vee® hull
- Custom Sure Load® trailer
- Fade, stain- and mildew-resistant vinyl

- Fade-fighting Armorcole finish
- Duraframe seat construction

- 3-gallon oil tank w/remote fill
- Transferable Winning Edge™ Owner Protection Plan*
- Glove box
- Walk-through windshield

- Companionway storage compartments
- Self-bailing fiberglass cockpit
- Split, folding, removable stern lounge
- Sidewall storage for 6 rods
- Extra wide flat top gunwales
- Transom entry door

Major options

- Graphics package
- Transom washdown
- Compass
- DLX package

- A. Optional seating (dual buckets)
- B. Opt. seating (sthd. or port lounge)
- C. Standard seating

Fishwell (or optional aerated livewell) with padded top. Standard sidewall rod storage.

- Bow cushion
- Flush-mount rod holders
- Cockpit carpet

Drive-Away Package

200 HORIZON

*Almost time to make my next cut...
the new ski feels great...
and I have two hours of daylight left.*

It has fluid new lines in the hull and deck...precious inches of added space in the cockpit, thanks to ingenious helm forward design...and

an appreciably wider beam. A step up in size to the 200 Horizon™ sportboat not only means a stylish new look and spacious new feel,

it also means you get more of everything that has made this our most popular series: more comfort, more convenience, more choices, includ-

ing optional DuoProp™ stern drives. Of course, there is one thing that hasn't changed...the inimitable performance of Stable-Vee®.

Power choices include SX Cobra or DuoProp stern drives with available electronic fuel injection.

Port side console includes large capacity cooler, glove box, beverage holder.

- Fade, stain- and mildew-resistant vinyl
- Fade-fighting Armortec finish
- AM/FM stereo w/cassette
- Anchor locker w/anchor cradle
- Integrated swim platform w/hidden ladder
- Multi-level sidewall storage
- Automotive-style instrumentation
- Soft-touch helm w/vinyl-wrapped dash
- Sunbrella canvas convertible top w/concealed storage
- Fanny pack
- Composite sidewall construction w/integrated arm rests, glove box

Multi-level sidewall storage gobbles up gear.

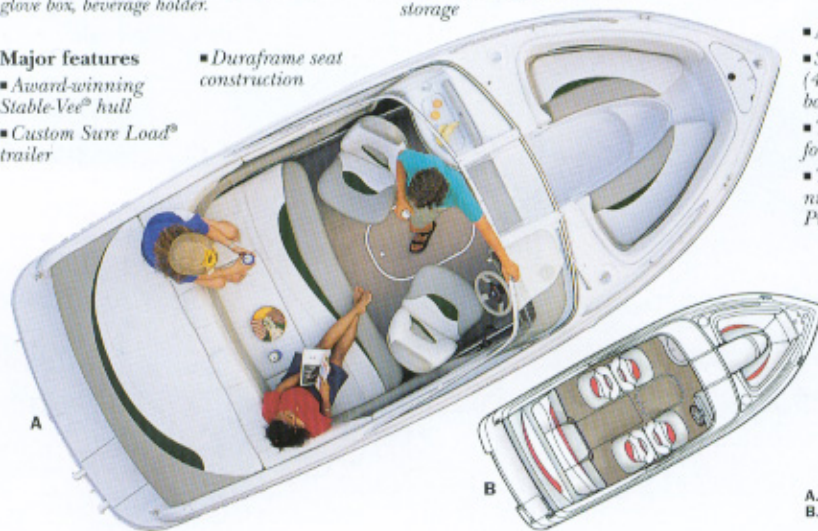

Optional bow fill-in cushions.

Major features

- Award-winning Stable-Vee® hull
- Custom Sure Load® trailer

- Duraframe seat construction

- Auto. bilge pump
- Stainless steel cleats (4), ski eye, welded bowrails
- Transducer built-in for opt. depth sounder
- Transferable Winning Edge™ Owner Protection Plan*

- In-floor knee-board/ski locker
- Large capacity built-in cooler
- Integrated bow steps
- Walk-through windshield

Major options

- Graphics package
- Transom shower
- Compass
- Thru-hull exhaust
- DLX package
- Fender storage
- CD player
- Fiberglass liner
- Bow carpeting
- Fish finder

Jump seats can be removed (as shown) or raised to form a sun lounge (not shown).

- Hour meter (10)
- Tilt steering (10)
- Cockpit table

220 HORIZON

Saturday, 10 a.m.

*Not a cloud in the sky. Not a ripple on the water.
And not a Monday in sight.*

There's more to love about this year's 220 Horizon™ sportboat...a longer length...a wider beam...

exciting new seating options... and more power choices than ever before. The 220 features its own elegant new look. And like all Horizon

models, the 220 boasts a lengthy list of standard features, and an impressive list of options including wood-grain helm enhancements, wave

graphics package, CD player...integrated fender storage...and much, much more.

220 Horizon (Sun Sport shown) is available with Volvo Penta® power up to 330hp.

Vertical ski storage beneath sun deck (SS).

Major features

- Award-winning Stable-Vee® hull
- Custom Sure Load® trailer
- Fade, stain- and mildew-resistant vinyl
- Fade-fighting Armorcote finish

240 HORIZON

*Ship's log...made harbor by midday,
chatted with the fishing crews...decided to stay
in town for a whitefish dinner.*

What should you expect from this, the largest of the best-loved sport boat series in the world?

