Four Winns Catalog

1991 BOATING LIFESTYLES

PRICELESS

WINNING EDGE 5/3/1:
THE BEST JUST GOT EVEN BETTER.

To protect your investment, Four Winns offers the most comprehensive owner protection programs in boating.

A NEW 5-YEAR HULL STRUCTURAL WARRANTY* offered to give you and your family piece of mind while you're on the water.

3-YEAR WHOLE BOAT OWNER PROTECTION* covering all major Four Winns boat systems and components, the OMC Cobra® and OMC King Cobra® stern drive, or Johnson® or Evinrude® outboard power system, and the custom Four Winns Sure Load™ trailer for one year of limited warranty followed by two years extended protection.

NEW 1-YEAR THEFT/ACCIDENT/LIABILITY COVERAGE. Every Four Winns boat has been insured under a policy that provides theft, liability, and accidental damage coverage with a deductible charge for each claim.

You may choose to continue this coverage for up to 1 year for a \$15 processing fee paid to the insurance broker.

Since all plans are transferable to subsequent owners, up to the limits of the original warranty or certificate, you'll have extra piece of mind if you sell your Four Winns boat – so will the family that buys it.

FOUR WINNS CATALOG

PRICELESS

FourWinns

DEAR FAMILY BOATER...

It's a pleasure to welcome you to Four Winns, a full line producer of fiberglass powerboats – third largest in the world based on units sold each year. The boats in this catalog – runabouts, deck boats, cuddys, cruisers and performance boats – as well as Quest by Four Winns fishing boats and Four Winns wide-body cruisers, share a common design principle: These are family boats...sized and equipped to suit family boating lifestyles...well-constructed to provide a stable and secure platform for your most precious cargo...and affordably priced to put fun on the water within reach of every family. Happy boating in 1991 and...

...GIVE YOUR  FAMILY OUR BEST.

INSIDE FRONT COVER Four Winns' exclusive
Winning Edge™ 5/3/1 owner protection...the best gets even better!

4 The class of the value class is still Four Winns Freedom™...
170, 190 runabouts and 195 cuddy.

8 180, 200, and 220 Horizon™
sportboats...you can pay more, but
you can't buy more sportboat.

14 Party of 13...your boat is ready! Four Winns Candia™
deck boats are packed with adventure.

16 When the sun sets, Four Winns
Sundowner™ cuddy cruisers
really shine.

22 Four Winns all-new 235 Vista
cruiser...graceful new entry
into the live-a-board class...

All Four Winns boats in this brochure are designed for maximum family-oriented enjoyment on the water. The symbols below represent typical boating activities. Look for them on the individual model pages as a quick reference to boating lifestyle.

Boats displaying this symbol are well suited for daytime water activities.

This boat features a cuddy cabin to allow you to sleep onboard for short stays on the water.

This "liveaboard" includes or can be equipped with the basic amenities you'll need for extended cruising.

Two waves designate a boat which is recommended for protected waters; three waves indicate a boat which is suitable for open water; four waves mean that the boat is suitable for offshore cruising.

This is a trailerable boat. Ask your dealer for towing regulations that apply in your state or province.

Power options, a ski eye, and plenty of storage make this boat especially suited for watersports.

This model is available with an optional sport/fishing or fish and ski package.

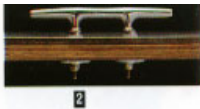

Ask your dealer about the Four Winns product video brochures. Four Winns has developed all new informative, magazine-style video "brochures" for each boat series. These videos contain on-the-water footage of every model, information on product features, and comments from the boating press. Videos may be viewed upon request in your dealer's showroom, or borrowed for home viewing.

An important note about information in this catalog...Every effort has been made to insure that this catalog includes complete and accurate information. However, since the time of printing, some information may have been revised. Also some equipment shown on Four Winns boats within this catalog is available at extra cost. Since we do reserve the right to make changes at any time, without notice, in prices, colors, equipment, specifications and models, we suggest that you check with your Four Winns dealer for complete and current information. OMC Cobra® OMC King Cobra® OMC Sea Drive® Johnson® Evinrude® and VRO™ are registered trademarks of Outboard Marine Corporation. Four Winns / 4 Winn Way / Cadillac, MI 49601 / (616) 775-1351

1. Patented, modular seat system components can be replaced, repaired, or interchanged. The high density foam cushions, heavy gauge vinyl, breathable dura-web backing, and stainless staples and screws, well exceed industry standards.

