# INTRODUCTION FOR SALES PERSONNEL

FOUR WINNS' Fast Facts is your ready reference to the specific details necessary to assist customers in their boat buying process. In addition to boat specs and engine characteristics, each model's description is followed by the available options. Four Winns boats also have these added advantages, as available by model:

- Aquaflex™ vinyl
- Chrome/stainless components
- Comfort Ride™ seats
- Copper wiring harness
- Faria gauges
- iPod/MP3 player port
- Fiberglass liner
- Interstate marine batteries
- Intuitive switch design
- Ladder, angled, deep-reach
- Mercury Smart Tow and DTS
- Sony stereo
- Sirius satellite entertainment
- Stable-Vee hull
- Stern Drive advantages
- Sure-Load™ trailers
- Volvo-Penta IPS
- Mercruiser Axius

A brief description of these features follows and will serve as a pocket reference/refresher on the Four Winns advantages. For more specific detail, refer to the Four Winns website, current catalogs, or FIRST training modules.

## AQUAFLEX™ VINYL

Aquaflex vinyl is made exclusively for Four Winns. It is designed to be more comfortable, highly resistant to scuffing and abrasion, and has a stronger backing to resist tearing and cracking.

*Aquaflex is not available on SL models.*

## CHROME/STAINLESS COMPONENTS

Every Four Winns boat features a raised model designator and chrome logo.

### STAINLESS STEEL

#### RUB RAIL

Hull and deck are triple fastened with stainless steel screws, sealed with polyurethane, and topped with a rugged stainless steel insert.

#### STAINLESS STEEL FITTINGS

The strength, durability and beauty of stainless steel cleats, beverage holders, lifting eyes, rails and other hardware are appealing to customers. They are also low maintenance.

## PASSENGER ASSIST HANDLES

Whether crafted in stainless steel or durable composite material, look for assist handles to be well-placed and sturdy.

## COMFORT RIDE™ SEATS

### STAY-DRY MOLDED COMFORT FOAM

Water gets squeezed out by the suspension springs and passes through the reticulated foam and out the base.

### STAINLESS STEEL SPRINGS

The stout suspension provides comfortable, yet sturdy support system; polyboard surround won't rot or mildew.

### RETICULATED FOAM

There's a complicated network of cells in this foam which allows for excellent wicking properties and long-lasting performance.

## MORE SEAT FEATURES

### ERGONOMICALLY-DESIGNED BOLSTER

The contour of the bolster allows boaters to bring their feet back for greater comfort and better posture.

Many Four Winns models feature adjustable seating that allows for the seat to slide fore and aft, and to rotate. Levers are located beneath the seat

## TIN-PLATED COPPER WIRING HARNESS

Four Winns utilizes copper wiring harnesses with a tin coating to inhibit corrosion in saltwater environments. Internal silicone seals protect against damage and the contacts are rated for the high amperages required for today's boats.

## FARIA GAUGES

### FOG-RESISTANT GAUGES

The plastic lenses are specially coated to resist fogging and condensation.

## FIBERGLASS LINER

Four Winns boats feature a fiberglass liner and snap-in carpet, making them easy to keep clean.

## INTERSTATE MARINE BATTERIES

Four Winns includes a long-lasting Interstate marine battery(ies) with each boat.

## IPOD/MP3 PLAYER PORT

There is an iPod/MP3/12VDC port in every Four Winns model, making it easy for customers to listen to their preferred music utilizing the stereo system. The 12VDC port also allows boaters to charge players and cell phones.

## INTUITIVE SWITCH DESIGN

Intuitive switch design and selection is just one way to show that Four Winns understands the boaters: Each helm features the right switching mechanism for the type of operation to be performed. There are a combination of toggle switches, rotary knobs and stainless steel, push-button switches for operating pre- and post-launch functions.

ROTARY

TOGGLE

PUSH-BUTTON

## DEEP-REACH LADDER

The Four Winns swim ladder is designed to facilitate boarding: it's angled for easy accessibility and it features wide step pads that are easy on the feet. Most importantly, it extends much deeper into the water than competitive models. The ladder folds into a storage compartment.

