> **Welcome to Four Winns for 2004.** This model year promises to be one of our strongest ever. That's because Four Winns is bringing boaters more of everything they want: Quality. Experience. Style. Technology. No other boat company offers so much value — or so many superb models — in the deck boat category.

QUALITY. EXPERIENCE. STYLE. TECHNOLOGY.

In the annals of Four Winns history, 2004 will be remembered as a year for remarkable innovation. Even more importantly, for those who decide to take delivery of one of these exceptional deck boats, this will mark the beginning of a satisfying new ownership experience and some of the best days of your life.

Thank you for your interest in Four Winns.

Sincerely,

John Anderson, President

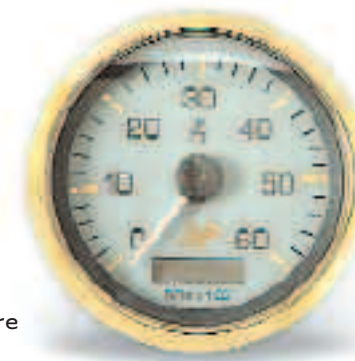

Boat building involves making choices: this material over that material...this supplier rather than that one ...make this standard equipment, and this optional. As a boat buyer, you might wonder: Did they make the

QUALITY

choices I'd have made? The answer is yes. Four Winns consistently makes the right choices, not just in what you can see and feel, but also in those parts of your boat's construction that may never see the light of day. Choices? We've made plenty of them. Sacrifices? Not when it comes to our product's quality. And that is reason number one to choose Four Winns.

NON-FOGGING LENSES

You'd think glass would be superior to plastic when it comes to dash lenses. Not so. Our plastic lenses actually permit more air to circulate, preventing fogging and condensation.

PLASTIC

GLASS

COMFORT-RIDE™ BUCKET SEATS

A patented shock-absorbing suspension system gives our bucket seats a more comfortable, secure ride. There's a flip-up bolster to give you a better view, and side cutaways to provide ventilation to your lower back.

FIBERGLASS LINER

Yes, it costs more to put a full fiberglass liner in a boat. But we know you'll appreciate the convenience associated with its care and maintenance, not to mention the outstanding durability.

SNAP-IN CARPET

They call it Aqua-Trac. We call it amazing. This special marine-grade carpeting is so impervious to wear, you might be tempted to have it installed in your family room. Ours even snaps out, so you can clean beneath. Hmmmm...

CONSTRUCTION We will need some help from Four Winns here, not only with a listing of what is used in what amounts, where, but also why. We will need some help from Four Winns here, not only with a listing of what is used in what amounts, where, but also why. We will need some help from Four Winns here, not only with a listing of what is used in what amounts, where, but also why.

A SUPERIOR INTERIOR

Every inch of every Funship cockpit has been artfully designed and meticulously crafted out of premium-grade materials.

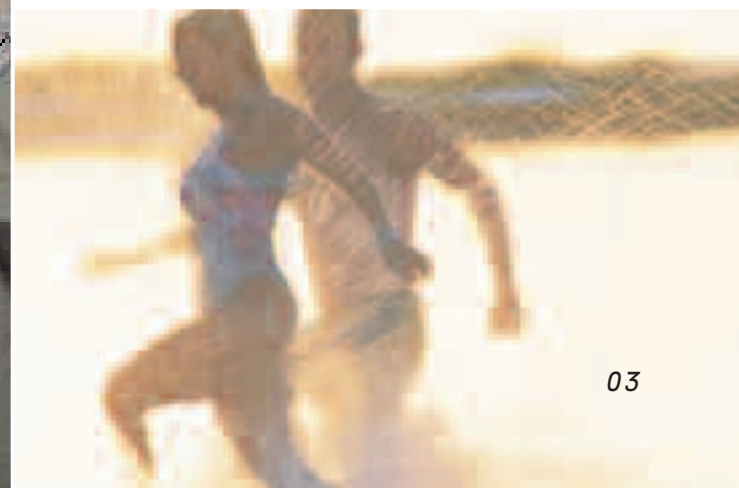

LAMINATION SCHEDULE

- M. 25 mils Armorcote gel coat

STAINLESS STEEL FITTINGS

You'll appreciate the strength and durability of stainless steel pull-up cleats, lifting eyes, rails and other hardware for many years to come.