2. Cleats are through-bolted and metal-backed.
3. Power is tested under a variety of conditions at our Test Center at Lake Cadillac.

ENGINEERING

Four Winns patented, modular seat design features a premium, marine-grade UV-treated vinyl – stain, mildew, and fade-resistant with “memory” to help retain its shape.

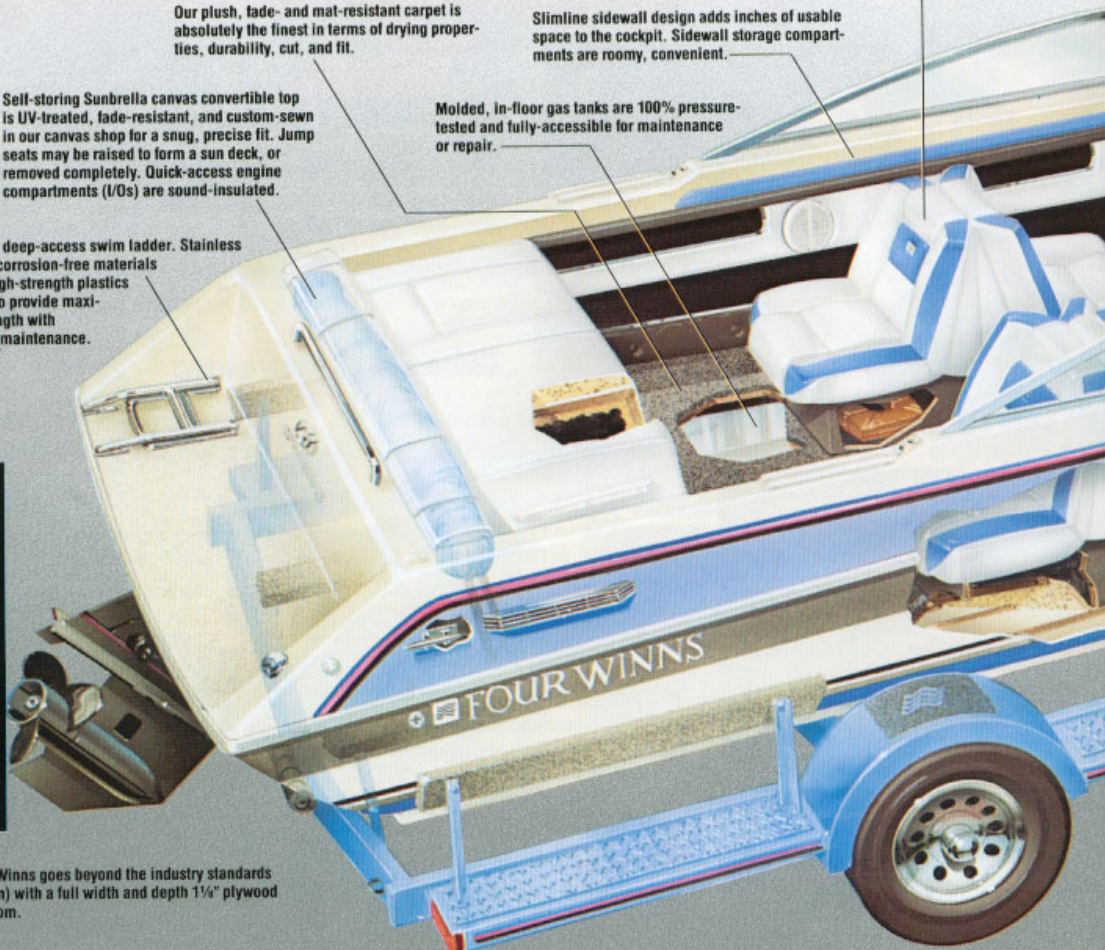

Our plush, fade- and mat-resistant carpet is absolutely the finest in terms of drying properties, durability, cut, and fit.

