FACTORY WARRANTY  
FOUR WINNS

COMPONENTS

The exclusive factory warranty covers material, labor, and most boat components for three years; exceptions apply. Our customer service experts use state of the art technology for claim processing; a direct link to the craftsmen/professionals that manufacture your boat. (Trailer warranty limited to one year)

OSMOSIS

A prorated warranty covers osmotic hull blistering for five years. Our engineered Vinyl Esther barrier coat has the best track record in the industry for minimizing hull blistering—a process of construction that gives you peace of mind.

HULL STRUCTURE

Lifetime structural hull or deck warranty applies to the first retail owner. A testimony of hull design and structural engineering makes the warranty transferable to the second owner; limitations apply.

DOCKING MADE EASY

Joystick piloting is now available on a variety of the Four Winns® models as optional equipment. This powerful technology is designed to solve boating's biggest challenge—docking—by letting you move the boat sideways, at an angle or in a circle, all with a simple twist of the wrist.