A lot. Six inches longer and two inches wider than last year's model, the 1996 240 Horizon™ is great for cruising big water...or small water

with a big crowd (up to 12 passengers). The port side console was built to please - with a cooler, beverage holders, storage, optional

sink...and a new enclosed head compartment with optional port window.

The 240 gets its penchant for performance from Volvo Penta power up to 330-hp.

Enclosed head compartment.

- Multi-level sidewall storage
- Automotive-style instrumentation
- Soft-touch helm w/vinyl-wrapped dash
- Sunbrella convertible top w/concealed storage
- Courtesy lights
- Fanny pack
- Passenger assist handles

214 CANDIA

*The first official day of summer...
16 hours of daylight...and a sunset that
was worth the wait.*

For those who appreciate the comfort of a sport boat and the spaciousness of a deck boat, Candia™ is the perfect solution. The cockpit

provides plenty of room for sunning and socializing, with room for still more passengers in the bow. There's ample storage beneath seats, under

the floor, in the sidewalls and in the port and starboard consoles. The outstanding performance of the Volvo Penta™ power (including EFI

and DuoProp™ choices) make this the one boat capable of satisfying all your boating dreams.

Optional port lounge is convenient for spotting skiers.

Bow seating area and optional windshield.

- In-floor kneeboard/ski locker
- Integrated swim platform w/nylon-coated ladder
- Multi-level sidewall storage system
- Automotive-style instrumentation

A. U-shaped seating

195 SUNDOWNER

*No phones. No faxes. No e-mail. No beepers.
Sometimes in order to reconnect...
you have to disconnect.*

For boaters who want a lot of dry storage...a place for children (or adults) to nap...and the option of overnight stays on the water...the

195 Sundowner cuddy is a beautiful choice. The roomy cabin sleeps two, and provides privacy for the portapotti. Standard seats in the cockpit

convert to sleeping areas for kids, protected overhead by the optional Sunbrella camper canvas. However, with the Stable-Vee® hull wedged to

a Volvo Penta SX Cobra® or DuoProp™ stern drive, you may not want to stay still for long.

Optional Sun Sport seating is available on stern drive models.

DLX includes woodgrain enhancements.

- Duraframe seat construction
- AM/FM stereo w/cassette
- Integrated swim platform
- Deep access ladder
- Multi-level sidewall storage system
- Sunbrella canvas Bimini top w/concealed storage
- Passenger assist handles
- Auto. bilge pump
- Beverage holders
- Stainless steel cleats (4), ski eye, welded bow rails

195 cabin is available in classic print or solid ivory fabric.

Fill-in cushions convert the cabin to a sleeping area for two.

Major features

- Award-winning Stable-Vee® hull
- Custom Sure Load® trailer
- Fade, stain- and mildew-resistant vinyl

- Fade-fighting Armorcote finish

- Transferable Winning Edge™ Owner Protection Plan®
- Low-profile deck hatch w/screen
- Walk-through windshield

Major options

- Graphics package
- Opening port lites
- DLX package

For a complete list of standard and optional features please see matrix inside back cover.

Opt. SS seating with expandable stern lounge.

205 SUNDOWNER

*It's more than a boat...
It's the perfect bridge between
land and water.*

Besides its sophisticated new looks, the 205 Sundowner has several smart new features. A window/door

companionway system makes it possible for cuddy occupants to enjoy sunshine and converse with passengers in the cockpit. A self-draining

cooler located beneath the companionway serves as an access step to the walk-through windshield. Inside the cuddy, the optional portable

head stows on a sliding platform beneath the cockpit floor.

205 Sundowner is available with your choice of single or DuoProp™ stern drives.

Access to the cuddy via lockable doors.

- Duraframe seat construction
- AM/FM stereo w/cassette
- Anchor locker w/anchor cradle
- Swim platform w/hidden ladder
- Multi-level sidewall storage system
- Automotive-style instrumentation
- Sunbrella canvas Bimini top w/covered storage
- Courtesy lights
- Fanny pack
- Assist handles
- Composite sidewall construction w/integrated armrests, glovebox
- Auto. bilge pump
- Beverage holders

Integrated, self-draining cooler.

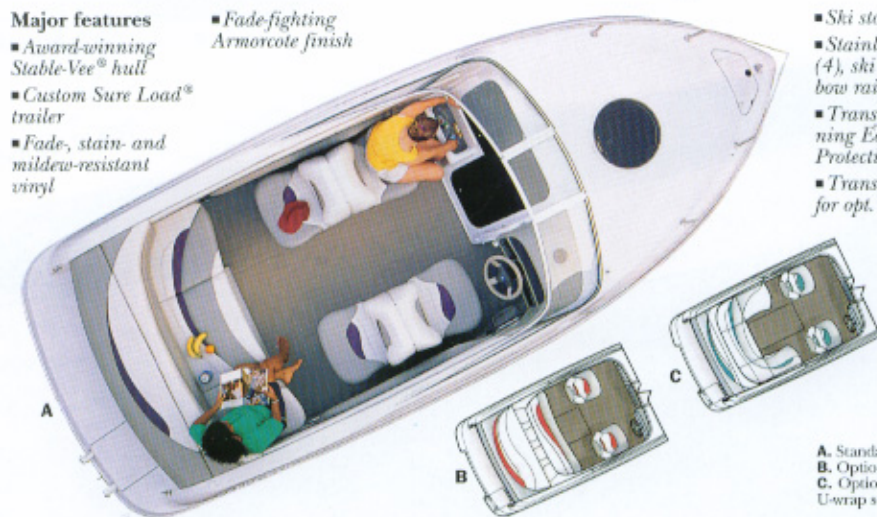

Fill-in cushions convert the cuddy for sleeping.

