

**QUEST**<sup>™</sup>

BY FOUR WINNS

IN OUR QUEST FOR  
FISHING EXCELLENCE,  
WE BELIEVE WE'VE  
ADVANCED THE  
TECHNOLOGY OF  
THE SPORT...

# QUEST BY FOUR WINNS... ADVANCED FISHING INSTRUMENTS.

Four Winns, one of the premier American producers of quality, world-class fiberglass powerboats, has invaded the saltwater and offshore arena with an all-new series of fishing platforms called Quest™ by Four Winns. We understand the significance of and welcome the formidable challenge that lies ahead.

From the design concept to the finished product, the fishing specialists and enthusiasts who engineer and build this highly specialized series have been on a quest of their own...not to simply build "me too" replicas of other brand names...

but to go beyond... to develop advanced fishing instruments which combine innovation, functionality, and remarkable performance.

Optional oval livewell.

**Arguably the most complete collection of fishing specific features available.**

We're not saying Quest by Four Winns fishing features can't be found on other boats...just that they're not available collectively from any other brand. Mechanical rigging stations...

257 walkaround cabin interior.

lockable rod storage...insulated fish boxes...built-in tackle boxes...circulating raw water livewells...cutting boards...transom door/gate combos...leaning posts...convenience shelves with keeper ledges...portable coolers with tie-downs...lockable space for fishing electronics. We could go on, but we'll let the comprehensive feature presentation on the following pages dramatically portray the advanced technology and fishing superiority of the American-made Quest by Four Winns series.

217 CC Quest by Four Winns.

**Fishing specific...family friendly.**

Building highly specialized fishing boats that also take into consideration personal and family comfort did not represent a compromise to the Quest by Four Winns team. It was simply an additional design parameter - one often negated or neglected by other builders. The result - beamy, wide-flaring, deep-vee hulls that allow for roomy, deep and dry cockpits, and a stable, well-mannered ride...in other words, platforms that are as livable as they are fishable.

