Four Winn's Extra Value Standard Features

MAIN CABIN

The main cabin, shown at far left in the Pebble Beach Bronze décor package, is almost as big – and certainly as comfortable – as your living room on land and includes two sofas and two tables. Forward berth features an inner spring mattress for more comfortable sleeping.

Four Winn's Extra Value Standard Features

The last, but not the least, of the reasons to choose a Four Winns boat.

Dare to compare, and you'll find that Four Winns® has one of the finest – if not the finest – owner protection plans in the industry. The **Winning Edge Owner Protection Plan** gives you added peace of mind for seven (7) years on structural components of the hull, stringers and transom – or lifetime on VEC models...five (5) years on deck and liner structural components...three (3) years on non-structural parts and components and one (1) year against cracking, crazing, blistering or fading of the exterior gel coat finish. It's proof positive of our confidence in our products, and it gives you

valuable peace of mind for many years to come. Unlike some warranties, Winning Edge is transferrable to the next owner, which makes your boat more valuable, too. It's the last word in owner protection plans in the marine industry.

The Four Winns difference continues for as long as you own your boat. Your Four Winns Professional Marine Retailer is your link to one of the most comprehensive factory support systems in boating.