Major features

- Award-winning Stable-Vee® hull
- Custom Sure Load® trailer
- Fade-, stain- and mildew-resistant vinyl

- Fade-fighting Armorcote finish

- Ski storage (SS)
- Stainless steel cleats (4), ski eye, welded bow rails
- Transferable Winning Edge™ Owner Protection Plan*
- Transducer built-in for opt. depth sounder

- Helm forward space maximizing design
- Low-profile deck hatch w/screen
- Large capacity built-in cooler
- Walk-through windshield
- Ski storage (SS)

Major options

- Graphics package
- Transom shower
- Compass
- Thru-hull exhaust
- Opening port lites
- Stove
- Sink
- DLX package

Stern lounge seats can be easily removed.

- Rod holders
- Porta-potti w/sliding storage system
- CD player
- Self-bailing fiberglass cockpit

225 SUNDOWNER

*Sometimes we have
many destinations. Sometimes
we have none...*

Few boats can match the versatility of a cuddy...and few cuddys approach the level of style, comfort

and value offered by our 225 Sundowner™ model. The Stable-Vee® hull provides its agile performance. Premium construction features such

as Armorcote gelcoat provide its long-lasting good looks. But it's the Sundowner series' standard and

optional features list that makes this the most versatile cuddy in its class.

225 Sundowner (shown with optional SS seating) is available with a single or DuoProp™ stern drive.

Opt. ski storage in the cockpit floor.

- AM/FM stereo w/cassette
- Anchor locker w/anchor cradle
- Integrated swim platform w/hidden ladder
- Multi-level sidewall storage system
- Automotive-style instrumentation
- Soft-touch helm w/vinyl-wrapped dash
- Sunbrella canvas Bimini top w/concealed storage
- Courtesy lights
- Fanny pack
- Passenger assist handles
- Composite sidewall construction w/integrated arm rests, glove box
- Auto. bilge pump
- Beverage holders

Portable head stows on a slide-out platform.

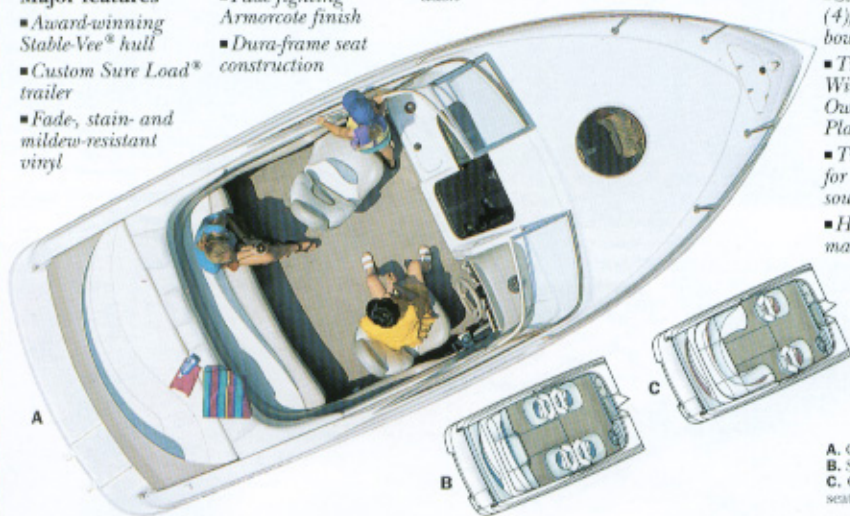

Roomy 225 Sundowner cabin.

Major features

- Award-winning Stable-Vee® hull
- Custom Sure Load® trailer
- Fade, stain- and mildew-resistant vinyl

- Fade-fighting Armorcote finish
- Dual-frame seat construction

- Stainless steel cleats (4), ski eye, welded bow rails
- Transferable Winning Edge™ Owner Protection Plan*
- Transducer built-in for opt. depth sounder
- Helm forward space maximizing design

- Low-profile deck hatch w/screen
- Built-in cooler
- Walk-through windshield
- Ski storage (SS)
- Removable companionway door

Major options

- CD player
- Compass
- DLX package
- Graphics package
- Opening port lites
- Porta-potti w/sliding storage system
- Self-bailing fiberglass cockpit
- Stove, sink
- Transom shower

Backrests convert the cabin to a sleeping area for two.

For a complete list of standard and optional features please see matrix inside back cover.

Drive-Away Package

245 SUNDOWNER

*We teach all of our children
to be boaters...a selfish act really. It's the
perfect excuse to be a kid again.*

Most people move up to the Sundowner series for the option of overnighting. What you'll love about this year's 245 Sundowner, though, is

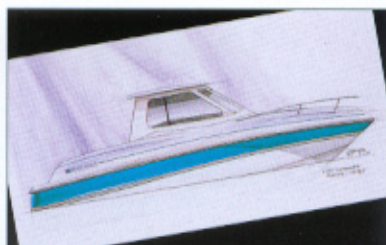

just how many options you have – options that will make overnighting more enjoyable. Take seating arrangements, for instance. There are three.