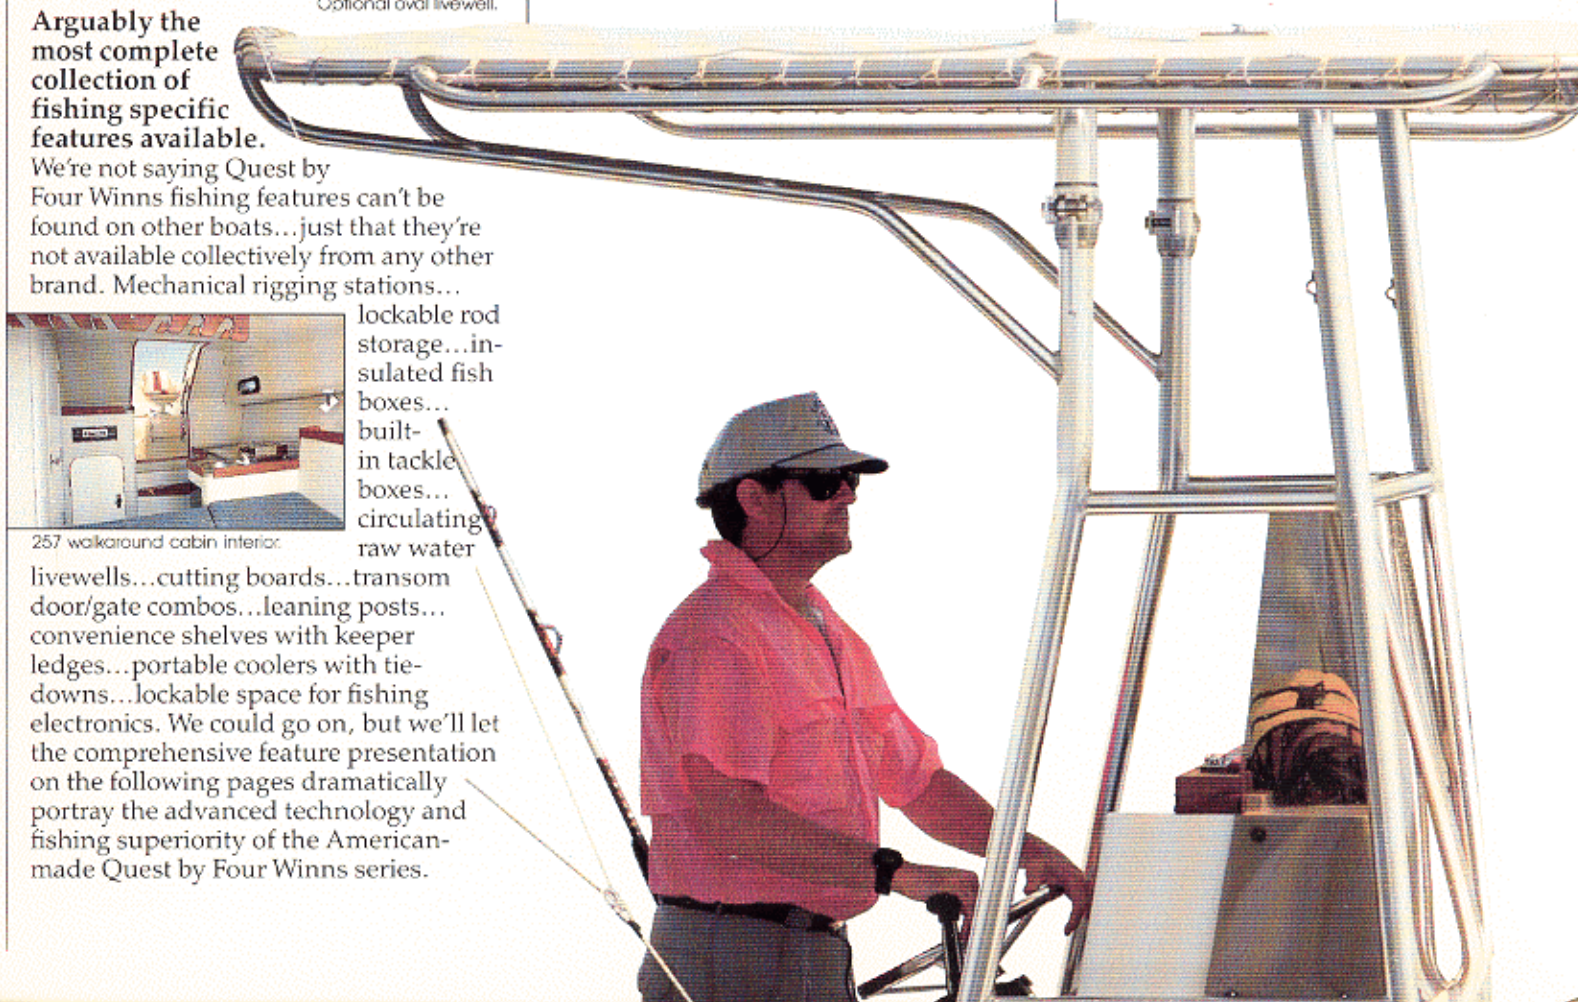

**Rugged build for rugged duty.**

Each Quest by Four Winns model will be expected to provide years of flawless service under frequently brutal conditions. So Four Winns lamination experts have applied their considerable experience as the world's third largest producer of fiberglass powerboats to create a solid foundation. The multi-stratified hand lay-up cored hull is bonded to a brawny fiberglass stringer system impervious to rot and delamination. Foam flotation helps minimize the impact of pounding seas.

Wide-flaring, deep-vee design.

Stainless steel cleats, rails and lifting eyes are through-bolted and cinched securely to metal backplates. And each Quest by Four Winns hull is design-matched to reliable, efficient Johnson® or Evinrude® power by OMC...the first name in salt-water propulsion systems.

# QUEST™

BY FOUR WINNS

1. 237 console offers enclosed portable head (opt.) and plenty of dry storage.
2. All Quest models include transom door/gate combination.
3. Proven reliability, superior stamina. A fleet of 237 Quests in Bimini, Bahamas.

1

2

Optional T-top with Rupp outrigger mounts.

Slimline sidewall design for maximum cockpit space.

