

1997 FOUR WINNS

*Boating with Four Winns...it's about setting your own course. It's about wide-eyed kids with wet, tangled hair screaming for joy at the top of their lungs. It's about anchoring in a secluded cove to work on a tan. It's about images of water, sun, and sand that can bring a smile at a moment's notice. In short, it's about putting back in a few short hours all that the world takes out of you. At Four Winns, we never forget this. That's why we design and build our boats the way we do...around the most important feature on board...you.*

*It's About You.*

*<http://www.fourwinns.com>*

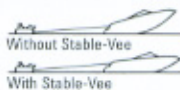

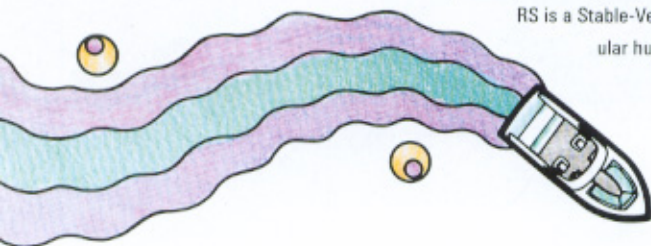

All Four Winns boats and components meet or exceed standards set by the U.S. Coast Guard, the National Marine Manufacturers Association, the American Boat and Yacht Council, and the Canadian Construction Standards for Small Vessels. In addition, all Four Winns boats are certified in Europe by the International Marine Certification Institute and carry the CE mark of conformity.

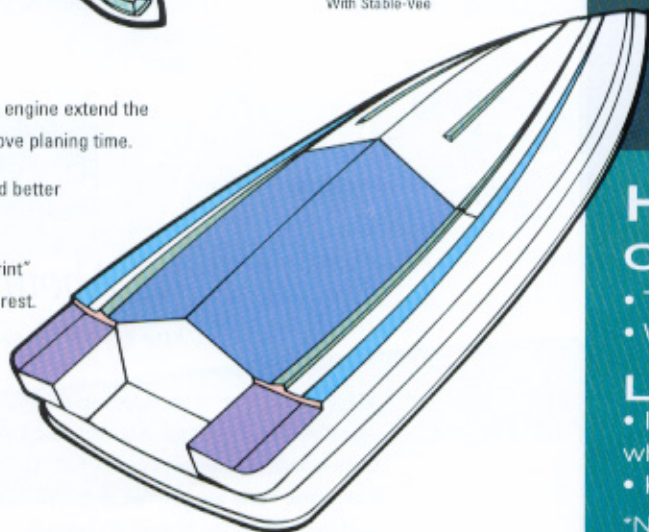

**W**hen you've been building boats for 23 years, you realize the importance of listening to the right people. At Four Winns, we take to heart the valuable feedback we receive from both our customers and dealers. After all, they're the ones putting our products through their paces. The features detailed here and throughout this book are the result of reacting to their comments and are a large part of what makes Four Winns boats some of the most innovative and boater-friendly crafts on the water.

**We're better at taking turns...**Try as they may, the competition can't match the performance of Four Winns' exclusive Stable-Vee® hull. It provides more running surface allowing you to come up on plane quicker, corner flatter and more predictably, and run "drier" at higher speeds, eliminating drag. And new this year on Horizon® QX, RX and RS is a Stable-Vee<sub>2</sub>® hull. A welcome innovation to our popular hull design, it provides superior handling and helps increase cockpit space.

- Active pods aft of the transom on either side of the engine extend the running surface, helping to limit bow rise and improve planing time.
- A stepped hull at the transom creates less drag and better top-end performance.
- A variable deadrise gives Stable-Vee its big "footprint" for improved lateral stability whether running or at rest.
- A unique chine size and reverse angle design minimize spray and assist in planing.
- Strake size and placement create additional lift for better overall performance.

**The future is wide open...**Our innovative, helm-forward, wide-beam design makes Four Winns boats simply feel bigger...Horizon QX, RX and RS interiors rival the roominess found in boats in the 20' and up class. Other Four Winns models feature more cockpit space and ample storage.