You can also opt for quad-style loungers that convert to buckets, making the seating options even more varied. In the cabin, you can choose an

enclosed head compartment or a privacy curtain. Add a table, one burner stove, sink...and you have a true home away from home.

The 245 Sundowner features the exclusive, award-winning Stable-Vee hull.

A new 245 hard top model is also available; ask your dealer for details.

- Anchor locker w/anchor cradle
- Integrated swim platform w/ladder
- Multi-level sidewall storage
- Automotive-style instrumentation
- Soft-touch helm w/vinyl-wrapped dash
- Sunbrella canvas Bimini top w/concealed storage
- Fanny pack
- Built-in cooler
- Composite sidewall construction w/integrated arm rests, glove box
- Auto. bilge pump
- Beverage holders
- Stainless steel cleats, ski eye, welded bow rails
- Transducer built-in for opt. depth sounder

Cooler accessible from cockpit or cabin.

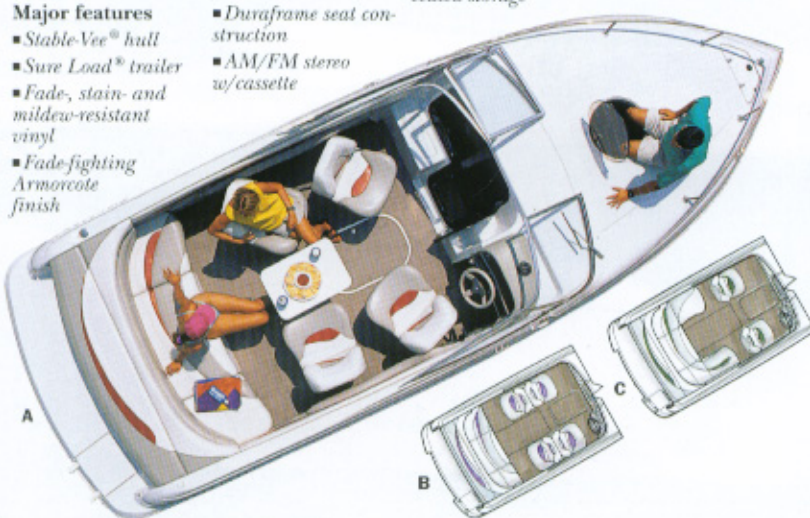

Cabin/cockpit cooler shown with optional sink.

Major features

- Stable-Vee® hull
- Sure Load® trailer
- Fade-, stain- and mildew-resistant vinyl
- Fade-fighting Armorcoat finish

- Duraframe seat construction
- AM/FM stereo w/cassette

- Low-profile deck hatch w/screen
- Walk-through windshield
- Deck access steps
- Removable companionway door
- Transferable Winning Edge™ Owner Protection Plan*

Opt. enclosed head with opening port lite.

The optional table can be easily removed; fill-in cushions convert the cabin for sleeping.

Major options

- Transom shower
- Dockside power
- Stove, sink
- CD player
- Head, enclosed
- Compass

For a complete list of standard and optional features please see matrix inside back cover.

238 VISTA

*"We'll pick you up at 6:00.
Picnic in hand. Don't bring a thing. Except,
of course, your smiling faces..."*

Often, the move up to a liveaboard cruiser means "living without" the performance of a smaller boat...

unless the cruiser happens to be a Four Winns 238 Vista. When our exclusive Stable-Vee® hull gets teamed to a Volvo Penta SX Cobra™ or

DuoProp™ stern drive, the result is a ride rivaling that of most sportboats. Best of all, the 238 Vista comes with a price tag comparable to some

cuddy models, giving you the best of all boating worlds.

The 238 Vista is available with two-tone gelcoat in six beautiful color combinations.

Helm with optional compass and ship-to-shore radio storage.

- AM/FM stereo with cassette
- Anchor locker w/anchor cradle
- Integrated swim platform w/ladder
- Automotive-style instrumentation w/vinyl-wrapped dash
- Sunbrella canvas Bimini top and camper enclosure

- Beverage holders
- Stainless steel cleats, welded bow rails
- Transferable Winning Edge™ Owner Protection Plan*
- Low-profile deck hatch w/screen
- Built-in depth sounder