## MERCURY DTS AND SMART TOW

**Digital Throttle and Shift** (DTS) is a throttle and shift by wire system that takes the effort out of shifting and throttling. Docking, picking up riders, and other maneuvers are much easier than with conventional controls. Synchronization on twins is automatic. **Smart Tow** combines with DTS to achieve pre-established towing speeds and acceleration rates. Once programmed and when the rider is ready, drivers simply advance to full throttle, and the rider experiences the same pull and the same steady speed every time.

## SIRIUS SATELLITE RADIO

Four Winns provides a six-month subscription to SIRIUS satellite radio; many of the channels are 100% commercial-free. *Dealer activation is required; available in North America only.*

## SONY STEREO

Four Winns has partnered with the leading name in audio – Sony® – for its on-water entertainment. Each model features a marine-grade AM/FM/CD player; some models have available stereo upgrades which include amplifiers and additional speakers; see the Four Winns website or catalog for availability.

## STABLE-VEE HULL

Engineer Tom Wenstadt designed the Four Winns' Stable-Vee hull design, an official patent, and received the coveted Popular Mechanics' award. Since then, plenty of others have attempted to emulate the design, but there's only one true Stable-Vee design. Nowhere is the Stable-Vee advantage more evident than during a hard-cranking turn. The running surface clings to water like it's on rails. Stays flat – much like driving a sports car. Other features of Stable-Vee that should be explained to a customer:

- There is a stepped running surface that reduces drag/friction while underway
- After pods help the boat plane more quickly, much like a set of trim tabs
- The angle of the rise in the boat's hull creates a smooth ride
- The unique shape of the chine gives the boat a large, stable footprint
- The SL models feature a Stable-Vee modification, the split chine (SC). The chine surface starts as one surface aft, then splits into two diverging surfaces forward. This provides a new level of forward load carrying, roll stability, and ride comfort.

# SURE-LOAD™ TRAILERS

Four Winns is one of the only recreational boat manufacturers in the world to make its own trailers. Everything about a Sure-Load™ Trailer is designed for ease of use and hassle-free ownership.

## LOW PROFILE

Boats that sit too high on a trailer are tough to tow; the Four Winns low profile allows for vehicle responsiveness and easier handling. A Sure-Load™ trailer has a lower center of gravity. It's easier, safer and more fuel-efficient.

## FULLY WELDED FABRICATION

Unlike other trailers that incorporate bolts and clamps, a Four Winns Sure-Load™ trailer is fully-welded. There's nothing to loosen over time, and fewer places for corrosion to start.

## CLOSED BOX STEEL CONSTRUCTION

Trailers are constructed of 11-gauge closed box tube steel. Many competitive trailers are fabricated using open channel, c-stock – potentially compromising strength and structural integrity.

## POLYURETHANE FINISH

Compared with the spray enamel used on some trailers, electrostatically-applied polyurethane is both longer-lasting and more resistant to the long-term effects of sun, wind and temperature changes. *Colors are matched to the gelcoat (some exceptions apply).*

## **HEAVY-DUTY JACK STAND**

The Sure-Load™ jack stand has a rotating wheel base; the jack stand swivels and locks in place when towing.

## **TURBOLUBE SYSTEM**

TurboLube is an oil bath bearing system that features a plastic hub, so you can visually see the oil level in each wheel. (*NA on some models.*)

## **SIDE GUIDES**

The vertical rails help keep the boat straight during cross-current or cross-wind conditions, eliminating stressful situations at the launch. (*NA on some models.*)

## **LONGITUDINAL BUNKS**

While roller-style trailers may look easier to load, bunk trailers do the job more effortlessly – with perfect alignment each time. These bunks cradle the boat along each chine, so the weight is distributed across a greater area.

## **FIXED TIE-DOWNS**

Four Winns has devised a way to attach the mechanism to the trailer frame so users have ready access to this important safety feature. (*NA on some models.*)

## **HIGH QUALITY TIRES**

Four Winns utilizes high quality tires on every trailer it manufactures.