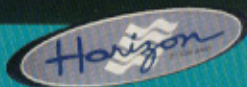

## HORIZON SERIES - CONVENIENCE I OPTION PACKAGE\*

- Tilt steering
- Depth gauge
- Wood grain dash
- Cockpit and forward cover

### LIMITED OPTION PACKAGE\*

- Includes Convenience I PLUS gold appointments
- Aluminum trailer wheels
- Compass
- Bow fill-in cushions
- Hour meter
- Kenwood compact disc player
- Moonrock gelcoat

\*Not available on Horizon QX or RX

QUALITY MODELS INTERNATIONAL

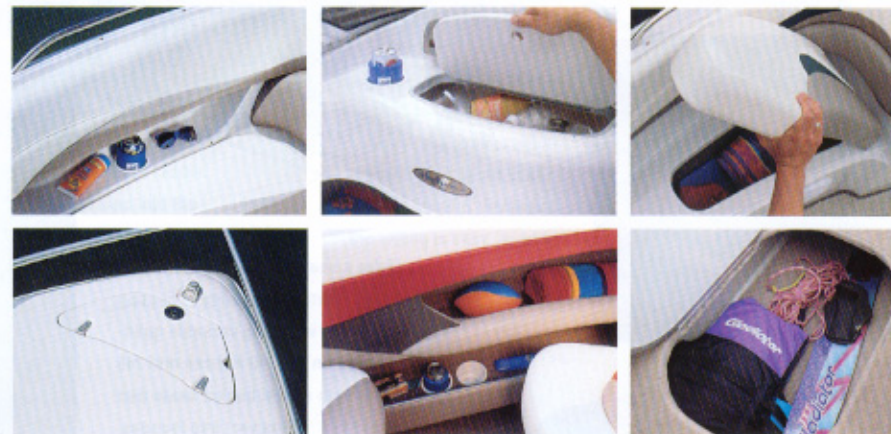

**A sound decision in stereos...**all Four Winns models for '97 (opt. on Fling, QX, RX) feature a quality Kenwood stereo that delivers superior sound.

KENWOOD

**Automotive-style helm...smart looks, smart design...**easy to read and housed in a glare-reducing dash, the instrument panel has an array of analog instruments integrated on a printed circuit board for improved reliability and serviceability.

**Trailers we're proud to have behind us...**every Four Winns model comes with a custom-matched, color-coordinated, Sure Load™ trailer (available on Vista models) that you can be sure is built and fits right because we build it ourselves. Four Winns is one of only a handful of boat manufacturers that offers this exceptional feature.

**Your stuff goes here and here and here ...**Multi-level sidewall storage...cavernous cockpit storage...bow area storage...it's amazing how many places you'll find on a Four Winns boat to store your gear.

**Building a better boat...**all our boats are constructed with glass fiber reinforcements from Owens-Corning, a recognized leader in fiberglass.

**A bigger cooler? We'll all drink to that...**Our large built-in, self-draining cooler will hold up to 48 cans of your favorite beverage and still have room for ice...a refreshing thought when spending long days in the summer sun.

The difference in boating between acceptable and exceptional is often very little. That's why Four Winns offers the important little extras - a deep-reach ladder, a durable Armorcote gelcoat, convenient anchor storage, underfloor wiring that's routed for easy servicing, the list goes on. These features, ignored by many other boat manufacturers, may seem insignificant until you consider that, as a whole, they make Four Winns boats some of the most full-featured and desirable boats in the industry.

Standard

Sun Sport

U-Wrap

Quad

**Take a seat...any seat...**Four Winns features a variety of seating configurations including versatile quad-style seating on the 240 Horizon and 245 Sundowner with swivel bucket seats that convert into lounges.

**Seat construction that takes a back seat to no one...**Four Winns bucket seats, loungers and quad-style seats are made from dense injection-molded foam and durable composite frames for optimal comfort and long life. And now, Four Winns features a new bucket seat designed for extra comfort.

**One of our best-kept design secrets...**our ultra-strong composite coaming material is 70% lighter than many of the materials used by our competitors. This translates into superb aesthetics and durability and gives us the design freedom to build in more storage space.

EAGLE EPICHER

245 SUNDOWNER

**LEWMAR**

**A hatch with our seal of approval...**all Four Winns boats feature quality-constructed, well-fitting Lewmar hatches.

**The tank that fuels your fun...**an important feature you don't have to think about, our Moeller fuel tanks fight corrosion and stand up to years of wear on the water.