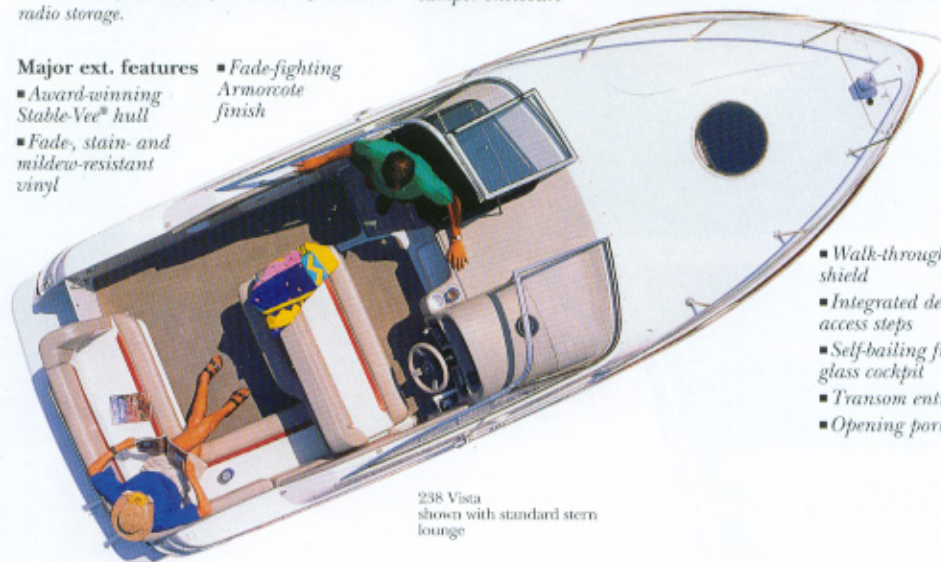

Optional transom shower unit.

Cabin entry doors open overhead, providing additional light to cabin.

- Major ext. features**
- Award-winning Stable-Vee® hull
 - Fade, stain- and mildew-resistant vinyl
 - Fade-fighting Armorcote finish

238 Vista shown with standard stern lounge

- Walk-through windshield
- Integrated deck access steps
- Self-bailing fiberglass cockpit
- Transom entry door
- Opening port lites

Major options

- Anchor roller
- CD player, 10 disc
- Cockpit carpeting
- Cockpit storage
- Compass
- DLX package
- Dockside power
- Dual batteries
- Fill-in cushions for L-shaped seating
- Floodlight w/remote
- Flush-out kit
- Fold-away bench
- Fore- and aft-facing helm seat
- Stereo upgrade w/remote
- Sure Load trailer
- Tilt steering

Helm seat faces fore or aft; L-shaped stern lounge is available with optional fill-in cushions.

- Transom washdown
- Trim tabs
- VHF radio & storage
- Woodgrain steering wheel

For additional Vista features, see inside back cover.

Drive-Away Package

The 238 Vista (shown at left in classic interior with burgundy accents) provides virtually every-

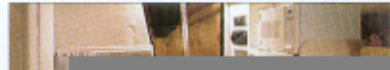

thing you need for an extended stay on the water. A comfortable vee-berth serves as a dining area during the day. The separate mid-cabin

with privacy curtain provides a cozy spot for the children to play in, or a quiet place for an afternoon nap. The galley is compact, yet complete

with sink, icebox, storage and optional alcohol/electric stove and refrigerator.

The 238 Vista galley and master vee-berth with fill-in cushions.

- Mirror
- Enclosed head with

- Mid-cabin fill-in cushions

258 VISTA

*It's easy to
arrive at a relaxed state of mind
when you travel by water.*

The more time you spend aboard, the more you'll appreciate the amazing completeness of the 258 Vista...

the well-planned seats...the well-placed storage...the well-laid out helm. It only takes one cruise, though, to appreciate the exhilarat-

ing performance of its Stable-Vee® hull and Volvo Penta electronic fuel injected power. Perhaps what you'll

appreciate most is how affordable liveaboard luxury can be.

The 258 Vista offers the exclusive combination of Stable-Vee® hull and Volvo Penta® power.

Companion seat faces fore or aft (optional).

- Anchor locker w/anchor cradle
- Integrated swim platform w/ladder
- Automotive-style instrumentation w/vinyl-wrapped dash
- Sunbrella canvas Bimini top w/camper enclosure
- Stainless steel cleats (6), welded rails
- Transferable Win-ning Edge™ Owner Protection Plan*
- Low-profile deck hatch w/screen
- Dockside power w/battery charger
- Transom entry door
- Self-bailing fiber-glass cockpit

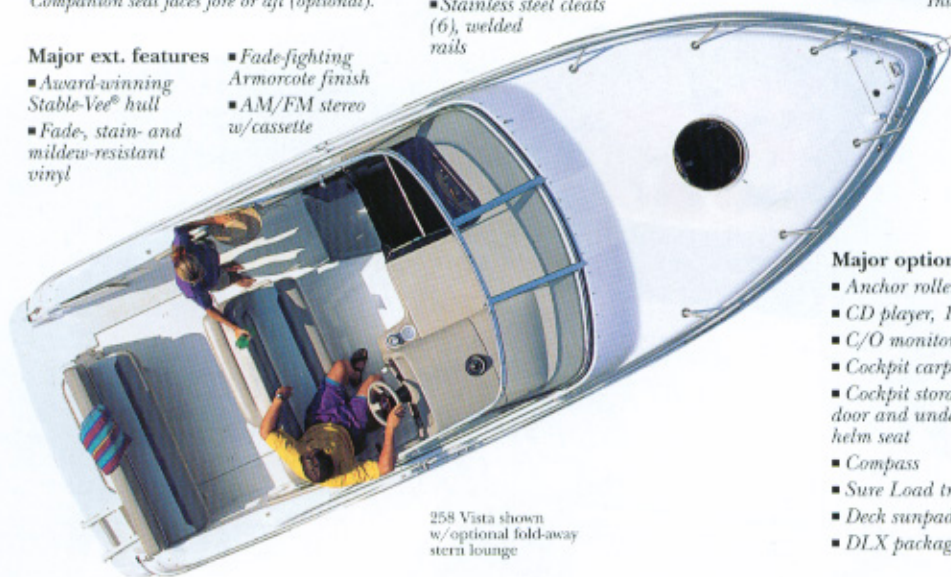

Integrated steps provide access to the walk-through windshield.

