*2019 Sport Boat Line*

## *The essence of elegance.*

---

We have a proud heritage of retaining elements from our roots while embracing the future of boat building ... for over 40 years Four Winns has pursued the joys of boating and what it takes to deliver a more beautiful ride.

A beautiful craft is realized through fine upholstery and poised sophistication, but can only be perfect when surrounded by the laughter of family and friends.

Four Winns is devoted to your convenience and boating opportunity. You feel deserving, safe and at ease ... that's why Four Winns means luxury. With a Four Winns, you're home.

*Life should be a beautiful ride.*

“Harmony, style, and sophistication are the essence of our designs. Four Winns boats reflect our vision for balancing beauty, comfort, and performance ... subtle equilibrium for those who value elegance.”

CHRISTOPHE LAVIGNE, V.P. ENGINEERING & CUSTOMER SERVICE

## Premium Materials

Specially curated fabrics, plush textures, and stainless steel features harbor within every Four Winns. Premium, hand-sewn upholstery and keen attention to the smallest details ensure a superior level of elegance and comfort.

## Refinement

From prototyping to final production every thread of detail and component undergoes extensive research and appraisal. This degree of attentiveness demands precision, mastery of the craft, and a diligent, unique eye for excellence—a Four Winns keynote that will never fade.

# Legendary

STABILITY AND CONTROL

Dare to be better.

## STERN LIVING AREA

From large transom lounges to plush sunpads with multiple seating configurations, every Four Winns is designed with your leisure in mind.

## STORAGE

Four Winns never skimps out on finished compartments or extra cubbies because we know hassle-free boating begins with maximum storage.

## DEEP-REACH LADDER

Convenience and comfort are what we do best so we make sure our angled, deep-reach ladders come standard on every Four Winns.

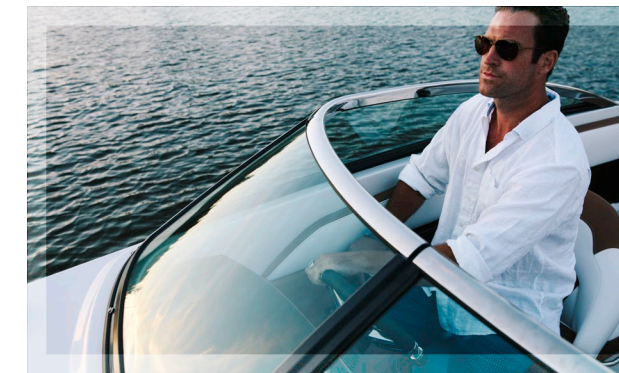

# Stable-Vee®

The Stable-Vee® running surface—an innovation that turned the industry upside-down in 1993—is still the best thing running. So simple ... so effective ... Four Winns continues to have some of the smoothest running, and best handling boats in the world.

## AFTER-PODS

The 'After-Pod' design has been a Four Winns staple for years. Through their stepped, angled design After-Pods minimize bow rise at slow speeds and reduce drag at high speeds to maximize acceleration, visibility, and operating efficiency.

## 3D WINDSHIELD

Unique windshields that keep your family out of the wind while adding a sense of attitude to your Four Winns certainly make for a more beautiful ride.

## SPACIOUS COCKPIT DESIGNS

Superior interior space through widened floor plans and well-positioned seating allows everyone on board to have their favorite spot.

## EASY ACCESS

A streamlined living area with walk-thru transom gives you an all-access pass to all the action.

## Trailers

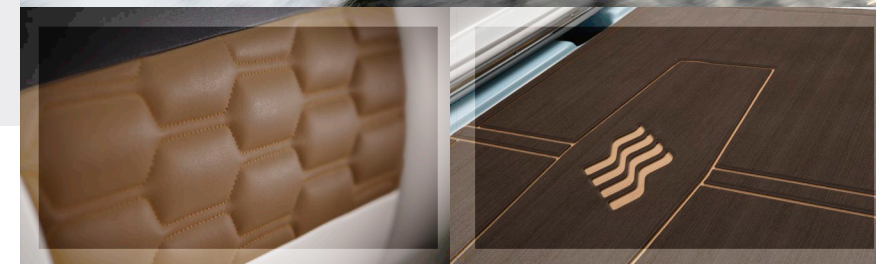

BETTER BOATING BEGINS WITH A BETTER TRAILER

Four Winns is one of the few recreational boat manufacturers in the world to make its own custom-matched, all-welded trailer. The difference lies in how easily the boat can be launched and loaded, plus it provides great stability while towing. It's a difference you'll appreciate every time you're at a crowded marina or launch, and it's a Four Winns exclusive, which means it's truly priceless.

Some options shown are not available on all models.