Optional leaning post with rod and beverage holders and molded above deck oval livewell and cutting board. (237)

Convenience shelves with keeper ledges.

Deep-cycle, high-cranking marine batteries with retainers.

Toe room: sidewalls, stern and around console.

Emergency engine shut-off.

Helm station with stainless steel wheel, OMC System-Matched® binnacle, stainless steel grab rail, built-in tackle drawers (opt.) box, lockable electronic storage, full instrumentation, battery switch. (237 shown)

Sidewall rod storage.

Heavy-duty marine grade vinyls made to Four Winns specifications.

Mechanical rigging locker in the transom houses filters, pumps, oil reservoirs. (237/257)

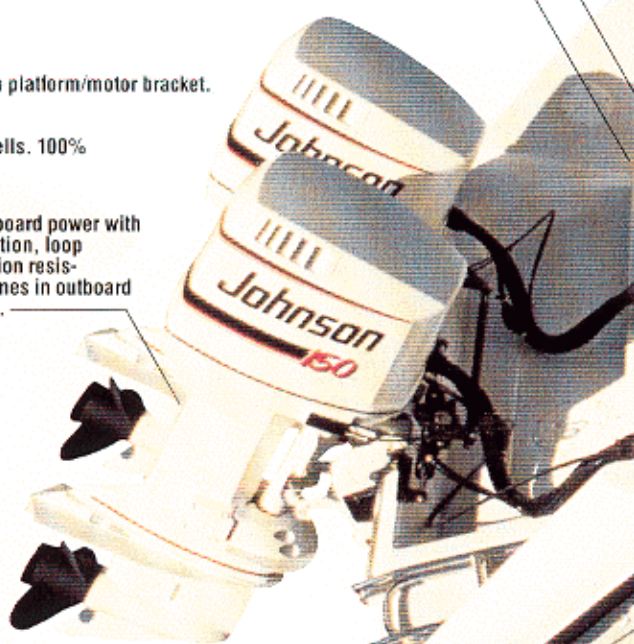

Hawse pipes for inboard stern cleats.

Transom door/gate combination. (237/257)

Integral swim platform/motor bracket.

In-floor, easy access fuel cells. 100% pressure-tested.

Johnson® or Evinrude® outboard power with hydraulic steering, oil injection, loop charging and proven corrosion resistance...the number one names in outboard power throughout the world.

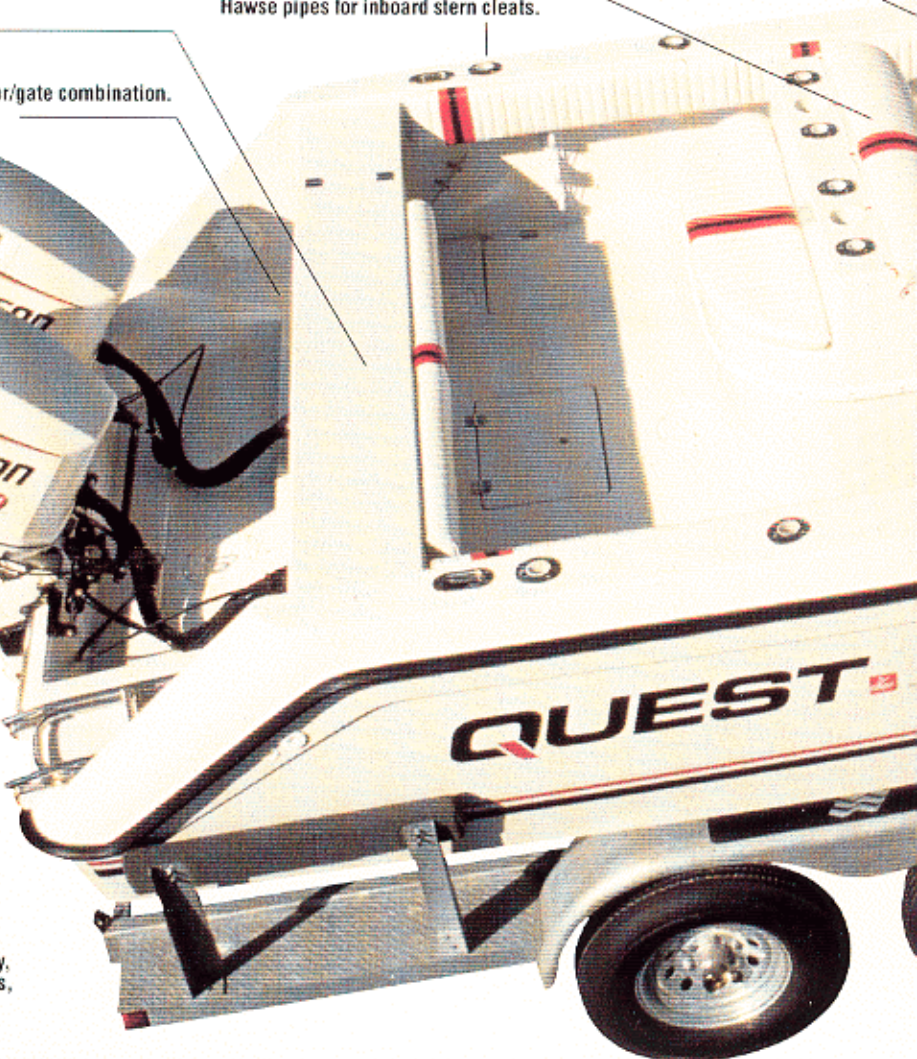

Stainless steel swim ladder.

Winning Edge™ Owner Protection plan including 5-year hull structural warranty, 1-year limited warranty on boat systems, engines, controls and components.\*

Port and starboard fish boxes with optional automatic pump-out. (217/237/257)

Cockpit livewell with intake and discharge pumps. Below floor 237/257. Above floor 187/207/217.

Recessed stainless steel hinges and lifting rings.

3

6. Intelligent 237 helm station design includes built-in tackle boxes (XE) and lockable location for add-on electronics.

7. Fiberglass stringer system is impervious to rot and delamination.

4

5

Walk-in center console offers enclosed portable head (opt.), dry storage, battery storage and instrument panel access. (237)

Deep, overboard-draining, dry storage lockers with scuppered hatches.

The complete line of Quest by Four Winns fishing boats:

- 187 center console
- 207 center console
- 217 center console
- 237 center console
- 257 walkaround

Top loading anchor locker with anchor rode chute.

94- and 48-quart portable coolers, tie downs and seating cushions. (237 shown)

Through-bolted, metal-backed stainless steel cleats, rails and lifting eyes.

Integrated bow pulpit with anchor (217/237/257)

Heavy-duty vinyl rub rail. Stainless screws with wood backing at all thru-hull-and-deck fastening points (3" in)

Optional low-silhouette Four Winns Sure Load™ custom bunk trailer with removable tongue. All-welded box steel construction, nylon winch strap.

Hand lay-up wide-flaring, broad beam, deep-vee hull bonded to a full fiberglass stringer system.

Premium Armorcote® gelcoat that resists fading and chalking and provides superior buff back qualities.

Lockable, under floor rod storage.

Non-skid, self-bailing fiberglass cockpit.

6

6. Intelligent 237 helm station design includes built-in tackle boxes and lockable location for add-on electronics.

7. Fiberglass stringer system is impervious to rot and delamination.

7

\*2 additional years extended protection available. Ask your dealer for details.

# THE QUEST BY FOUR WINNS MANUFACTURER'S CUSTOM SHOP

**F**or those most passionate about the sport, the boat is simply a part of the system... an extension of personal fishing philosophy. While every Quest by Four Winns is designed and equipped to totally support the fishing effort, we recognize that individual fishing technique often dictates sophisticated one-of-a-kind modifications and highly specialized equipment additions.

Quest by Four Winns maintains a complete manufacturer's custom shop expressly for the purpose of tailoring Quest models to suit the individual tastes and requirements of our owners. We routinely move Quest models off line to our in-house custom rigging shop where trained riggers do the job right the first time (they know where to drill) and provide complete factory-fresh, custom-tailored Quest by Four Winns models in a fraction of the time an outside custom shop could respond.

