CRUISERS

What do you have a passion for?

Passion for Water

Water. It transforms us. It connects us. It inspires us. There are infinite ways in which to enjoy the water, but perhaps none quite so liberating as boating. Four Winns understands your passion for boating, and the fun and freedom it represents. That's why each boat in our line has been thoughtfully designed and meticulously manufactured to fulfill your deepest need – the need for the boundless, infinite possibilities of water.

A passion for water.

Agua. Nos transforma. Nos conecta. Nos inspira. Hay infinitas formas en como disfrutar el agua, pero tal vez no tan libre y excitante como la navegación. Four Winns entiende lo divertido y libre que la navegación representa. Eso es porque cada bote en nuestra línea ha sido atentamente diseñado y meticulosamente fabricado para realizar sus más profundas necesidades – la necesidad por infinitas posibilidades del agua.

Pasion por el agua.

L'acqua. Ci transforma. Ci connette. Ci ispira. Ci sono infiniti modi tramite i quali goderci l'acqua, ma forse nessuno liberatorio ed esilarante come la barca. Four Winns comprende il divertimento e la libertà che la barca rappresenta. Questo è il motivo per cui ogni imbarcazione della nostra gamma è stata meticolosamente progettata e costruita per far fronte ad ogni necessità più profonda – al bisogno di infinito, ad infinite possibilità d'acqua.

Passione per l'acqua.

L'eau. Elle nous transforme. Elle nous rapproche. Elle nous inspire. Il existe une infinité de façons de profiter de l'eau et naviguer en est certainement la plus libératrice, la plus enivrante et la plus tonifiante. Four Winns a compris depuis longtemps ce plaisir et cette liberté. Voilà pourquoi chaque bateau est méticuleusement conçu et soigneusement construit, afin d'accomplir vos rêves et vos désirs les plus variés: la recherche de l'espace et de l'infinité de l'eau.

La passion pour la mer.

Wasser. Es verwandelt uns. Es verbindet uns. Es gibt unendlich viele Wege das Wasser zu geniessen, jedoch ist keiner so befreiend und berauschend wie das Bootfahren. Four Winns versteht etwas von dem Spass und der Freiheit, die das Bootfahren darstellt. Jedes Boot aus unserer Produktionslinie wurde sehr gedankenvoll gestaltet und produziert um Ihren Bedürfnissen gerecht zu werden – dem Bedürfnis nach Grenzlosigkeit und uneingeschränkten Möglichkeiten des Wassers.

Leidenschaft fuer das Wasser.

TECHNOLOGY IS MAKING BOATING EASIER – AND ISN'T RELAXATION WHAT BOATING IS ALL ABOUT? HERE ARE JUST A FEW OF THE ADVANCEMENTS YOU'LL FIND THROUGHOUT THE FOUR WINNS LINE.

Electronic Vessel Control (EVC) | Utilizing the same technology used in airplanes, EVC by Volvo Penta greatly reduces wiring and connectors for enhanced reliability and ease of operation. The system also provides RPM synchronization, a trip computer, and easier, more efficient servicing and power trim assist. Visit volvo.com/volvopenta.

Digital Throttle and Shift (DTS) | Smooth shifting, precise throttle response and effortless control – everything comes together with DTS by Mercury. Built-in auto synchronizer eliminates need to manage independent engine RPMs. For additional information about DTS, visit www.mercurymarine.com.

Complete Navigation Control | Available navigation packages on V Series cruisers include multifunction displays. There's a GPS multi-mode chartplotter with paper-like chart clarity, an amazingly clear digital fishfinder, radar, and marine weather. The displays are viewable in direct sunlight and have high resolution, waterproof screens.

Autopilot Systems | Enter your destination and press auto! The autopilot holds your precise course for you. The LCD display delivers pilot status, compass heading and more.

SIRIUS Satellite Stereo and Marine Weather | An optional subscription to SIRIUS marine weather will provide you with valuable weather information and forecasting including wind, wave and weather reports – all provided to your boat's navigation display. A 6-month subscription to SIRIUS satellite entertainment is standard.

Battery Management System | An intelligent battery management system is constantly protecting and recharging your batteries automatically, so you'll have the cranking power to start your engine(s).

Environmentally-Friendly Gasoline Engines | Gasoline-fueled stern drive models are available with environmentally-friendly engines which meet California Air Research Board (CARB) emission standards.

Popular Options | Deck sunpads | Florentine cockpit w/teak-look carpet | Cockpit pillows | Stereo remote w/display at transom
Teak cockpit table | Underwater lighting | Cockpit television(s) | 6-disc CD changer | Flagpole & holder | Flexiteek or real teak swim platform | Flexiteek or real teak cockpit floor | Navigation packages (varies by model) | AXIUS Drive System (Mercuriser DTS)
Hardwood floor in cabin | Private stateroom

Raymarine® Four Winns features Raymarine electronics exclusively.

ACCENT TAPES

An accent tape is available in Classic Navy, Driftwood Tan, Jet Black, True Red, Silver or Copper.

TOP SYSTEMS

CANVAS SELECTIONS

The right canvas not only protects your investment, it helps you make the most of your time on the water. Four Winns includes a camper canvas system – standard – on every V Series model. The canvas system includes zip-to-arch camper canvas with color-coded zippers for faster deployment.

- ☛ CAMPER CANVAS ☛ HELM CANVAS
- ☛ BIMINI TOP ☛ OPTIONAL COCKPIT COVER

The elements show no mercy, which is why Four Winns utilizes Sunbrella® brand fabric, the world leader.

Sunbrella® is a registered trademark of Glen Raven, Inc.

YOU'RE IN CONTROL WITH JOYSTICK DRIVE CONTROLS.

NOW, THE CONFIDENCE AND CONVENIENCE OF JOYSTICK FUNCTIONALITY IS AVAILABLE TO BOTH STERN DRIVE AND INBOARD CRUISER OWNERS.

These sophisticated systems use a simple joystick device to coordinate the movements of two, independently moving drives. You control the boat's movement with both the direction and pressure of your hand movements. The level of control is amazing, and the ease, simply astounding.

- You can do all your slow-speed maneuvering with the joystick. Move in any direction you wish – and it's so easy!
- Twist the top to rotate. Combine it with any other move to compensate for wind or current.
- Push the joystick to port or starboard and your boat goes sideways. Even "impossible" berths are now accessible.

Joystick-controlled propulsion systems are just one example of the many high-tech advancements that make boating today more carefree and enjoyable.

BENEFITS TO BOATERS

- ☛ BETTER FUEL ECONOMY
- ☛ ENHANCED ACCELERATION
- ☛ PRECISE CONTROL
- ☛ HIGHER TOP SPEED
- ☛ LESS VIBRATION
- ☛ TOTAL CONFIDENCE
- ☛ CAR-LIKE HANDLING
- ☛ VIRTUALLY NO FUMES
- ☛ REDUCED SOUND LEVELS
- ☛ INCREASED MANEUVERABILITY

VOLVO PENTA IPS JOYSTICK FOR GASOLINE OR DIESEL INBOARDS

Intelligent software transforms the driver's joystick commands into steering angles, gear shifts and throttle positions. The boat moves precisely as you intend it to – without bow or stern thrusters. This system is so easy to use even novice boaters will soon be clamoring for their turn at the helm. It provides seasoned boaters additional peace of mind and confidence, plus a host of other benefits. For more information visit www.volvo.com/volvopenta.

MERCUISER AXIUS CONTROL SYSTEM FOR GASOLINE STERN DRIVES

Piloting a stern drive cruiser just got a whole lot easier, thanks to the AXIUS Control system by MerCruiser. Its "docking mode" governs the intensity of the boat's movements, preventing overcompensation or moving the joystick too far. Take the docking challenge at www.mercruiser-axius.com.

CUSTOMER SATISFACTION TAKING A BOW, AGAIN AND AGAIN

Four Winns has been recognized by the NMMA for outstanding customer satisfaction in Deckboats, Stern Drive Bowrider Boats and Stern Drive Cuddy and Express Cruisers. An excellent product, backed by a phenomenal network of Professional Marine Retailers, make it possible.

[†] Catalyst engine – special order only.

Four Winns Extra Value Standard Features are highlighted in BLUE throughout these listings. For the most up-to-date standards and options, visit our website www.fourwinns.com.

Due to updates and changes in product content including new equipment offerings, please refer to www.fourwinns.com for current availability of features and options. Please note that some standards and options, primarily electronics, are not available outside North America. Please check with your Professional Marine Dealer for complete details.

Four Winns passion worldwide...

Four Winns is a proud member of the Genmar family of boat brands.

925 FRISBIE STREET, CADILLAC, MI 49601

An important note about the information in this booklet: Every effort has been made to ensure that this catalog includes complete and accurate information. However, since the time of printing, some information may have been revised. Also some equipment shown within this brochure is available at extra cost. Since we do reserve the right to make changes at any time, without notice, in prices, colors, equipment, specifications, and models, we suggest that you check with your Four Winns Professional Marine Dealer for complete and up-to-date information. Please respect the marine environment, be courteous to others on the water and follow the rules of safe boating. Four Winns and Stable-Vee are registered trademarks of Genmar IP LLC.