Slimline sidewall design adds inches of usable space to the cockpit. Sidewall storage compartments are roomy, convenient.

Self-storing Sunbrella canvas convertible top is UV-treated, fade-resistant, and custom-sewn in our canvas shop for a snug, precise fit. Jump seats may be raised to form a sun deck, or removed completely. Quick-access engine compartments (I/Os) are sound-insulated.

Molded, in-floor gas tanks are 100% pressure-tested and fully-accessible for maintenance or repair.

Stainless, deep-access swim ladder. Stainless steel and corrosion-free materials such as high-strength plastics are used to provide maximum strength with minimum maintenance.

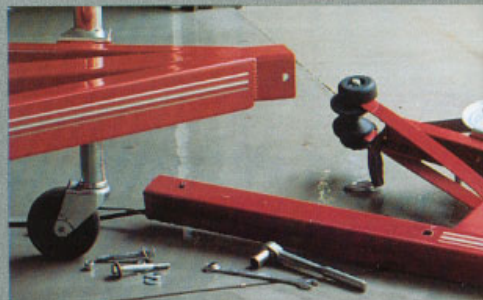

"There are no superstars here...

Team Four Winns is simply a gathering of highly motivated, deeply committed people – in every discipline – who understand that in order to build, promote, and sell quality boats with the style, features, and performance today's boaters expect, everyone's contribution is important, and required."

Four Winns goes beyond the industry standards (again) with a full width and depth 1 1/4" plywood transom.

Premium gelcoat is applied to optimum thicknesses. Looks better longer...buffs back to its original shine season after season. And Four Winns gives you more color choices than ever.

Four Winns boats are certified as having met the stringent quality standards of the National Marine Manufacturers Association... which means, in many cases, they exceed U.S. Coast Guard requirements.