The extent of Quest by Four Winns customizing opportunities is virtually limitless:

- Custom gelcoat color combinations
- Special graphics computer generated from your design
- Special design hard tops, T tops, folding tops and towers
- Outrigger design and installation
- Integration of special electronics and navigational aids

- Custom mounting brackets
- Unique chair installation
- Special wiring for remote electronics and accessories

To assess the value and capabilities of our manufacturer's custom shop, simply

give your wish list to your Quest by Four Winns fishing representative and within 48 hours we'll provide a quote on the cost of equipping Quest to be compatible with your personal fishing system, and a guaranteed delivery date.

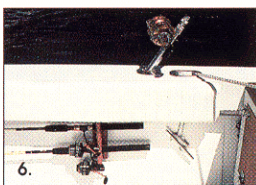

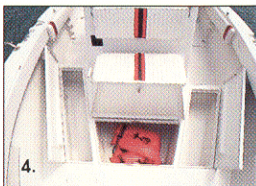

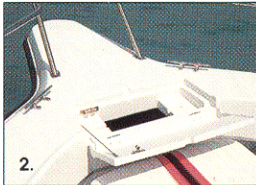

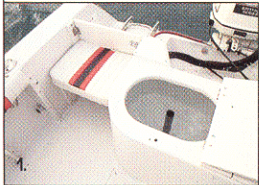

# QUEST BY FOUR WINNNS FEATURES AND OPTIONS

## Extra Value Standard Features

- Circuit breaker protected waterproof switches
- Dependable OMC propulsion systems design-matched to hulls for optimum performance characteristics

# QUEST BY FOUR WINNS PROFESSIONAL MARINE RETAILERS... YOUR PARTNER IN BOATING...

**Y**our Quest Professional Marine Retailer has two important qualities: He knows marine technology. And he knows fishing. As a customer, that means you can not only rely on him to help you select the best fishing platform, special equipment, and accessories you need...you can also be confident that he shares your love for the sport, making him a boating "partner" dedicated to making your fishing and family outings more enjoyable.

• Four Winns wide-body cruisers... We also offer a complete line of wide-body liveaboard cruisers from 28- to 36- feet. These express cruiser designs offer complete amenities, comfort, and practical features to make life on-board pleasant and enjoyable. Ask your Quest by Four Winns dealer for the Four Winns Cruiser Portfolio.

\*Ask your dealer for complete details.

## ...Is Our Partner In Excellence.

Quest by Four Winns dealers have been selected for their demonstrated ability to sell, service, and support the Quest by Four Winns product line in your region. Your dealer is highly knowledgeable about Quest by Four Winns fishing boats - as well as competitive brands. In addition, your dealer's technical personnel are well-trained in the care and repair of Quest boats... service technicians are attuned to the rigorous demands of salt-water, offshore and bluewater fishing...and they're dedicated to keeping your boat looking great and running smooth. Their expertise in fishing, fishing boats, and customer satisfaction are what make them an invaluable part of Team Four Winns.

• *Winning Edge*<sup>SM</sup> Owner Protection\*: Standard on Quest by Four Winns models is Four Winns *Winning Edge* owner protection plan, which includes 5-year hull structural, and 1-year limited warranty on engines and controls, major boat systems and components. *Winning Edge* is even transferrable to subsequent owners, for a \$25 transfer fee, for the balance of time remaining in any of the original program elements.

To see the complete line of Quest advanced fishing instruments call (616) 775-1351 for the name of the Quest by Four Winns Professional Marine Retailer nearest you.

## Additional Boats Offered by Four Winns

• Four Winns trailerable boats... Four Winns has long been recognized as a premier builder of stylish, full-featured, family recreational fiberglass powerboats including runabouts, deck boats, cuddy models, light cruisers, and performance boats. To review these popular, high quality offerings ask your Quest by Four Winns dealer for a copy of the 1992 Four Winns Great Waterways of North America catalog.

Four Winns stands behind each dealer with some important "extras," as well:

- Computerized parts inventory control for fast turn-around on dealer parts and accessories orders. We want you back on the water...fast!
- Colorful, exclusive WINNGEAR line of activewear and boating accessories designed especially for Quest by Four Winns owners.