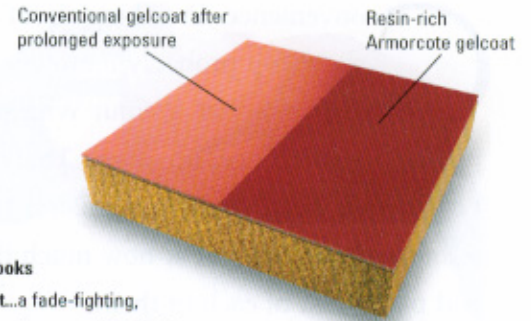

**A better way to weigh anchor...** just one of the many enviable Four Winns features, our anchor storage compartment means the anchor is out of sight and out of the way when not in use and easily accessible when needed.

**Our deep access swim ladder...a step or two above the rest...** boarding a Four Winns boat is easy thanks to our powder-coated, deep access ladder. And because it is recessed into the swim platform, the entire platform is functional whether the ladder is deployed or not.

**GG Schmitt & Sons**  
MARINE EQUIPMENT

**Better looks that last...** a fade-fighting, easy-care Armorcote™ finish is specially formulated to resist the effects of wind, water and sun...and unlike many other boat manufacturers, we apply it to the entire hull and the deck.

**Underfloor wiring that we're proud to plug...** a simple routing system keeps wiring well protected and out of sight. If servicing is needed, access to the wiring is easy. In addition, a transducer for an optional depth sounder is flush-mounted in the hull.

**Convenient companionway access...getting in and out just got easier.** Thanks to ingenious dual companionway doors on our cuddy models, you can visit with anyone whether they're in the cabin or the cockpit. Of course, because the doors are tinted and lockable, privacy is always available.

## SUNDOWNER SERIES - CONVENIENCE I OPTION PACKAGE

- Tilt steering • Depth gauge • Mahogany dash • Cockpit cover

## CONVENIENCE II OPTION PACKAGE

- Includes Convenience I PLUS • Cockpit table with mount • Windshield wiper • Porta potti • Compass

## LIMITED OPTION PACKAGE

- Includes Convenience I and II PLUS gold appointments
- Aluminum trailer wheels • Hour meter • Kenwood compact disc player
- Moonrock gelcoat

**C**onvenience. In talking about features on a boat, this word shows up probably more often than any other word in boating literature. At Four Winns, we believe it's not enough to just talk convenience, however. That's why, once you step aboard a Four Winns boat, you'll immediately be impressed not only by the number of features but at how much thought went into the design and placement of each of them.

**We've got you covered...** Easy to put up, easy to store, Sunbrella is the breathable, durable brand of canvas used on most Four Winns models. It's color coordinated to the boat and custom sewn and factory installed to create a tailored fit. In addition, all Four Winns boats feature quality constructed canvas support stainless steel tubing from Romac.

**ROMAC**

## VISTA SERIES -

### CONVENIENCE I OPTION PACKAGE (238, 258)

- Tilt wheel • Compass • Cockpit cover • Trim tabs

### CONVENIENCE I OPTION PACKAGE (278)

- Tilt wheel • Compass • Gas vapor detector • Cockpit cover • Trim tabs

### CONVENIENCE II OPTION PACKAGE (238, 258, 278)

- Includes Convenience I PLUS: • Fireboy • Transom washdown • Windshield wiper • Aft fill-in cushions

**Premium vinyl...never out of style, never out of shape...** the vinyl used in all Four Winns seats and side-walls is manufactured by Marine Specialties Group. It is endowed with a "memory" that keeps it from bunching, gathering or stretching. It also retains its shape a lot longer and is fade-, stain- and mildew-resistant.

**Carpeting that doesn't just lay there...** our premium 28-ounce Olefin fiber carpeting stands up beautifully to everyday wear and tear. It's specially designed to resist stains, fight fading, and easily vacuum back to a fresh, like-new appearance.

**SYNTEC**

### New fabrics, new colors...your new home?

We've taken a cue from home design and consulted with an interior designer to come up with fresh fabrics, color schemes and new counter tops that not only look great, they retain their good looks a lot longer.