◀ STORAGE GALORE

It's not just that there is an incredible amount of storage on these boats, it's that it's the right **kind** of storage for what you do. Coolers. Wake boards. Flotation vests. Dry gear and wet gear. Bring it on...we've got room!

THRU-BOLTED HARDWARE

Four Winns® knows it's not just the parts that show that matter. That's why you'll find stainless steel bolts, washers and nuts securely fastening the hardware in place on the underside of the fiberglass. Trust us. No rust here.

DEEP-REACH LADDER

It's a difference you might not truly appreciate until the first time you have to board the boat from deep or choppy water. Our deep-reach ladder extends further, and is angled out to meet you — making boarding a breeze.

For 30 years now, Four Winns® has been making boats — and boating — better. In the industry, Four Winns is known for setting new standards in standard equipment. There's no better example of this than the Four

EXPERIENCE

Winns Funship™ series. We've put everything we know about having fun into these four models. More storage. More standards. In fact, this year's Funship series has so many bells and whistles, the competition is becoming alarmed. See how our experience can make your boating experience a better one. Make your next boat a Funship.

4

EXTENDED SWIM PLATFORM

When the boat's at rest, the Funship extended swim platform goes to work. It's the perfect place to don your ski or sit and watch the sunset. Ladder and line storage are built into the platform.

1 TILT STEERING > A decision you can be comfortable with; we've made tilt steering standard on all Funship™ models. **2 TRANSOM WALK-THRU** > No need to climb over the sidewalls. Simply step aboard and walk through the transom. **3 COCKPIT TABLE** > This sociable table pops into place when needed, and stows in a vinyl bag when not in use. **4 STAINLESS STEEL RUB RAIL** > To provide an extra level of protection during docking maneuvers, the 214, 234 and 264 Funship™ models feature a stout vinyl and stainless steel rubrail.

FOUR WINNS FACILITIES

Four Winns' six facilities are all located in Cadillac, Michigan. Our company employs more than 600 people who staff the company's engineering, trailer fabrication, testing, cabinetry, sportboat/deckboat and cruiser manufacturing facilities.

1 CORIAN® COUNTERTOP > Stylish and practical, each Funship comes with a solid surface serving area. **2 WAKEBOARD TOWER** > Sure it looks cool, but what's really cool about our new wakeboard tower is the fun you'll have pulling boarders, tubers and skiers. **3 RAISED DESIGNATOR** > Catching the glint of the sun, our raised designators feature a chrome finish. **4 GOLD BEZELS** > Gauges are trimmed in gold — a look which complements the woodgrain instrument panel. **5 AQUAFLEX VINYL** > Looks and feels like leather, but designed to withstand intense wear and weather, our exclusive Aquaflex™ vinyl is the ultimate material for your boat's cockpit. You can learn more about Aquaflex on our web site, www.fourwinns.com.

1

2

3

4

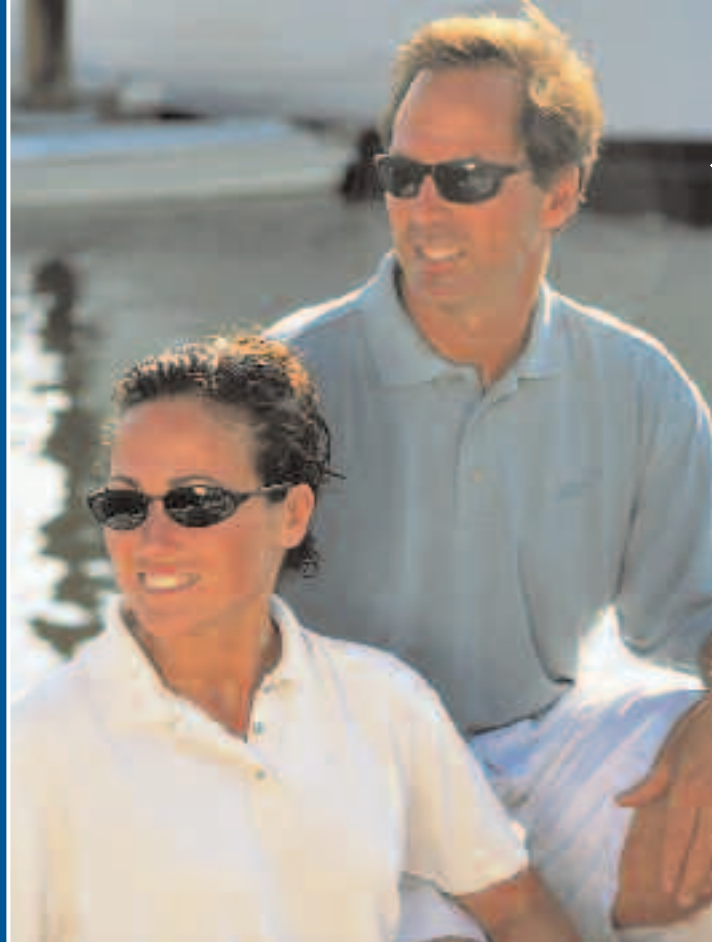

5

A Funship makes a great first impression. Its sleek and stylish profile will capture your attention, and make you beam with pride at the launch. But it's the Funship's inner beauty that will captivate you as

STYLE

time goes on. Luxurious little extras, such as a Corian®-topped serving surface, the long-lasting luster of a premium finish, the gleam of stainless steel, or the luxurious feel of Aquaflex™ vinyl. Buy it for its good looks. Keep it for its ability to age gracefully, earning your respect with each passing year. And rest assured that your Funship comes from a good family...after all, it's a Four Winns.

WINNGEAR

QUALITY FOUR WINNS CLOTHING & ACCESSORIES

From high quality casual Four Winns clothing to logo accessories and boating gear, you'll find it fun to shop on-line at www.fourwinns.com/winngear

PULL-UP CLEATS > Optional stainless steel pull-up cleats make your boat's profile more sleek and they won't snag.

< GRAPHICS/WINDSHIELD OPTIONS

Your Funship will look awesome unadorned (below), or with the addition of an optional gold graphics package shown at left. The low-profile windscreen is offered as an alternative to the full-wrap windshield (not available on 264).

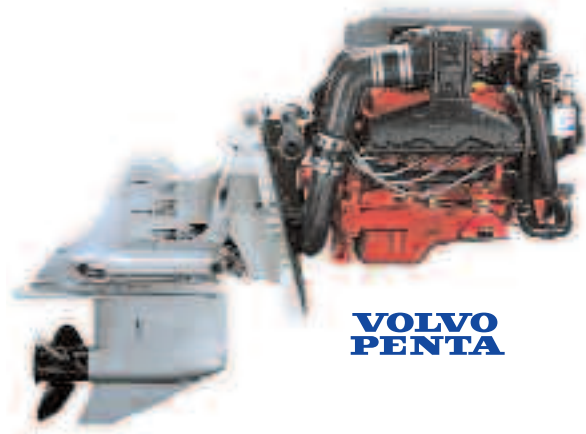

POWERFUL PERFORMANCES

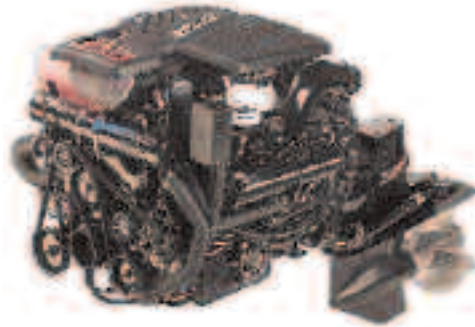

Today's marine engines monitor internal functions and automatically optimize fuel mixture and timing, resulting in more power and efficiency. Four Winns offers a broad array of propulsion options, including

those with DuoProp or Bravo drives.

Your dealer can help you decide what's best for you.

**VOLVO
PENTA**

MERCURY
MerCruiser

ELECTRIC ENGINE LIFT

Just flip the switch and the engine compartment opens for you – making engine access quick and easy.

If it's been a while since you've shopped the new boat market, you're in for some pleasant surprises. Stern drive propulsion is more reliable and fuel-efficient than ever. Instrument panels are now equipped with

TECHNOLOGY

backlit gauges and simple-to-use rocker switches, with circuit breaker wiring harnesses for easy service. And exciting new advancements, such as satellite stereos, have found their way to the water. So if you want the latest and greatest things in boating, look no further than the Four Winns® 2004 Funship™ series.

SIRIUS 

SIRIUS SATELLITE STEREO SYSTEM

Four Winns is in tune with what boaters want.

Here's some sound advice: SIRIUS satellite radio is the ultimate in entertainment. Four Winns has equipped all its Funship models with a complete satellite radio stereo system. A **free 12-month subscription** to SIRIUS' 60 commercial-free music streams and 40 news, sports, weather and entertainment streams is provided.†

†Dealer activation required. See your Four Winns representative for details.

STABLE-VEE™ HULL

It is one of the most profound changes ever made to running surface design — and it may never have happened if boat designer Tom Wenstadt hadn't decided to take his mom for a ride. In those days, boats still had a slightly wobbly sway from side to side, and tended to slip a little in turns. So Tom designed Stable-Vee. Now moms everywhere are happy. You will be, too.

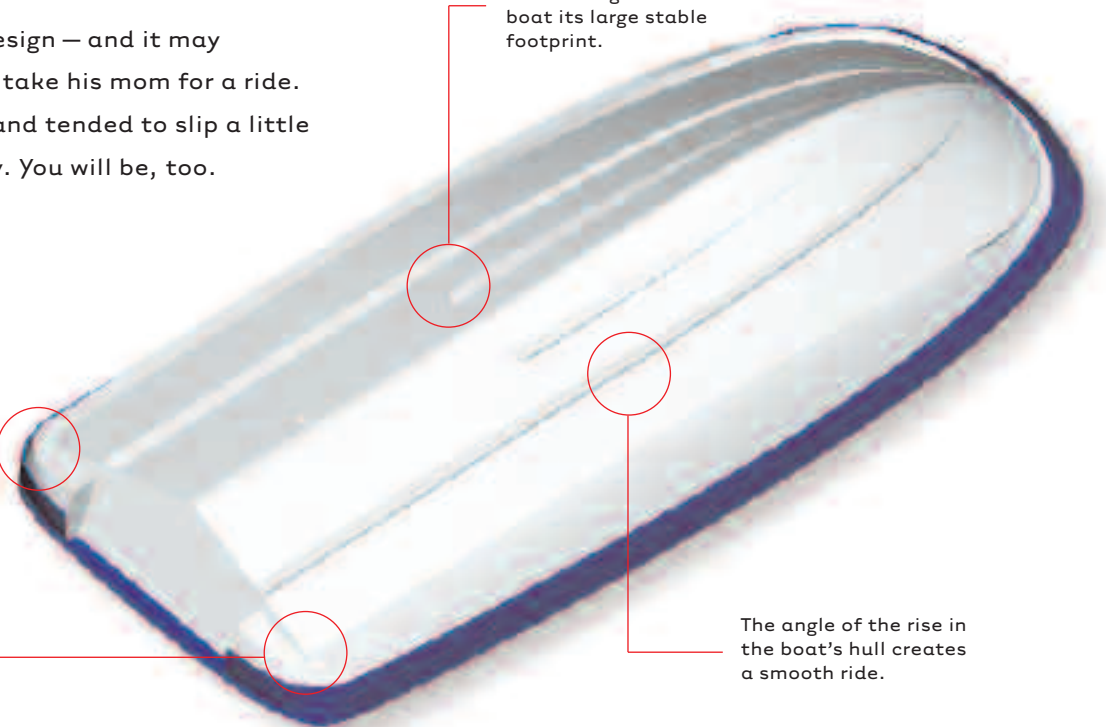

These "after pods" help the boat plane more quickly, like a set of trim tabs.

A stepped running surface reduces the friction/drag while underway.

The unique shape of this chine gives the boat its large stable footprint.

The angle of the rise in the boat's hull creates a smooth ride.

1 TRAILER BOARDING LADDER > Optional boarding ladder makes it easy to access your Funship while it's on the trailer. **2 DISC BRAKES** > Boost your braking power with standard disc brakes. **3 BOW ROLLER** > This new bow roller protects your Funship's hull from marks or scuffs when being loaded. **4 TRAILER COUPLER** > Heavy-duty galvanized steel forms the connection between tow vehicle and trailer. It features safety chains and surge brakes. **5 LIGHTS** > Trailer lights have been designed for frequent submersion into water. **6 WIRING HARNESS** > This handy harness connects to your vehicle to activate

brakes, turn signals, and back-up lights. **7 SWING-AWAY TONGUE** > Short on space? This clever design reduces the trailer length by several feet. **8 ALUMINUM WHEELS** > For the ultimate in good looks, choose optional aluminum wheels for your boat's trailer, also available on the spare tire option.

Visit the "tips for better trailering" section on our web site, www.fourwinns.com.

SURE-LOAD™ CUSTOM-MATCHED TRAILERS

Trailer-made for your boat.

8

Sure-Load trailers are the envy of anyone who has ever launched a boat. And the only way to get one is to buy a Four Winns. That's because Four Winns manufactures its own trailers. The low-profile design provides superior stability and fuel economy, and the custom-matched carpeted guides make misalignment virtually impossible. Back the trailer down — release the strap — and float the boat off. It's that simple, and so is the process for loading. A Sure Load trailer is superior when stored, too, thanks to a unique, swing-away tongue design that reduces the storage space needed. A top-of-the-line boat deserves the top-of-the-line trailer: Sure-Load by Four Winns.

WINNING EDGE OWNER PROTECTION PLAN

The best warranty on water.

Lifetime
Structural components of the hull and deck

> 5 YEARS
Osmotic hull blistering

> 3 YEARS
Non-structural parts and components

> 1 YEAR
Against cracking, crazing, or fading of the exterior gel coat finish

Dare to compare, and you'll find that Four Winns® has one of the finest — if not the finest — owner protection plans in the industry. The Winning Edge Owner Protection Plan gives you added peace of mind for as long as you own your boat on structural components of the hull and deck...five (5) years against osmotic blistering of the hull...three (3) years on non-structural parts and components...one (1) year

against cracking, crazing, or fading of the exterior gel coat finish. It's proof positive of our confidence in our products, and it gives you valuable peace of mind for many years to come. Unlike some warranties, Winning Edge is transferrable to the next owner, which makes your boat more valuable, too.

REAL-WORLD PRODUCT TESTING

Winds are out of the north, and the white caps are frothing steadily forth. It's time to go boating — if you're a Four Winns test driver, that is. Four Winns tests its products in all kinds of conditions, performing all sorts of maneuvers, including some you may not want to try on your own!

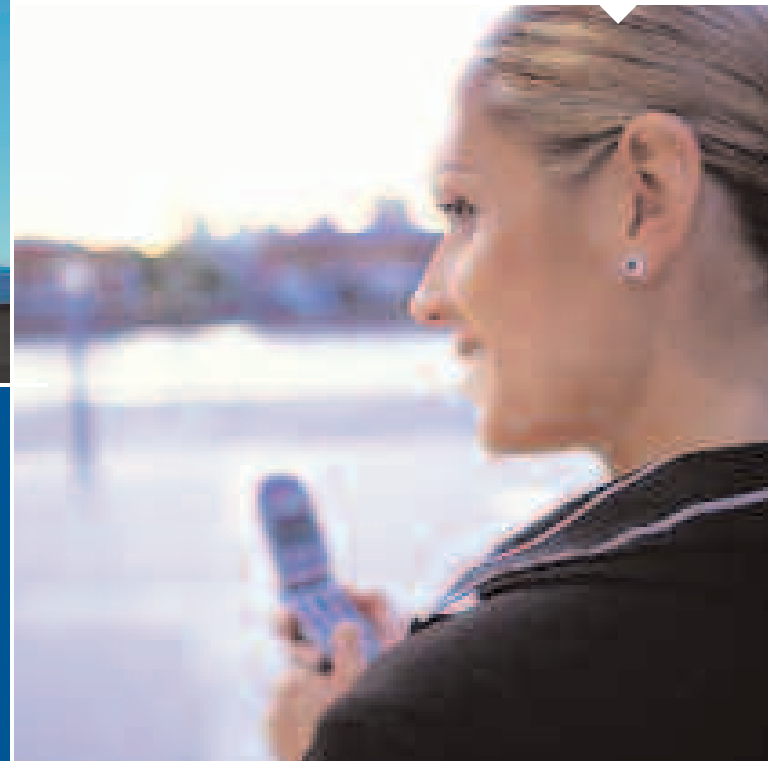

The Four Winns difference continues for as long as you own your boat. Your Four Winns Professional Marine Retailer is your link to one of the most comprehensive factory support systems in boating.

See your Four Winns Dealer for complete warranty information.

CUSTOMER SUPPORT Four Winns invests extensively in customer support systems. For example, our parts stocking program helps dealers maintain inventory of frequently used items, so you don't have to wait too long to get your boat back. Four Winns also compensates dealers fairly for warranty work performed, so your boat's repair is always first-rate. Got a question or need that your dealer can't resolve? Call us. We strive to earn high marks from every customer — not just the ones who complete surveys.

The only recreational boat company to receive three CSI awards.

Four Winns was committed to customer satisfaction long before it was an industry buzzword.

Perhaps that's why Four Winns was the only recreational boat company in 2003 to receive

CSI awards in three separate categories,

including deck boats. Crystal trophies are great. But the real prize is your continued loyalty, and that's what we're after with our CSI program.

- 1 DECKBOATS
- 2 FIBERGLASS OUTBOARDS
- 3 STERNDRIVE BOW RIDERS

In boat-speak, the new name for customer care is Genmar FirstMate and FirstMate™ Plus. To learn more, ask your dealer or go to www.genmarfirstmate.com.

FOUR WINNS® 2004 FUNSHIP™ SERIES

194 > 214 > 234 > 264

Deciding which length to buy may be difficult, but choosing a Four Winns Funship has never been easier. Only Funship offers you this level of standard features, the finest construction quality, our exclusive Sure-Load custom-matched trailer, and more.

1 WALK-THRU TRANSOM > Step right into the boat, thanks to walk-thru areas. **2 COOLER** > Keep cold drinks handy in the cooler beneath the bow seat. **3 DOCKING LIGHTS/LADDER** > Stainless steel docking lights and a bow ladder are standard. **4 PORTA-POTTI** > Port console has an enclosed porta-potti compartment (NA on 194). **5 STORAGE IN SWIM PLATFORM** > Stash the wet suit or ski line here. **6 WALK-THRU DOORS** > Use them to cut the flow of air between bow and cockpit. **7 IN-FLOOR STORAGE** > A mesh mat helps keep items secure and prevents mildew; gas-

assist shocks hold the hinged lid open. **8 COOLER** > A 36-quart removable cooler stows beneath the seat. **9 TRANSOM SKI STORAGE** > A long ski locker is built into the stern. **10 STORAGE UNDER SEATS** > There's room to spare! **11 CONSOLE STORAGE** > Deep, dry storage is located in the helm compartment. **12 ANCHOR LOCKER** > Keep your anchor secure and handy. **13 COMPASS** > A compass is conveniently located within the instrument panel.

194 FOUR WINNS® FUNSHIP

Everything you need — everything that's important to you — is here and now. The 194 Funship features an extended swim platform to sit and splash on, and is available, like all Funships, with your choice of a full wrap-around windshield or new low-profile windscreen. If McGyver had a boat, it would be a Funship by Four Winns.

264 FOUR WINNS® FUNSHIP

There's a whole lot to love about a 264 Funship. Effortless acceleration...space for a dozen or so of your closest friends...freshwater showers at the bow and stern...an optional stereo remote at the swim platform...fill-in cushions that transform the bow to a wind-protected area for sunbathing...step-thru sidewalls and transom...premium grade gelcoat and Aquaflex™ vinyl. If you thought living on the lake was good, wait until you experience the good life aboard a Funship.

CANVAS CONFIGURATIONS

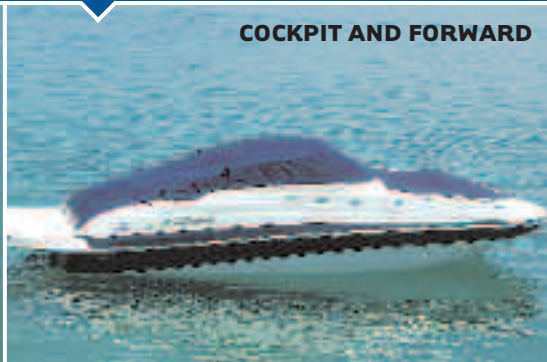

Top performers, day or night.

Standard Bimini tops provide welcome relief from the mid-day sun. But you can extend the versatility of your Funship™ with optional canvas packages.

All are factory-made and custom-matched to your boat's color and design.

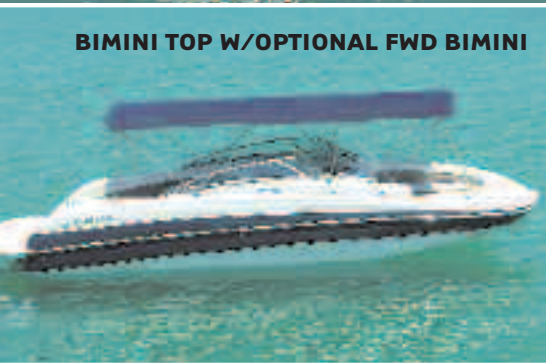

STANDARD BIMINI TOP

MAKES PUTTING UP CANVAS A SNAP!

Good news for anyone who has ever wrestled with the canvas cotter pin system: They're gone! This ingenious design lets you literally snap the canvas hardware in or out in seconds.

GEL COLOR OPTIONS

Choose from six available colors, all in beautiful, long-lasting premium gelcoat – the premium finish we insist on for your boat.

FOUR WINNS® FUNSHIP™ OPTIONS Adding to your Fun.

1 TRAILER LADDER > Boarding ladder makes it easy to access your Funship while it's on the trailer. **2 BOW TABLE** > An additional table is available for the bow. **3 STEREO REMOTE** > Keep in touch with your stereo system, with this remote control at the swim platform. **4 COCKPIT GALLEY** > An options package on the 194, this includes removable cockpit table, forward shower, sink, and trash receptacle. **5 GRAPHICS PACKAGE** > Deck out your deckboat with gold graphics. **6 REMOTE OIL FILTER** > For do-it-yourselfers, the remote oil filter makes regular maintenance simple. **7 WAKEBOARD TOWER** > Get the latest look in wakeboard towers. **8 PULL-UP CLEATS** > It's the cleat that practically disappears when not in use. **9 WOODGRAIN WHEEL** > Add an extra touch of traditional styling with the burlwood wheel option. **10 SPARE TIRE WITH ALUMINUM WHEEL** > Two options to consider: a spare tire, and aluminum wheels. Keeps you going...in style!

An important note about the information in this booklet. Every effort has been made to ensure that this catalog includes complete and accurate information. However, since the time of printing, some information may have been revised. Also some equipment shown within this brochure is available at extra cost. Since we do reserve the right to make changes at any time, without notice, in prices, colors, equipment, specifications, and models, we suggest that you check with your Four Winns Professional Marine Dealer for complete and up-to-date information. Please respect the marine environment, be courteous to others on the water and follow the rules of safe boating.