5

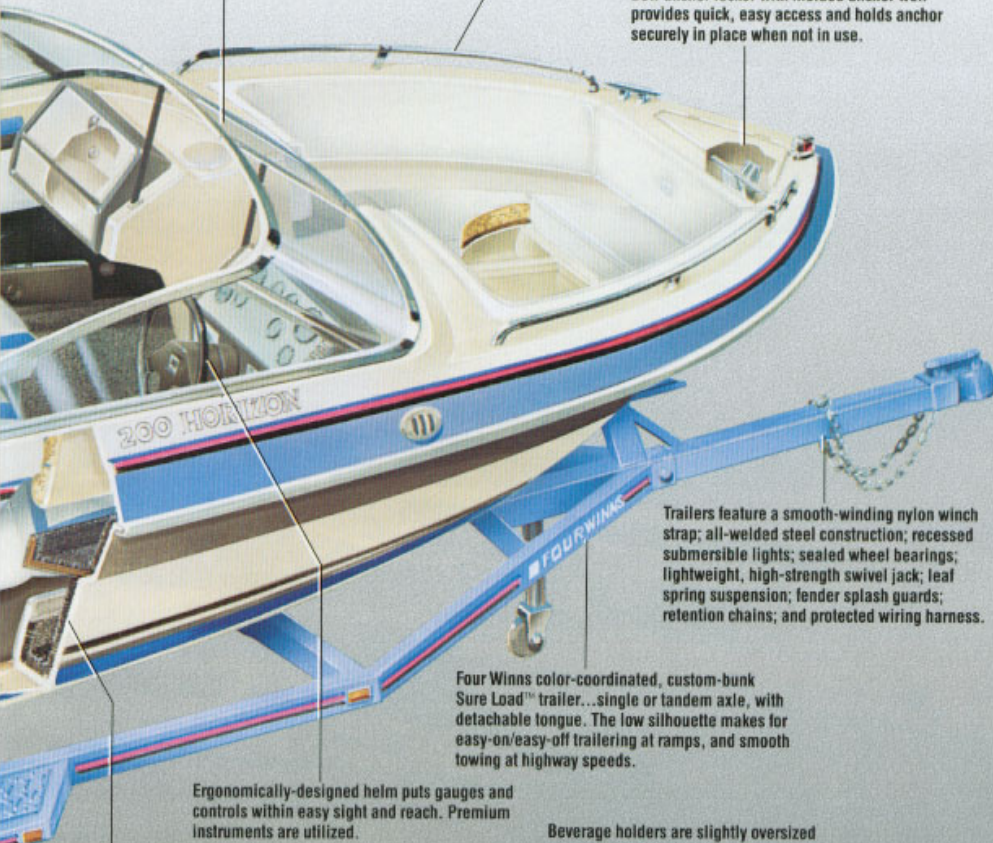

4. Every system on every boat is checked and water-tested in our test tank facilities.

4

Walk-through, wrap-around windshields are tempered. Passenger side console features lockable glove box and integrated cooler with overboard drain.

Wood backing at all through-the-hull-and-deck fastening points and through-bolting of cleats and rails to metal backing plates provides greater durability and strength.

Bow anchor locker with molded anchor well provides quick, easy access and holds anchor securely in place when not in use.

Trailers feature a smooth-winding nylon winch strap; all-welded steel construction; recessed submersible lights; sealed wheel bearings; lightweight, high-strength swivel jack; leaf spring suspension; fender splash guards; retention chains; and protected wiring harness.

Four Winns color-coordinated, custom-bunk Sure Load™ trailer...single or tandem axle, with detachable tongue. The low silhouette makes for easy-on/easy-off trailering at ramps, and smooth towing at highway speeds.

Ergonomically-designed helm puts gauges and controls within easy sight and reach. Premium instruments are utilized.

Beverage holders are slightly oversized to accommodate insulated can carriers.

Four Winns construction quality includes extra measures such as hand lay-up woven fiberglass, with coremat reinforcement at the bulkheads.

100% glass encapsulated, interlocking floor stringer system; advanced gunneling techniques; and closed cell foam flotation injected into the hull – not only prevent condensation below the waterline, but also make our boats stronger, and quieter.

6

7

5. All Four Winns trailers feature a detachable tongue which deters theft, and reduces the overall length to allow for garage storage in many cases.

6. Trailer winches feature a rugged nylon strap for smoother winding and greater reliability.

7. Four Winns color-matched Sure Load™ trailers are custom-fitted to each Four Winns model with bunks positioned directly beneath the stringers – cradling the boat where the hull is strongest.

GIVING YOU OUR BEST – EVERY STEP OF THE WAY.

While the theme, "Give Your Family Our Best," is the heartfelt credo of every member of Team Four Winns, it perhaps rings strongest among the people who design, engineer, and build the boats your family will enjoy. These are the individuals who innovate, test, and refine new products...who develop and adhere to quality standards...and who help make your boating experiences hassle-free and enjoyable.

Quality control is more than a catch-phrase at Four Winns. We take extra measures to continually improve and monitor the quality of our products, including:

- *Full systems check program* – all systems are 100% water-tested, and boats are cleaned, inspected, and shrink-wrapped before shipment. Factory-rigging by expert technicians means your boat is virtually water-ready upon arrival.
- Exacting quality standards are ensured by *statistical process control* – a system which keeps production quality variances to a minimum.
- Daily, boats in production are subjected to a *quality audit index* – the Four Winns standard of excellence.

Four Winns maintains exceptional control over every aspect of production – by designing our own hulls, building our own trailers, and working closely with propulsion experts at OMC who engineer and manufacture all the powerteams. Because of this integration, hull and engine deliver optimum performance and fuel economy...trailers provide better support...and – best of all – boat, motor, and trailer are backed by the same, hassle-free agreement – Four Winns exclusive *Winning Edge™ 5/3/1 Owner Protection Plan.**

*Ask your Four Winns dealer for full details.

1

2

1. Sure Load™ color-matched, custom-bunk trailer is standard.
2. Convenient bow access step and under-seat storage.
3. Integrated, oversized beverage holder, stereo speaker, and lockable, integrated, insulated cooler and glove box.