Optional ship-to-shore radio stores in the sidewall.

- Major ext. features**
- Award-winning Stable-Vee® hull
 - Fade, stain- and mildew-resistant vinyl
 - Fade-fighting Armorcote finish
 - AM/FM stereo w/cassette

258 Vista shown w/optional fold-away stern lounge

What is it about the 258 Vista (shown at left in ivory print with ivory accents) that makes it such a

stand-out in its class? It's the style... elegant, yet comfortable. It's the convenience...a smart floor plan packed with intelligent features.

It's the versatility...a forward berth that serves as a living area, dining area and sleeping area. Most of all, it's the uncommon combination of

livability and affordability common to all Four Winns cruisers.

Main cabin berth with table and fill-in cushions removed.

The forward berth sleeps two adults.

Major int. features

- Indirect lighting
- Removable dinette table
- Opening port windows, 4
- Full galley w/sink, storage
- Alcohol stove

- Refrigerator
- Storage, galley cabinets
- Storage, mid-cabin hanging locker
- Storage, under vee-berth and in vee-berth sidewalls
- Storage, removable dinette table
- Cabin mirror
- Mid-cabin fill-in cushions
- Mid-cabin privacy curtain
- Vee-berth fill-in cushions
- Cabin mirror
- Enclosed head w/porta-potti, sink, vanity, pressurized shower w/curtain
- Water heater

Galley includes alcohol stove, refrigerator, sink and storage. (Microwave is optional.)

Mid-cabin berth (shown with optional pillow package) sleeps two.

258 Vista shown w/classic interior

- Choice of fabric & trim colors
- Dockside power
- Electrical outlets
- Hanging locker w/curtain
- Reading lights

278 VISTA

“Are there earthworms on Mars?”

“Where do fish sleep?”

“Can we do this again next weekend, Dad?”

The distinctive silhouette stands out at any marina...the spacious feel and impressive appearance rivals

that of many a costlier craft. Yet step aboard the 278 Vista and you will at once begin to feel at home. At the helm, you will find an array

of well-placed VDO instruments. At the stern, you'll enjoy the versatility of a slide-out, aft-facing seat and

fold-away, forward-facing lounge with optional fill-in cushions.

278 Vista (shown with optional radar arch) is available with single DuoProp™ or twin stern drives.

Optional pads for the Vista deck.

- AM/FM stereo w/cassette
- Integrated swim platform w/ladder
- Automotive-style instrumentation w/vinyl-wrapped dash
- Sunbrella canvas Bimini top w/camper enclosure
- Lockable entry
- Cockpit storage doors
- Stainless steel cleats, welded bow rails
- Built-in depth sounder
- Walk-through windshield

Stern lounge with optional fill-in cushions.

Integrated steps provide convenient access to the bow.

Major ext. features

- Award-winning Stable-Vee® hull
- Fade, stain- and mildew-resistant vinyl
- Fade-fighting Armorcote finish

- Anchor locker w/anchor roller

Vista 278 w/stern seat folded down

- Integrated deck access steps
- Transferable Winning Edge™ Owner Protection Plan*
- Dockside power w/battery management system

- Low-profile deck hatch w/screen
- Self-bailing fiberglass cockpit
- Transom entry door
- Fold away bench
- Dockside power w/battery management system

Major options

- Compass

- DLX package

We think you'll find the distribution of space in our 278 Vista interior (shown at left in classic with teal accents) very comfortable and

very livable. We've made the forward berth even larger...likewise, the mid-cabin, which features a hanging locker for your clothes.

Fabric choices are elegant, yet sensible. A 10-play stereo CD upgrade provides hours of listening pleasure. A smart new galley layout has well-

placed fixtures and plenty of storage. In short, the 278 Vista interior has everything you need to live on the water in style.

278 Vista main cabin w/dinette converted to berth and vee-berth w/fill-in cushion.

Expandable dinette table.

Mid-cabin sleeps two.

171/191 UNLIMITED

*After a day of roadblocks...
red tape...dead ends...
this is all the therapy I need...*

There is a special place in every boater's heart for pure, unabashed performance. The 171 and 191

Unlimited models are just such animals, bred purely for performance. Both boats are loaded with power and are equipped with high perfor-

mance stainless steel props. Yet these speedsters are well-mannered, too, cutting through chop with ease. The classic silhouette is comple-

mented by a bold stripe on the deck and chrome-bezeled VDO instruments at the helm.

Volvo Penta® stern drive provides plenty of muscle...available with EFI and DuoProp™.

Helm with chrome bezel VDO instruments.