A windshield with a clear advantage... a wrap-around, safety glass windshield provides both style and function to Four Winns boats.

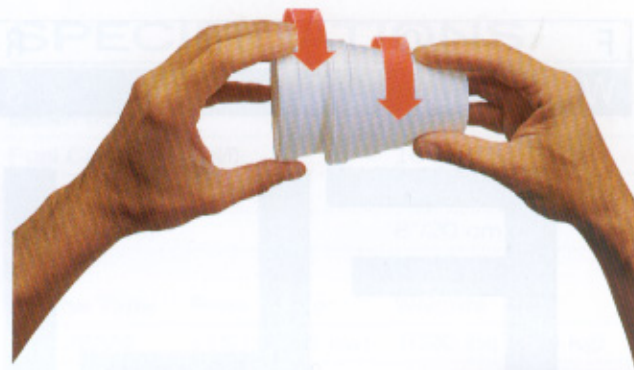

Volvo Penta stern drives...more reasons to hit the water running... when OMC and Volvo Penta combined forces, they used their considerable strengths to create the world's most advanced stern drive engines that are unmatched in terms of dependability, durability, handling and smooth, quiet operation.

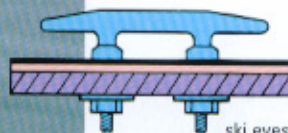

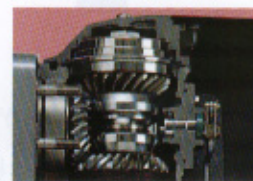

**VOLVO PENTA**

**DuoProp™ and EFI...a powerful combination...** where electronic fuel injection gets you up and going quickly and confidently, DuoProp, with its counter rotating props, delivers precise handling and reduced planing time for unrivaled performance.

**All shifts in power should go this smoothly...** While we demand that an engine perform beautifully, we also don't want it to call attention to itself. That's why Volvo Penta stern drives feature cone clutch technology. With no shift interrupter or intermediate cable, this technology delivers smooth, quiet operation without the annoying "clunk" found in other systems.

**Stainless steel hardware that's tough to beat...** all cleats,

ski eyes, bow rails and other hardware pieces are constructed from high-quality stainless steel and are thru-bolted with metal washers for strength and durability.

**attwood**

**The Four Winns fanny pack...now you can take it with you...** This neatly styled, soft-sided storage pack easily snaps in for added storage on-board or can be taken with you when you leave the boat.

**A better battery right from the start...** when your dealer takes delivery of your new Four Winns boat, he installs a reliable, maintenance-free, deep-cycle Interstate marine battery from an inventory that is rotated every 90 days to assure battery freshness.

S E R I E S

# QX

The 1997 Horizon® QX is proof that you don't have to go to great lengths to enjoy family boating. Thanks to an innovative, helm-forward, wide-beam design, QX features cavernous cockpit and bow areas that rival many boats that are considerably longer. Combine this with the nimble handling provided by a new Stable-Vee®<sub>2</sub> hull and the durability of a standard full fiberglass floor liner and you've got an agile, all-around performer that's long on value.

QX provides the space, power and performance to make the most of your day on the water.

A new powder-coated, deep-reach ladder is corrosion-resistant.

A built-in, large-capacity cooler is one of the many Four Winns features that is often missing on other boats in this class.

Left - optional lay-in carpet is both durable and easily removed for cleaning.

Right - in-floor locker with hinged access and raised floor keeps gear stored and dry.

Shown in an optional two-tone gelcoat, QX features a new Stable-Vee<sub>2</sub> hull that delivers unequalled performance in terms of better cornering, quicker planing and overall superior handling (Sun Sport seating shown).

## SPECIFICATIONS

LOA (ft/m)	16'6"/5.03 m
Center Line (ft/m)	16'5"/5.01 m

Roomy bow area with optional fill-in cushions.

H O R I Z O N  
S E R I E S

# RX

Once you step aboard a Horizon® RX, you immediately feel like you've stepped aboard a much larger boat. That's because we moved the engine aft and broadened the beam to create cockpit and bow areas that leave plenty of room to stretch out. We also made innovations to the hull for superior performance and included Volvo Penta power up to 190 horsepower. Combine these with RX's sizable list of features and you have several strong reasons to take to the water.

A standard full fiberglass liner means easy clean up and great looks that last.

Four adults or a big group of kids can be accommodated by our optional Sun Sport seating package.

Large capacity storage areas are found under the hinged bow seats.

Left - a standard woodgrain dash features easy-to-read instruments and easy-to-reach controls.

Right - multi-level sidewall storage accommodates a variety of gear.

A Stable-Vee<sup>®</sup><sub>2</sub> hull translates into less bow rise and faster planing speeds.

# OUTBOARDS

If you're into fishing, skiing, tubing or just cruising, Four Winns has outboard and fish and ski packages that are uniquely suited to help you chase your passions on the water. Each model beautifully combines a long list of fishing- and boater- friendly features with the high-performance power from either Johnson® or Evinrude®. So whether you're out to catch your limit or simply have unlimited fun, Four Winns will get you there in style and comfort.

For more seating options, outboards are available with back-to-back loungers.

Dual livewells on the fish and ski package are conveniently located underneath the stern seats.

Ample storage is found beneath the sundeck and accessed by "gull wing" doors (shown with optional ski pylon).

A trolling motor with new switch panel allows you to trim your outboard in and out of the water without leaving your forward fishing chair (fish and ski pkg.).

The battery charger included on the fish and ski package lets you charge the batteries without taking them off the boat.

Left - an innovative stern seat design features jump seats that convert to fishing chairs.

Right - Lowrance fish finder, located at the helm, swivels for viewing from anywhere in the boat (fish and ski package).

Power up to 175 hp is available from Johnson or Evinrude; top names in the marine industry.

# RS

You'd be hard pressed to find so much interior room and so many on-board amenities in any other boat this size. Come aboard Horizon®RS and be impressed by its spacious interior and features that include bow wrap-around seating, standard lay-in carpet, stainless steel bow rails, a lockable glove box and a built-in cooler that holds enough beverages to quench the thirst of a small army. One look and you'll agree that the RS might just stand for the *Right Stuff*.

Shown with optional fill-in cushions, the bow wrap-around seating area on RS is as large as bow areas on many boats 20' and up.

Folding Sunbrella canopy easily stores in the large in-floor locker.

A unique feature on a boat this size, an anchor locker is integrated under the forward bow seat.

Left - port console features a lockable glove box and a built-in, self-draining cooler.

Right - an automotive-style helm with premium Kenwood stereo and optional compass.

Hinged stern couch unfolds into a roomy sun lounge and "gull wing" doors open for ample storage (Sun Sport seating).

Reliable, easy shifting Volvo Penta stern drives are available with electronic fuel injection.

# 200

Horizon® is the name in the marine industry that continues to define the concept of open-bow family boating. And this year's 200 Horizon has it all. Its wide open interior gives you plenty of room to stretch out and there's enough storage space to accommodate all your toys and treasures. Best of all, our patented Stable-Vee® hull, combined with Volvo Penta power, delivers the kind of performance that will have the whole family cheering.

Sun Sport stern seating features a pull-out sun lounge that lets you comfortably catch some rays.

Hidden, deep access ladder is powder-coated to fight corrosion and angled for easy boarding.

Portside console includes large capacity cooler, glove box and beverage holder.

Left - back-to-back seats convert to a lay-down lounger with kick-up head rest.

Right - helm with optional depth sounder has a shallow water alarm.

An exclusive Stable-Vee hull provides quicker planing, better cornering and improved overall handling.

# 220

In boating, as in life, it's the little things that make a big difference. Which is why the added amenities on this year's 220 Horizon® make it a popular choice for boaters looking for the important little extras...extras that include comfortable, convenient seating options, built-in driver and passenger armrests, a premium Kenwood sound system and so much more...If it's truly the little things that count, you can count on the 220 to deliver like no other boat in its class.

Stereo speaker is stylishly integrated with the sidewall storage.

Optional walk-through doors keep out wind and weather.

A cavernous in-floor locker with raised floor and removable carpet lets you store a variety of water toys.

Left - wide open engine access makes routine maintenance a breeze.

Right - a full fiberglass engine box adds durability and good looks and rear jump seats are removable.

# CANDIA FUNSHIP

If you're looking to entertain a large crew, you should know that this year Candia™ brings a lot more to the party... a lot more in terms of performance, amenities, styling and simple overall enjoyment. Candia benefits from a new modified vee hull that gives it the performance and ride of a sport boat.

Its ample features roster includes dual swim platforms with hidden ladders, a large, in-floor ski locker, convenient side access, an enclosed head compartment with opening port window, and storage virtually everywhere.

A side access door and new convenience center featuring a sink, cooler, beverage holder and hinged beverage rack.

Two adults fit easily at the helm with an optional swiveling buddy seat.

A wide forward swim platform contains a concealed ladder compartment that doubles as anchor storage.

Left - optional bow fill-in cushions convert bow seating to a sizeable sun lounger.

Right - enclosed head compartment is standard with an opening port window.

# 195

When it comes to on-water versatility, few boats can match the style, comfort and performance of a cuddy. And if you consider all the cuddies out there, few can equal the 195 Sundowner™. With plenty of storage, room for two adults in the cabin, and seating options that include optional Sun Sport seating with a pull-out stern lounge, or standard seats in the cockpit that convert to sleeping areas for kids, the 195 Sundowner answers a variety of boating questions with a resounding yes!

Standard stern seats easily convert to a sun lounge.

Fill-in cushions convert the cabin to a sleeping area for two adults.

A smartly designed helm features a superior Kenwood stereo and optional compass.

Left - generous sidewall storage is another important Four Winns feature.

Right - cockpit seats convert to lay-down loungers with kick-up headrests.

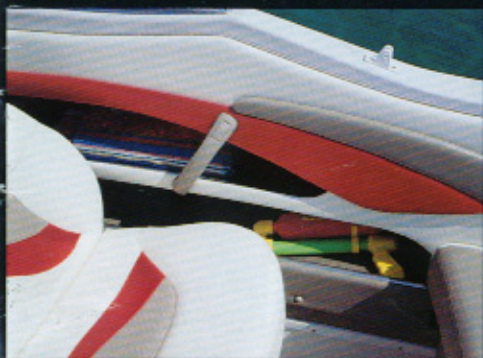

In addition to stern drive power up to 225-hp, Johnson® or Evinrude® outboard power is also available.

# 205

One look at the new 205 Sundowner™ and it may well change the way you look at boating overnight. Its eye-catching good looks and well thought out design are complemented by a host of features including a spacious, well-appointed cabin, an integrated, self-draining cooler, a walk-through windshield, hidden top storage, a standard bimini top with front connector plus other appointments that make 205 the ideal overnighting craft.

Roomy 205 cabin features fresh new fabrics and optional pillows.

Available table with mount expands your entertainment options.

A large, built-in, self-draining cooler holds a day's supply of drinks.

Left - an automotive-style helm features easy-to-read gauges.

Right - lay-down lounger w/ headrest is perfect for catching some rays.

# 225

You don't have to eat and sleep boating to appreciate all the eating, sleeping, cruising, skiing and fishing you can do aboard the 225 Sundowner™.

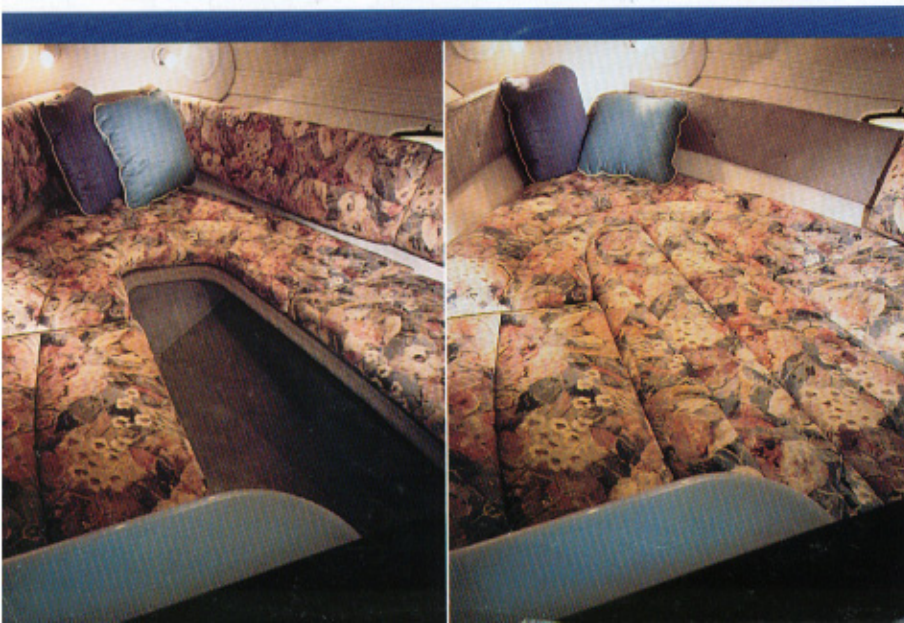

With an impressive choice of engines, three seating choices, and a long list of smart features including a snap-in fanny pack, an automotive-style helm, a quality Kenwood stereo, and

an integrated, deep-reaching ladder, the 225 Sundowner may well be your home away from home.

Dual bi-fold doors allow easy access between the cabin and cockpit.

Another Four Winns exclusive; vee-berth back-rests convert the cabin for sleeping, eliminating the need for additional cushions.

A ski locker integrated into the cockpit floor is part of the standard seating package.

Left - optional head stows on a slide-out platform.

Right - integrated glove box doubles as a passenger armrest.

# 245

The largest in the Sundowner™ series, the 245 Sundowner is big in more ways than one. In addition to outstanding performance provided by an award-winning Stable-Vee® hull, the 245 Sundowner has a sizable features roster including a spacious, well-appointed cabin with a standard, easy-access head, three available seating configurations, a cabin/cockpit cooler, multi-level sidewall storage, and so much more. In short, this is what living large on the water is all about.

An available stove stores under the helm.

Optional table can be removed; cabin backrests convert the cabin to an ample sleeping area.

A rare cuddy feature...an in-floor locker accessed by a wide-opening hinged lid.

Left - optional solid-wall head enclosure.

Center - lockable companionway doors let passengers in the cabin and cockpit interact.

Right - opening port light window with screen and optional cabin sink.

Endowed with an exclusive Stable-Vee hull and power up to 330-hp, 245 Sundowner is an able performer.

# 203/243

## CONVENIENCE I OPTION PACKAGE (203)

- Rod holders •Compass •Fish finder
- Dual batteries •Cockpit cover with forward

Fishermen vary tactics, but when it comes down to it, they use what works. And nothing works harder to meet the needs of fishing enthusiasts than our Coast Runner™ series.

Because fish often feed in wet weather, the 243 is a smart choice. Smarter still are its features including, two removable aft jump seats, rod storage and sliding cabin windows.

203's ample features make it an ideal fishing craft with rod storage and available aerated livewell. A full-featured convenience center and integrated swim platform also make it perfect for family outings.

Coast Runner stern seats can easily be removed to battle with the big ones. (243)

# 238

Optional cockpit table enhances your entertainment options.

Aboard a 238 Vista, you can lose sight of land knowing that we lost sight of nothing. Detailed to amazing completeness, the 238 features roster includes a Kenwood AM/FM cassette stereo, depth sounder, Sunbrella camper canvas and cabin entry doors that open overhead for additional light and easy access. The generous cabin includes a spacious vee-berth, a separate mid-cabin, a complete galley and standard enclosed head with shower, making the 238 Vista an ideal craft for an extended stay on the water.

Stern seats with optional fill-in cushions let you have your place in the sun.

Galley with stainless steel sink, optional microwave, and rich wood appointments. Vee-berth with table.

Access to the mid-cabin is easy even for adults.

Sidewall storage means more room for your gear.

Galley/master vee-berth featuring stylish, new fabrics and backrests that convert to fill-in cushions.

# 258

What better way to explore the beautiful big blue than aboard a craft that is big on performance and beautiful in design. Step aboard a 258 Vista and you'll quickly come to appreciate the outstanding performance of its exclusive Stable-Vee® hull married to a Volvo Penta stern drive. And you'll enjoy all the comforts of home with a spacious cabin that includes a full-featured galley, a roomy mid-cabin berth and the many extras that put the 258 Vista in a class all by itself.

Taking a page from home design, our interiors feature a well thought out galley and main cabin berth with back rests converted to fill-in cushions.

A well-appointed galley features stove, sink and optional microwave.

A wide-opening companionway door makes access between cabin and cockpit even easier.

There's more room for your gear with standard storage under the adjustable helm seat.

A power control panel and optional 10-disc CD player are accessible in the cabin.

Left - enclosed head with sink, shower and optional porcelain head.

Center - walk-thru windshield for easy deck access.

Right - mid-cabin access is easy even for adults.

# 171/191

There's something about going full bore over water that sends the heart racing like few other things can. And when you hit the water with a 171 or 191 Unlimited, the thrill is even more intense. Both are loaded with the kind of power and precise handling that gets the adrenaline pumping immediately. Yet both are civilized enough to offer features like a superior Kenwood stereo, a standard ski tow and soft, stylish upholstery which means the fun you can have with these boats is, well, unlimited.

A smartly designed helm features a carbon fiber panel, full VDO instrumentation and optional Kenwood CD player.

An optional windscreen adds a stylish touch.

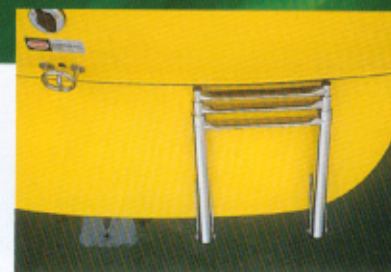

## CONVENIENCE I OPTION PACKAGE

Unlimited's cockpit is styled for comfort.

Because of the trailer's low profile, the boat can easily be floated on or off at the launch.

New this year, a rubber torsion suspension single axle trailer promotes better stability, reduces side-to-side movement and rides smoother with less "bounce" on uneven roads (available on single axle trailer applications for the Unlimited series and Horizon® QX, RX and RS).

Above left - a zinc chromate primer and two coats of color-matched polyurethane paint give the trailer its long-lasting good looks.

Above center - well-positioned, carpeted side guides, angled bunks and a recessed, frame-mounted roller make it easy to drive the boat onto the trailer.

Above right - as an added measure of safety and security, the trailer tongue can be removed, making the trailer length less than the boat's.

# TRAILERS

Unlike many boat manufacturers, Four Winns provides you with a complete boat/motor/trailer package. Each Four Winns trailer is custom-matched and color-coordinated to each model and is constructed from rugged, all-welded, 11-gauge tubular steel, resulting in a trailer that looks great and performs beautifully.

The low silhouette helps minimize wind resistance and maximize fuel economy to create a stable, easy riding package.

## We Have A Winning Edge™

Our confidence in our products allows us to offer one of the most comprehensive protection plans in the industry: Winning Edge. It covers hull structural defects for a full five years, two years of protection on the Volvo Penta stern drive and a one-year limited warranty on factory-installed systems and components. A one-year limited warranty also applies on Evinrude® and Johnson® powered Four Winns boats and all Fling models. Extended coverage is available. Ask your Four Winns Professional Marine Retailer for details.

In addition to putting you in the boat of your dreams, your Four Winns Professional Marine Retailer can instruct you on safe boat handling and operation and teach you the basics of boat maintenance.

Four Winns has long been taking an active role in promoting safe boating and boater training. To learn more about available boater safety courses in your area, contact one of the following organizations:

Storage beneath bow seats

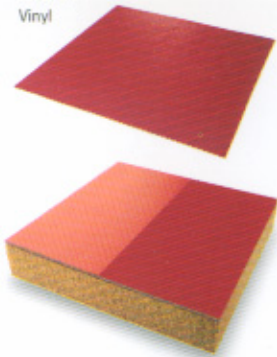

## COLOR & FABRICS

The long-lasting Armorcote finish on Four Winns boats is available in six brilliant combinations...White with Ruby, White with Teal, White with Navy, White with Moonrock, White with Yellow and White with Purple. In addition, elegant, all-white configurations are available with coordinating accents on some models.

This year, we came up with, what we believe are some of the freshest-looking fabrics available. Made of durable premium materials, they will retain their good looks for years to come.

Premium Vinyl

Armorcote

## SUNBRELLA CANVAS

Most Four Winns boats are complemented by color-matched Sunbrella canvas available in a variety of configurations and custom sewn to provide a tailored fit. Available configurations are shown. Ask your Four Winns dealer for details.