3

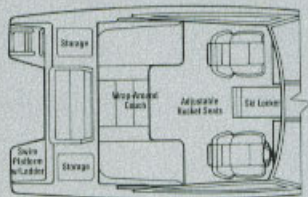

4

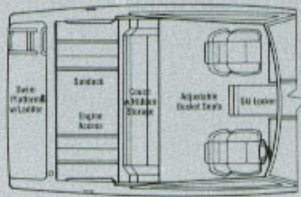

170/190 FREEDOM

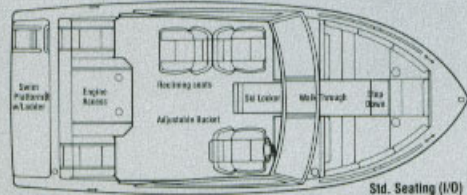

"Dear pen pal, Well, you missed another great party. Your gift was a big hit though...Thanks ever so much for the fake green slime... After the cake, my mom built a big bonfire and we took turns telling spooky stories...a neighbor told us our screams and giggles carried for miles over the water...Maybe you will be able to come to my party next year..."

THE ONLY THING ENTRY-LEVEL ABOUT A FOUR WINNS FREEDOM IS THE PRICE.

Construction-wise, style-wise, and feature-wise, Four Winns Freedom™ models rank with much pricier runabouts. Consider...slimline sidewall design... plentiful storage...a stainless swim ladder and ski eye...self-storing canvas top...built-in cooler... Four Winns Sure Load™ trailer and *Winning Edge™* 5/3/1 Owner Protection. All of which make Four Winns 170, 170 Closed Bow, and 190 Freedom sportboats very wise choices, indeed.

195 FREEDOM

"We finally stopped talking about it and bought a boat. What fun! Every day is a new adventure. We divide our time equally between snorkeling and fishing... You learn quickly out here to stow gear (boat speak for 'pick up your junk')... Everything has its place. I'm just having a hard time convincing 'Captain Bligh' that my place is at the helm - at least part of the time."

180 HORIZON

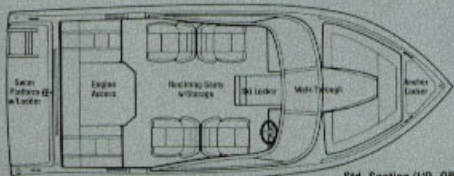

"Your brothers and I caught 'old Ironjaw,' son. The three of us were drifting off the point... just outside the reeds. The kid had just put a fat, juicy wriggler on his hook...and wham! Took all three of us to get him in the boat. For the record, he weighed in at 9½ pounds. You're going to have to take our word on this one, boy... 'cause we put him back..."

1

2

1. Integrated, insulated ice chest drains overboard.
2. Optional stereo AM/FM cassette w/ 60W equalizer.
3. Optional bow canopy adds privacy for optional portable head.
4. Large, sidewall storage compartments.

3

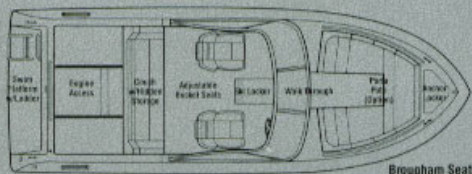

4

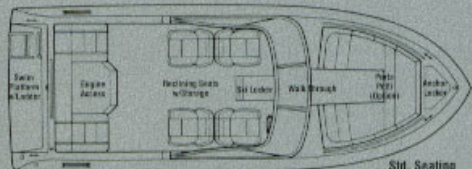

220 HORIZON

"Morning! (or 'Afternoon', as the case may be). We're on the water already...vacation's too short, day's too beautiful, etc., etc. See map on back for suggested bike route. Beach ride will be easy. Climb to waterfalls will be painful but well worth it. Cross the river anywhere above the falls...then it's downhill. Have your appetites back here by 6:00 for burgers, dogs and pasta salad."

6

YOU CAN PAY MORE, BUT YOU CAN'T BUY MORE SPORTBOAT.

The best thing to happen to sportboats since the 180 and 200 Horizon™...the 220 Horizon. Well-appointed and styled with contemporary flair, the 220 is engineered for large or small waterways...it's spacious, deep, and accommodating...and it's extra-versatile when equipped with an optional bow canopy to shelter people or gear from sun, rain, or wind.

235 VISTA

"The area is called 'Thousand Islands,' sis. I'll say. Spent a week exploring and only stood on fifty of them. Every one different. Yesterday, up early. A game of chess, quick swim (read, bath), and we were on our way into a glorious sunrise. An absolutely incredible morning to end an equally incredible trip. Henry Hudson would have been proud. Have I got slides for you!..."

OVERNIGHT SUCCESS STORY.

The all-new Four Winns 235 Vista cruiser, premiering this year, has earned rave initial reviews. At 24'4" with an 8'6" beam, the 235 is a graceful young member of the liveaboard class. Forward and mid-cabins provide overnight accommodations for four, and the complete galley and enclosed head are efficient and accommodating. In the cockpit, there's a distinctive step-up dash with walk-through deck access, a double helm station seat, and stern passenger lounge.

LIVEABLE LUXURY. A TRAILERABLE BEAM. UNFORGETTABLE ADVENTURES AHEAD.

Combining the comforts of a wide-body with a trailerable beam wasn't easy. But it was worthwhile. Presenting the Four Winns 265 Vista...below deck, a roomy cruiser – complete with galley, lounge seating that converts to dinette or spacious double berth, enclosed head/sink/shower, and mid-cabin double berth. In the cockpit, an adjustable helm bucket, L-shaped passenger lounge with optional rotating base. All that luxury. All still legally trailerable in all 50 states.

201 LIBERATOR

“What will we do for two whole days at the lake?” you ask...boy, have you been in the city too long! How 'bout parasailing, skiing, tubing, fishing, snorkeling, scuba diving, the waterfront bazaar (varsity shopper's mecca), breakfast/lunch/dinner at the pier, sunsets off the point, moonlight cruising. Give up? Come on up, bring sunglasses, sunscreen, and your sunny smiles...”

4. The 201's awesome performance...available with up to 350CI OMC King Cobra® stern drive.
5. Digital depth sounder.
6. Back-lit instrument panel is functional and attractive.

HIGH PERFORMANCE AND PRACTICALITY CO-EXIST.

The essence of the Four Winns 201 Liberator is a proprietary blend of performance and practicality. Uncompromised performance is apparent in the boat's lean silhouette...bold new graphics...standard steel prop(s)...and unmistakable performance. Yet the 201's practical side is also evident in its generous cabin...comfortable vee-berth...storage...and a stern couch.

251 LIBERATOR

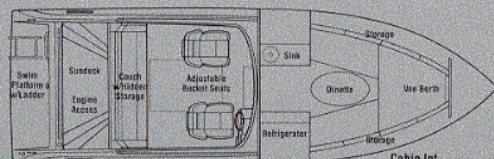

"Thanks for the cool day...

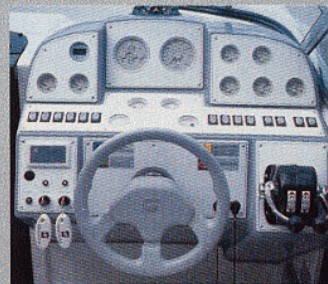

If you were trying to impress me ...the boat, the dinner, the sunset – it worked! Know what impressed me most?...your cool control...the way you ignored those hot dogs who wanted to race...and the way you stayed clear of the couple fishing...and I loved going fast when there was nothing out front but open water. You don't scare me a bit (and that scares me a lot!)"

2

1. Prop selection line tunes performance.

2. OMC controls provide smooth, positive shifting over the full speed range and shift arc. Throttles feature thumb-activated power trim and tilt.

3-4. Johnson® and Evinrude® outboards offer loop-charging, VRO™ oil injection, "lost