## **NON-MARKING BOW ROLLERS**

The forward portion of the keel rests against these high density rollers which are made of a special material that won't leave scuff marks.

## **DISC BRAKES**

Disc brakes are less prone to heat build-up, which means they provide more potent stopping power even under demanding towing conditions. (*NA on some models.*)

## **FOLD-AWAY TONGUE**

Planning to store your boat in the garage or outbuilding? The handy swing-away trailer tongue feature will minimize space requirements or reduce wasted space.

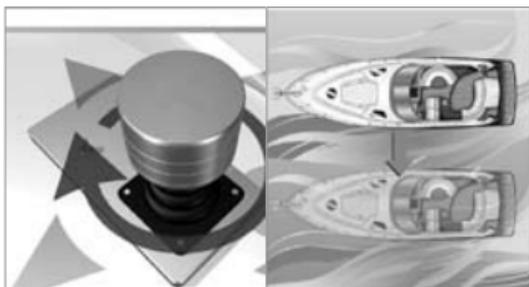

# VOLVO PENTA IPS

FOR GASOLINE OR DIESEL INBOARDS

IPS is the revolutionary **Integrated Propulsion System** with individually steerable azimuthing pod drives. Each pod is steered independently of the other. Sophisticated software transforms the driver's joystick commands into steering angles, gear shifts and throttle positions. The boat moves precisely as the driver intends it to. For more information visit [www.volvpenta.com](http://www.volvpenta.com).

## BENEFITS OF IPS

- Better fuel economy/greater range
- Increased maneuverability and joystick control
- Reduced sound levels
- Enhanced acceleration
- Higher top speed
- Less vibration
- Virtually no fumes

# MERCRAUISER AXIUS PREMIER

## FOR GASOLINE STERNDRIVES

Piloting a stern drive cruiser is easier with **AXIUS** Control system with a docking mode that governs the intensity of the boat's movements. This joystick control prevents overcompensation. The boat is maneuvered easily in any direction. For more information visit [www.mercruiser-axius.com](http://www.mercruiser-axius.com).

### BENEFITS OF MERCRAUISER AXIUS PREMIER DRIVE SYSTEM

- Increased maneuverability/control
- Works with Digital Throttle & Shift (DTS) for precise handling
- Virtually maintenance-free
- Joystick control

**SmartCraft Joystick Docking**

# WINNING EDGE OWNER PROTECTION PLAN

## FOUR WINNS 2009 MODEL YEAR LIFETIME LIMITED WARRANTY

Four Winns Boats, L.L.C., warrants to you, the first North American retail owner, that it will repair or replace defects in materials or workmanship it finds to its satisfaction to occur within the applicable Warranty Periods and subject to the exclusions ("This Warranty Does Not Cover") section set forth below.

**Exterior Cosmetic Gel Coat Limited Warranty:** One (1) year coverage for cracking, crazing and fading except that Four Winns shall have no liability or responsibility to correct or repair any damage if the original gel surface has been altered in any way, including repair, application of any coating other than marine anti-fouling bottom paint, improper surface preparation for paint, or excessive sanding or sandblasting.

**Trailer Limited Warranty:** One (1) year coverage for defects in trailer components (excluding tires and paint).

**Non-Structural Parts and Components Limited Warranty:** Two (2) year coverage for defects in non-structural parts and components.

**Osmotic Hull Blister Limited Warranty:** Five year coverage against hull blistering caused by osmosis subject to the prorated schedule contained herein. The warranty provided in this section is applicable only to the original retail owner and is VOID if the original factory gel coat surface has been altered by excessive sanding, scraping, sandblasting or accident repair. A marine barrier coating with proper surface preparation is required if the boat is bottom painted or if the boat is left in fresh or salt water for more than 60 days in any 90 day period. In the event of osmotic blistering, Four Winns, will at its option repair or cause to be repaired any hull damage and apply a marine barrier coating to the affected surface area(s). For the purpose of determining coverage, osmotic blisters are defined as those blisters larger than 1/8" diameter and with a depth of 1/16" or greater which occur on the hull below the waterline. Repairs will be made (at Four Winns discretion) by the selling dealer, a designated repair facility, or the Four Winns factory. The following prorated schedule shall apply in any case of warranty coverage for parts and materials only. The repairs for osmotic blistering must be pre-approved by Four Winns prior to the commencement of any work. Four Winns must also pre-approve method and cost of the repairs.

Less than two (2) years from date of delivery	100%
Two (2) to three (3) years from date of delivery	75%
Three (3) to four (4) years from date of delivery	50%
Four (4) to five (5) years from date of delivery	25%

Warranty coverage shall be limited to one repair not to exceed \$145 per foot of boat length prior to prorating.

**Structural Component Lifetime Limited Warranty:** For as long as you own the boat. A structural defect shall be defined as defect that causes the hull or deck to be unsafe or unfit for use under normal operating conditions. For the purpose of this coverage, the hull is defined as the single fiberglass molded shell and integral fiberglass structural components including stringers, transom and related structural components which are below the hull flange. The deck is defined as the single fiberglass molded shell and integral fiberglass structural components above the hull flange.

## **Four Winns L.L.C.**

925 Frisbie Street • Cadillac, MI 49601  
Phone: 231-775-1343 • Fax: 231-779-2345  
ATTN: Customer Service Dept.

An action for breach of warranty shall be barred unless it is commenced within four (4) years from the date the cause of action accrues. An action for breach of any duty or obligation to repair or replace shall be barred unless it is commenced within one year from the date the cause of action accrues regardless of the time remaining in the Warranty Period.

## **THIS WARRANTY DOES NOT COVER:**

1. A new boat purchased from any party other than an authorized Four Winns dealer.
2. A boat, including its components, that has been altered or modified so as to adversely affect its operation, performance or durability.
3. Engines, outdrive, controls, propellers, batteries, appliances and other equipment or accessories that are warranted by manufacturers other than Four Winns.
4. Finished surfaces on mirrors, window glass, varnishes, paints, fabrics, chromium plated and stainless steel finishes, because of the varying effects resulting from different climactic and use conditions.
5. The cost of removal or reinstatement of parts or disassembly of units to repair or replace components covered by this warranty.
6. Any boat that has been misused, used in a negligent manner, used for racing, used for rental, charter, military or other commercial purposes, used without normal maintenance, improper lifting or trailering, operated contrary to any instruction furnished by Four Winns, or operated in violation of any Federal, State, Coast Guard or other governmental agency laws, rules or regulations.
7. Any representation relating to speed, range, fuel consumption or other estimated performance characteristic.
8. Loss of time, inconvenience, boat payments, retail charges, travel expense, loss of use, in-and-out-of-water charges, towing and storage charges, loss of or damage to personal property, or other remedies not specifically allowed.
9. Dealer preparation, cleaning, final adjustments and alignments in preparing the boat for delivery or commissioning.
10. Leakage around windshield, hatches or other designed openings.
11. Fit and adjustment of exterior canvas tops, enclosures, and weather covers.
12. Sacrificial deterioration of anti-fouling paint or zinc anodes.
13. Damage resulting from electrolysis or corrosion of any nature from any source.
14. Improper set up of boat on trailer or modification of trailer to accommodate other manufacturer's boats.
15. Trailer paint defects caused by fading, peeling, chipping, scratches, and rusting attributed to normal usage.

# WINNING EDGE OWNER PROTECTION PLAN

The sole exclusive remedy under this warranty is the repair or replacement of the warranted defects in materials or workmanship, and does not include incidental or consequential damages that are specifically DISCLAIMED. Note: SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. The express limited warranty described above is exclusive.

Under the laws of certain states, there may be no implied warranties from Four Winns applicable to your boat, and all implied warranties (INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE) are excluded where they do not arise under applicable state law.

Any **IMPLIED WARRANTIES** arising under applicable state law are **LIMITED TO THE DURATION OF THE APPLICABLE SECTION OF THIS WRITTEN WARRANTY ON ALL WARRANTED PARTS AND COMPONENTS.**

ALL IMPLIED WARRANTIES, IF ANY, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED AND EXCLUDED AFTER THESE PERIODS. IN NO EVENT SHALL ANY IMPLIED WARRANTY EXTEND BEYOND THE APPLICABLE STATUTE OF LIMITATIONS. There are no warranties that extend beyond the description on the face hereof. NOTE: SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS THAT VARY FROM STATE TO STATE.

This document contains the entire warranty given by Four Winns. Four Winns does not authorize any person or persons, including Four Winns dealers, to change the terms of this express limited warranty, which is Four Winn's only warranty. Four Winns reserves the right to change or improve the design or manufacture of Four Winns boats without obligation to modify any boat previously manufactured.

## **WHAT OWNER SHALL DO**

In the event of a failure of a PRODUCT covered by this PLAN, PRODUCT must be returned to the original selling dealer or to a dealer authorized to service the PRODUCT. The cost of returning PRODUCT to and from dealer will be paid for by owner.

Owner agrees throughout the full term of the PLAN to follow the maintenance schedules as set forth in PRODUCT Owner's Manual. Receipts showing dates and services performed must be kept and furnished to dealer if requested by FOUR WINNS.

# WINNING EDGE OWNER PROTECTION PLAN

## GENERAL PROVISIONS

FOUR WINNS responsibility in respect to this PLAN is limited to paying for repairs or replacement of a part or parts found to be defective in materials or workmanship, and no claims for breach of this PLAN will be cause for cancellation or rescission of the sale of PRODUCT.

Owner's registration card shall be presented to the dealer whenever owner requests service.

This PLAN is limited expressly to the terms and conditions herein set forth and cannot be modified or amended except by written agreement between FOUR WINNS and owner.

## WHAT TO DO IN THE EVENT OF A CLAIM FOR SERVICE UNDER THIS PLAN

1. **Customer must return product to the original selling dealer.** If dealer is no longer selling the Four Winns product or if customer has moved to another location, then customer should call Four Winns for assistance to locate the nearest Four Winns dealer in his area.
  - A. Dealer will call and receive authorization number for repairs.
  - B. Upon completion of repairs, customer to pay dealer any monies due for non-covered items.
  - C. Purchaser assumes all liability for payment of non-authorized repairs.
  - D. Customer must sign the Four Winns warranty claim form.

## IMPORTANT: SUBLET REPAIRS

2. If customer is unable to return to selling dealer and needs to sublet warranty repairs, the Four Winns Dealer will be responsible for choosing a qualified and reputable organization. The Four Winns Dealer is responsible for all work performed by the sublet repair outlet. The dealer shall:
  - A. Call the claims department at Four Winns, Cadillac, Michigan.
  - B. Provide a written estimate to be submitted to Four Winns before work commences. **DO NOT** agree to any repairs until you receive a claim authorization number!
  - C. Sublet repairs, which have been initiated because of lack of dealer service facilities, will be the responsibility of the dealer.
  - D. Attach copy of the sublet bill to the claim. Include a photo of the repair.

# WINNING EDGE OWNER PROTECTION PLAN

## **PRE-DELIVERY SERVICE**

- A. The Dealer, prior to delivering a new Four Winns boat to the owner, is to make a complete inspection and perform all necessary pre-delivery services. Conscientious completion of the pre-delivery inspection on each Four Winns product by the dealer is a must! The cost of the pre-delivery inspection is the responsibility of the boat purchaser.
- B. Before delivery is made, the dealer is to complete the "Pre-Delivery Service Record" portion of the warranty by making the inspection and checking off appropriate items from the list.
- C. After completion of the necessary work, sign the form where indicated. The new owner must also sign the pre-delivery service record portion.
- D. Additional service, such as a 20 hour service check, is recommended to reduce possible future problems and build customer confidence in the dealer and Four Winns product. Cost of this service, which is normally the customer's responsibility, can be negotiated between the dealer and customer if the dealer so chooses.

## **POWER TRAIN/GENERATOR WARRANTY**

Any matter involving the power train is the responsibility of the engine manufacturer or its authorized representative. Power train warranty is according to that offered by the manufacturer of the product, or its authorized representative in the specific country and should be addressed to it.