Major features

- Custom Sure Load® trailer
- Fade, stain- and mildew-resistant vinyl
- Fade-fighting Armorcote finish

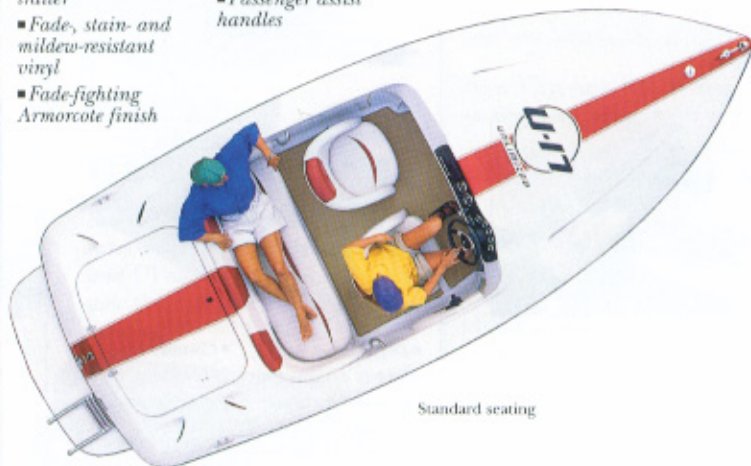

- Rotationally molded seat construction
- Passenger assist handles

- Auto. bilge pump
- High performance, SS prop(s)
- Stainless steel cleats, ski eye
- Transferable Winning Edge™ Owner Protection Plan*
- Low profile deck
- Chrome bezel, VDO instrumentation
- Self-bailing fiberglass cockpit

Major options

- Thru-hull exhaust
- AM/FM stereo w/cassette
- CD player
- Cockpit carpet
- Trailering cover
- Hour meter
- Lifting eye
- Swim platform w/ladder

For a complete list of standard and optional features please see matrix inside back cover.

Standard seating

Optional swim platform w/ladder.

Convenient access to the Volvo Penta power (up to 275-hp.)

Power choices include brawny, Volvo Penta DuoProp™ stern drives with high performance SST props.

The Unlimited's classic cockpit configuration.

Drive-Away Package

†Indicates 171 engine choices. a Indicates 191 engine choices.

The 1996 Four Winns product line up is available with an extremely wide range of outstanding power choices.

Volvo Penta stern drives... stronger, smarter, faster... These are the U.S.-made stern drives that set new standards for handling; dependability; smooth operation; durability; and yes, speed. Every engine and drive is backed by a comprehensive 2-year limited warranty* supported by thousands of servicing dealers across North America.

Including DuoProp by Volvo Penta... New for 1996 are several DuoProp™ stern drive choices with standard counter rotation. DuoProp gives you essentially twice the blade area, generating significantly more thrust with the same amount of horsepower. The result is improved handling and performance.

Johnson® and Evinrude® outboards... Four Winns outboard models are powered by Johnson® and Evinrude®, the best-known, best-selling brands in the world. Through the years, the Johnson and Evinrude names have become practically synonymous with dependability and serviceability. This year's outboards feature a new System Check engine monitoring system with audible and visible warnings for no oil flow, overheat, fuel system and low oil level.

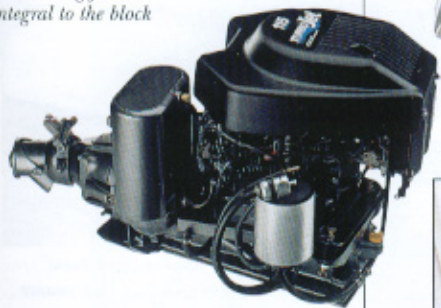

TurboJet™ jet drive system... Four Winns Fling features a powerful 115-hp oil-injected jet drive with a quick release feature for easy clean-out of the pump and impeller.

The Performance Story

Johnson and Evinrude outboards

- Lost foam power-head casting
- Oil injection
- 21° trim range
- Cylinder block, exhaust passages and cooling jackets integral to the block
- System Check engine monitoring system
- Teleflex hydraulic steering (std. 130-hp and above)

TurboJet jet drive system

- Automatic oil injection
- Isolated engine mounts
- Quick, easy impeller cleanout
- Logical reverse steering

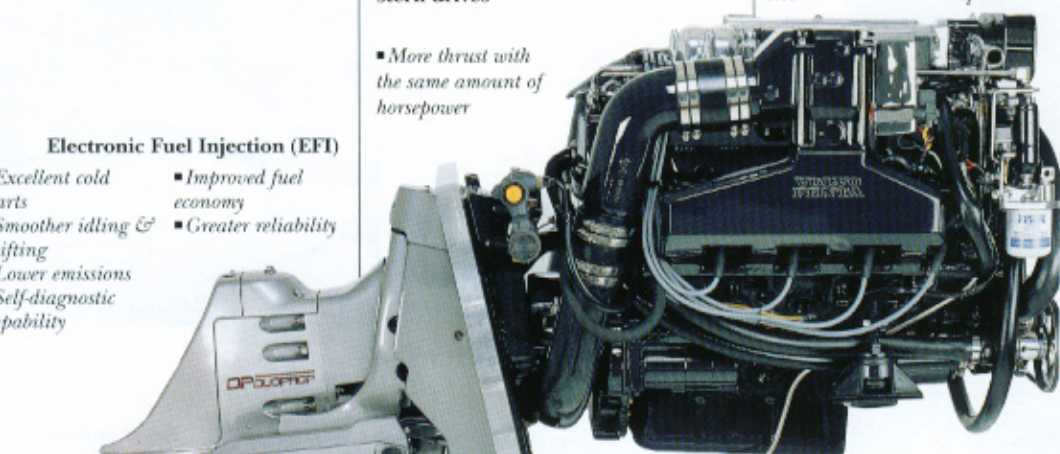

A convenient release feature lets you quickly and easily clean the pump and impeller.