3

4

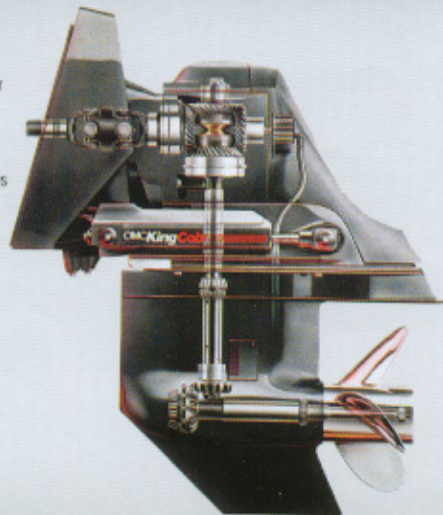

THE POWER OF OMC®

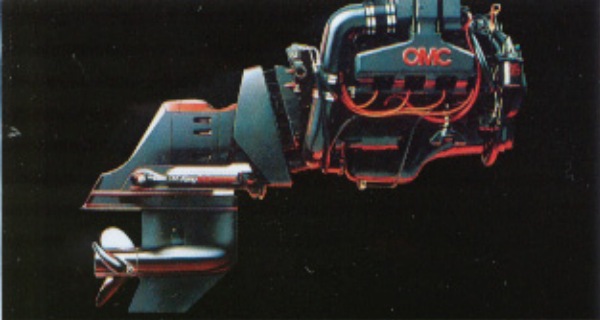

"The reliable OMC propulsion system that powers each Four Winns boat is design-matched to the hull and running surface. Operating efficiency and fuel efficiency are optimal... power for skiing or cruising is just a throttle nudge away."

OMC Power Delivery System

To handle the higher torque of big block V-8s, a rugged OMC King Cobra® power delivery system features a bronze alloy cone clutch, machine-matched forged gears, an automotive type u-joint and hardened alloy drive shaft.

5

foam™ powerhead casting, 19-step corrosion protection and other sophisticated systems.

5. Mighty 454 OMC King Cobra® stern drives' impressive power-to-weight ratio combines outstanding performance with operating efficiency.

6. Spillfire™ electronic engine management monitors vital engine functions and tunes the engine under way. The "smart" system's S.L.O.W.™ overheat protection automatically reduces engine RPMs to compensate for overheating, over-revving or low oil pressure.

6

THE CONFIDENCE OF FOUR WINNS...THE POWER OF OMC.

While most other boat brands are still engaged in a race to accept a large range of power systems from a limited number of engine manufacturers, every Four Winns boat is designed to accept a design-matched to a limited range of rugged, reliable propulsion systems from Outboard Motor Corporation...a world leader in marine power and technology. That means assured performance for the boating lifestyle you pursue - from every engine recommended for cruising, fishing - from every engine recommended or offered on your Four Winns boat.

The popular OMC Cobra® and OMC King Cobra® designs have continuously evolved since their introduction in 1984...pioneering electronic engine management systems and advancing the technology of stern drive propulsion.

Johnson® and Evinrude® are the best-known selling outboard brands in the world. Advanced features like loop-charging, VR0™ oil injection, foam powerhead casting, and a 19-step corrosion protection system assure their continued popularity.

OMC engine controls provide smooth, precise shifting over the full speed range and shift.

All OMC power systems have an enviable reputation for long life, dependable service, outstanding performance and excellent operating efficiency. That's why we have the confidence to back them twice over - by the OMC 1 + 2™ protection plan...and again by the Four Winns Winning Edge™ 5/3/1 Corrosion Protection Plan.

CANVAS: QUALITY IS TOP PRIORITY

The complete selection of canvas configurations now offered in fade-resistant, UV-treated canvas. Canvas tops and mooring covers increase your boat's versatility, guard against the elements, and protect your boating investment.

Mooring and cockpit covers feature support rods to promote rainwater runoff, reinforced seams, high-quality fasteners, Velcro® and large-tooth nylon zippers for greater strength and convenience. Inserts are crafted from durable clear plastic. We even sew our own canvas. Canvas covers will fit snugly and securely. And, all top colors are coordinated with your boat's

COLORS: THE QUALITY SHINES THROUGH

Looks like this will be our brightest year... thanks to contemporary new color selections. And we give you more color choices than Four Winns!

Four Winns' vibrant gelcoat colors are a testament to our superior production techniques. While some boat builders utilize light colors to avoid print-through or hull distortion, Four Winns uses bold, rich colors – while imposing rigorous production standards. In addition, we utilize premium gelcoat which buffs back to its original color year after year.

Color-coordinated vinyls are made to meet our specifications...UV-treated...stain, mildew resistant...with "memory" to retain its shape. Our carpets are the finest in terms of durability, mat-resistance – as well as cut and fit.