Electronic Fuel Injection (EFI)

- Excellent cold starts
- Smoother idling & shifting
- Lower emissions
- Self-diagnostic capability
- Improved fuel economy
- Greater reliability

Volvo Penta DuoProp stern drives

- More thrust with the same amount of horsepower

- Eliminates torque steer
- Increased cruising speed

- Reduced planing time

Volvo Penta SX Cobra stern drives

- Increased fuel economy
- Precise handling in forward or reverse
- Reduced bow rise

- Water pump mounted at the front for easy access
- Cone clutch delivers precise shifting and smooth, quiet operation

- Drive saver coupling is designed to break away cleanly if prop encounters something substantial
- Counter-rotation is standard, giving you more propeller choices (also ideal for twin, single prop applications)

- Sacrificial zinc anodes corrode, so your drive won't; low pressure casting methods and 18-step anti-corrosion treatment

Sure Load™ Trailers

As you shop boats, remember to shop trailers... Besides your boat, a trailer is the single most important piece of boating equipment you will buy. Selecting the right one can make boating much more enjoyable and hassle-free. Unfortunately, many people overlook this important aspect of boat buying.

We want your trailer to be built right... so we build it ourselves... Most manufacturers specify off-the-rack, adjustable bunk or roller model trailers. Four Winns is one of the only leading manufacturer to offer trailers which are custom-patterned and built, on factory premises, for each boat we make. Trailers are built of rugged, all-welded 11-gauge tubular steel. Tuned leaf springs provide the suspension and design-matched, carpeted bunks cradle the hull, distributing the boat's weight evenly.

A lot of thought goes into their design... so you won't have to give your trailer a second thought later on... With some boat/trailer rigs, the experience at a busy launch can be fretful. With a Four Winns custom-built Sure Load trailer, your trailering, launching and loading prowess will be the envy of everyone at the boat ramp. While other boaters struggle and strain, you'll be unloading your boat with confidence. When the day's boating is done, you can float or drive your boat on the trailer and be on the road with your boat securely loaded in a matter of minutes.

A low profile aids at launch time, often allowing the boat to be floated off the trailer.

The low silhouette creates a stable, easy towing package - minimizing wind resistance, maximizing fuel economy.

Positioning of side guides, angled bunks and a recessed, frame-mounted roller make it easy to drive the boat onto the trailer.

A zinc chromate primer and two coats of color-matched polyurethane paint provide the trailer's outstanding looks and durability.

The trailer tongue can be removed, making the trailer length less than the boat's (also provides an added measure of safety and security).

Four Winns Sure Load trailer features:

- Submersible lights
- Winch w/bow roller assembly and nylon strap
- Boat tie-down straps
- Galvanized hitch
- Non-skid step pads
- Fender splash guards
- Enclosed wiring
- Removable tongue (except Fling)

Value Features

A Four Winns boat can fulfill many applications so we offer a wide range of standard features, options and accessories designed to contribute comfort and convenience, extend utility, enhance value and add to your boating enjoyment. For features and options availability, see next two pages.

Another Four Winns exclusive feature...

The Four Winns Professional Marine Retailer

Four Winns dealers are highly trained professionals, chosen for their knowledge of marine issues and their commitment to customer satisfaction. Surveys regularly show that the average Four Winns dealer scores very high on an index of customer satisfaction - high praise from the people who matter most.

Not only can your Four Winns Professional Marine Retailer help you make the right boat selection, they can provide on-the-spot financing and insurance, and help outfit you with boating accessories.

Every dialogue with our dealers is about you... We listen carefully to our dealers and to key members of their staffs. They help us make important decisions as to product features and options. We visit them frequently throughout the year, and they come to visit us at our headquarters in Cadillac, Michigan. But the conversation at these meetings is not about us. Or them. It's about you, and how we can make your boating lifestyle more enjoyable and hassle-free.

FOUR WINNS

Quality Gives Us A Winning Edge™...

Because we build quality products, and because we have the strongest dealer network to sell, service and support those products, we are able to offer the industry's strongest owner protection plan: *Winning Edge™*. It covers hull structural defects for a full five years, and provides two years of protection on the Volvo Penta stern drive and a one-year limited warranty on factory-installed systems and components. A one-year limited warranty also applies on Evinrude® or Johnson® powered Four Winns boats and all Fling models. Extended coverage is available; ask your Four Winns Professional Marine Retailer for details.

The 1996 Four Winns catalog and videos were photographed at various locations in beautiful northern Michigan. This year's shoot took place without the help and counsel of long-time friend and crew member, Joe McCarthy, Sr. who passed away last year. Joe's genius directed the catalog and video for many years. His presence was missed by all. Special thanks to those who helped make this year's shoot a success.

W I N N G E A R

Winngear™ Apparel And Accessories...

We've designed an all-new selection of stylish apparel and accessories to keep you looking your nautical best. They're the brands you want - Gear, Cross Creek, Pro Line, Vantage and more - each featuring the

Four Winns logo. Winngear items are available directly from Four Winns; to obtain a catalog and order form, call or fax us at:
